Sermon Questions

1. What stops us from being honest with The Lord Jesus about our doubts, and how do we help each other seek his truth instead of hiding?
2. Why is it so hard for us to admit our mistakes, and what does our defensiveness show about our pride?
3. How do we catch ourselves acting like we obey God while secretly doing whatever we want?
4. Where do we find ourselves building our own kingdoms for ourselves instead of living for God's glory?
5. What does the leaders' mistake teach us about staying busy in church while slowly closing our hearts to Christ?
6. How do our questions about faith sometimes shift from an honest search for truth into a quiet way to justify walking away?
7. How can we practice daily repentance together so it feels like running toward the grace of our Savior?
