

My Day at Newton Neuropsychology Group

NEWTON
NEUROPSYCHOLOGY
GROUP

I'm going to Newton
Neuropsychology Group
soon.

NEWTON
NEUROPSYCHOLOGY
GROUP

Their job is to figure out what is easy and hard for my brain. They do this with activities and games.

When I get to the
parking lot, I'll see the
building.

NEWTON
NEUROPSYCHOLOGY
GROUP

I'll walk into the main lobby.

And then I'll walk down
the hallway.

I'll keep walking until I get
to their office.

Once I get there, I'm
going to wait by the
window and someone
is going to greet me.

They may tell me that I
can sit down for a few
minutes in the waiting
room.

Everyone there is so
nice! Here are a few of
the faces I may see
around.

Soon, someone will
come get me. My
parent can join for a
few minutes if I want.

I'm going to play some games and do some activities. The room will look something like this:

Some of the games may be puzzles, and some may be word games. Some of the activities may feel a little bit like school activities, too.

Sometimes, we'll just talk!

We can take breaks for
snacks, and there are
always a lot of snacks
to choose from!

And of course, I can
take breaks to go to
the bathroom or get
water too.

If I'm there during
lunch, I'll also have a
lunch break.

After breaks, I'll play
some more games and
do some more
activities.

And when I'm all done,
I may even get to pick
some prizes from a
prize box.

At the end of the day,
it will be time to go
home!
