Brethren, we praise the Lord that our church building in Sebeta is now finished and being used for the glory of God. Amen and Amen.

There have been many challenges along the way but also many blessings.

I remember one time we were praying for cement and our evangelist came in and said that he had some people who wanted to know about Jesus. We had the privilege of telling them about Jesus and two accepted the Lord right then. Praise the Lord.

We were praying for workers for our Manna nutrition center there in Sebeta - the Lord gave us the right ones at the right time. Glory Hallelujah!

We needed a metal roof over the compound in front of the church - God provided the right man with the knowledge to do it and now we have a beautiful pavilion-type roof so that our children are protected from the weather. God is so good.

Later on this year we will have an official opening and dedication for our church in Sebeta.

TO GOD BE THE GLORY!
