We deliver

From the day we first opened our doors in 1988, our passion has been to deliver fantastic local produce, great variety and real value – all carefully sourced.

Since those early days we have expanded our range of food and non-food products significantly, but our early passion and ethos remains unchanged! We understand the demands of the hospitality and catering business. It's fast moving, demanding and when the pressures on, the team and process needs to work like clockwork.

We pride ourselves in supporting our clients with efficient delivery, 6 days a week, on our fleet of 35 multi-temp vehicles, fresh, chilled, frozen and ambient foods and everything you need to run your kitchen efficiently. With over 56,000 sq ft of warehouse space, there's always plenty of room to store our 4,000+ product range, keeping your menu fresh, innovative and interesting.

Our development chef brings years of culinary expertise to the stage, delivering engaging chef workshops that showcase technique, creativity, and seasonal ingredients. Partnering with your business to inspire menus, improve efficiency, and maximise profitability.

Where we deliver

Butchery

Our exceptional butchery range offers fresh, locally sourced meats, Red Tractor-approved products, and a wide selection of high-quality cuts.

At Harvest, we are proud to hold Red Tractor accreditation, covering a variety of our butchery products. The Red Tractor logo is a mark of trust, found only on British food and drink that meet rigorous standards from farm to pack. This certification ensures that the food you buy has been responsibly sourced, safely produced, and comes from animals and crops that have been well cared for – supporting both your well-being and British farmers.

To be Red Tractor assured, farmers must uphold strict standards that prioritise animal welfare while guaranteeing full supply chain traceability and food safety.

READY-TO-DRINK MATCHA WHEN YOU'RE READY TO DRINK MATCHA.

Finally, a sweet frothable Matcha latte with a hint of vanilla flavour in a reasonably sized one litre package that you should keep in your fridge before serving yourself whenever you feel like it.

NEW! FLAVOURED BARISTA FROM THE UK'S #1 SELLING OAT DRINK BRAND*!

The neutral taste of oats makes it ideal if you want to add another flavour to the mix, in fact, we've discovered that oats can taste like whatever it wants. So, if oats decide it wants to taste like coconut, it can, and will. For anyone who loves the properties of oats, but also loves the booming coconut flavour in their Matcha, tropical drink, coffee, regular tea or cooking.
