PROFESSIONAL SERVICES

Basic Services of funeral director and staff I \$850

Our charge includes responding to initial request for service, conducting the arrangement conference, securing necessary permits, documents and authorizations, preparing notices, temporarily sheltering the deceased, and coordinating the arrangements with the cemetery, crematory, third parties or participants. Also included in this charge are overhead expenses relative to our facility such as insurance, maintenance, utilities, secretarial and administrative costs. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This charge is already included in our charges for direct cremation, immediate burials and forwarding or receiving remains.)

Care of Embalming I \$595

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. In the interest of public health and the family being served, this funeral home strongly encourages embalming (eco-friendly embalming available upon request at no additional charge) if the deceased is to be encountered for any category of viewing, except identification.
