September Report

“Hold fast the form of sound words, which thou hast heard of me, in faith and love which is in Christ Jesus.” II Timothy 1:13

Greetings in the name of our precious Saviour Jesus Christ. Again this month I write with a heavy heart, having heard of more of God's people leaving the truth that they were taught. I heard of more young people that were brought up in Christian homes that refuse to walk in truth. Our churches are hurting greatly in this area because young people entering adulthood are not doing what they have been taught and know is right. They have replaced truth and surrender with apathy carnal living. Many have bought into this thinking by going woke and not seeing it. They speak as though they were victims in a Christian home. This victimhood thinking is no different than the woke ideology being fed to Americans through social media “influencers”. We are meeting more and more broken parents that have adult children that are professing Christians and refuse to honor their father and mother. We must fast and pray for our young people, that they would see the truth and receive understanding.

We had a great start to our month with Anchor Baptist Church in Hilton NY and Pastor Francini. We had a soul winning conference and saw really good attendance as the Lord met with us each night and decisions were made. The Saturday after the meeting we saw the more members come out for visitation than ever before. Many spoke with Pastor Francini about God dealing with them and we continued to see increased numbers out for Saturday visitation through our the month.

Pastor Francini, myself and one of the men from his church traveled to Albany NY for several days of door to door evangelism to assist Pastor Merritt as he is starting Upstate Baptist Church. We went out three and four times a day knocking doors and sometimes walking sidewalks in front of a hospital trying to witness to people. During our time we were able to share the gospel several times along with the hundreds of tracks we passed out.

Pastor Francini and I also spent a day at the NY State Fair and praise the Lord during our time there Pastor Francini was able to lead two teenagers to Christ and later that day on of the ladies from his church led another teenager to Christ. Praise God for his saving grace and our privilege to serve him!

Please pray for Kristi, she has severe nerve pain that has taken sleep away. Over the last month she has not slept more that three hours consecutively and many nights gets less than four hours of sleep. This keeps her body from healing as sleep and rest is crucial.

Because of Calvary
