Cremation Container \$95.00

Cremation Containers: Minnesota law does not require you to purchase a casket for cremation. If you want to arrange a cremation, you can use a cremation container. A cremation container is a combustible, closed container that encases the body and can be made of materials like fiberboard or corrugated cardboard and into which a dead human body is placed prior to insertion into a cremation chamber for cremation. The containers we provide are a corrugated cardboard with a plastic liner.

If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of material like fiberboard or composition materials (with or without an outside covering). The containers we provide are corrugated cardboard.

Finance Charges : Horvath Funeral Service Inc. adds a 3% surcharge to all credit card payments.

Owned and operated by Quinn M. Horvath, Horvath Funeral Service Inc.

These prices are effective April 5, 2023, but are thereafter subject to change without notice. The goods and services shown are those we provide to our families. You may choose only those items you desire. If legal or other requirements mean you must buy an item(s) you did not specifically ask for, we will explain in writing on the statement we provide describing the funeral goods and cremation services you selected.
