Part I - Overview

The Way Home

The Way Home is the name for our local Continuum of Care (CoC), also referred to as TX-700 by the US Department of Housing and Urban Development (HUD). The Way Home is the collective effort to prevent and end homelessness in Houston, and throughout Harris, Fort Bend, and Montgomery counties, Texas. The Way Home is made up of more than 100 partners from all areas of the community, including homeless service agencies, local governments, public housing authorities, the local Veterans Affairs office, and other nonprofits and community stakeholders. The partners of The Way Home CoC work to make homelessness rare, brief, and non-recurring in our region.

The Coalition for the Homeless of Houston/Harris County is the lead agency to The Way Home. Founded in 1982 and incorporated as a 501(c)(3) nonprofit organization in 1988, the Coalition has a long-standing history as a leader of the local homeless response system. The Coalition acts as a catalyst, uniting partners and maximizing resources to move people experiencing homelessness into permanent housing with supportive services.

What is YHDP?
The Youth Homelessness Demonstration Program (YHDP) is an initiative designed to reduce the number of youth and young adults (YYA) experiencing homelessness. The goal of the YHDP is to support communities across the United States, in the development and implementation of a coordinated community approach to preventing and ending youth homelessness. The YHDP will also support a robust continuous quality improvement plan to inform the federal effort to prevent and end youth homelessness.

RFP Description

CFTH is seeking applications from agencies interested in providing critical services to and that support movement toward and access to housing for youth experiencing homelessness. YHDP will be administered in accordance with all applicable requirements issued by the US Department of Housing and Urban Development. This Request for Proposal (RFP) is open to any legally constituted non-profit or governmental entity that meets the minimum eligibility requirements. For-profit entities are not eligible to apply for grant funds.

Vision & Mission Statement

Vision: The Way Home is a determined, youth-led, action-oriented community, committed to ending youth homelessness.

Mission: Our mission is to END and prevent youth homelessness by developing and implementing solutions that erase systemic inequities and disparities in housing, education, employment, social and emotional well-being services, and lead our Youth and Young Adults to independence.

Tagline: “We must be willing to get rid of the life we have accepted, so that we may obtain the life that is destined for us.” - Houston YAB
Shared Values and Guiding Principles

Through the YHDP, community stakeholders and the Youth Advisory Board (YAB) have agreed to the following guiding principles and values that will direct The Way Home’s approach to prevent and end youth homelessness.

1. United States Interagency Council on Homelessness (USICH) Youth Framework and the Four Core Outcomes
2. Equity and Inclusion
3. Youth-Driven
4. Youth-Centered Practices
5. Commitment to Housing First
6. Individualized and youth-driven supports
7. A Person-Centered Approach
8. Accountability

Community Goals

Youth experience homelessness because of many interconnected challenges, which require a holistic solution that addresses both system-level and youth-level needs. The Way Home’s planning process highlighted significant system inefficiencies and barriers faced by youth experiencing homelessness. Through a deliberate planning process, the core Youth Leadership Writing Team (YLWT), developed the following community goals as we work to end and prevent homelessness. Identified goals, objectives, and action steps were created to align with the USICH Youth Framework to End Youth Homelessness. All goals were developed with authentic youth collaboration and the commitment to ensuring that all planning, decision-making, resource allocation, and system evaluation will be youth-driven from day one.

The Way Home CCP Goals

1. Identification and Access: Identify all youth and young adults experiencing and at risk of homelessness as quickly as possible and connect them to available resources.
2. Equity: Ensure that youth have equitable access and opportunities for success within The Way Home CoC.
3. Youth Choice & Action: Engage youth in leading and implementing strategies to address youth homelessness.
4. Housing: Improve housing stability and decrease repeated returns to homelessness.
5. Opportunity: Increase educational engagement and income for youth experiencing homelessness.
6. Diversion: Create diversion strategies specific to youth and young adults

Through the development and implementation of YHDP, our goal is to prevent and end youth homelessness within The Way Home CoC. To measure progress toward our CCP goals and objectives, USICH outcomes, and HUD key principles, we must develop and engage in Continuous Quality Improvement (CQI). Our CQI process will measure the result of the interventions mentioned within the CCP, as well as ensure youth who are experiencing homelessness have quick and reliable assistance to access the appropriate housing, services, and/or intervention to fit their needs. Our goal is to gather data that demonstrates youth progress towards stable and rewarding futures (e.g., continuing education, gainful employment, developing social-emotional well-being, and individualized goals as defined by youth). To reach these goals, we are committed to evaluating our partnerships, working groups, and systems alongside the YAB.

The success of preventing and ending youth and young adult homelessness in our region will be continuously monitored by the Coalition, the lead agency to The Way Home CoC, the YAB, as well as The Way Home Steering Committee. We will consistently review and refine our strategies, practices, and goals to ensure that we remain responsive to the needs of youth and young adults, as well as develop more effective and systemic solutions to end youth and young adult homelessness.

The YHDP working groups led by the Coalition and in partnership with the YAB will meet quarterly to review progress on implementation of the CCP, correlated impacts on system performance, and the current state of youth homelessness in our region. Our HMIS, CES, and other systems will be continuously monitored to ensure that they are adaptive and inclusive to the unique needs of youth and young adults. This quarterly review will use UISCH core outcomes as the baseline to track progress. For each core outcome, we review the following correlated impacts:

**Stable Housing**
- Amount of homeless youth and young adults identified (Enhanced Data Quality).
- Total of youth assisted with homeless YHDP-funded interventions and outcomes for those youth.
- Exits to permanent housing.
- Utilization rates of housing and service pathways within the youth homelessness response system.
- Amount of unsheltered youth that is provided engagement supports and access to our CES for housing.
- Number of returns to homelessness after exits.

**Permanent Connections**
- Providers across systems will track positive long-term connections for youth and young adults.
- Total families assisted with homeless diversion resources to preserve household.

**Education/Employment**
- Total employment connections made to youth and young adults (including increases in earned income).
- Amount of education opportunities created for youth and young adults with gaps in learning/ unique education needs.
- Amount of employment/ education navigator positions created to engage youth and young adults.
- Number of individuals hired with lived experience

**Social-Emotional Well Being**
- Number of providers trained to address/understand the needs of youth (i.e., Trauma-Informed Care, Positive Youth Development).
- Total connections to healthcare and mental health providers.
- Total new pathways created to reach/serve LGBTQIA+, BIPOC, Pregnant and Parenting, and system-involved youth.
- Utilization of system-wide youth-focused diversion/ problem-solving conversations in CES initial screenings.

Results will be shared with the full YAB, YHDP working groups, and The Way Home Steering Committee.

### Part II - Project Types and Descriptions

To encourage innovation, HUD encourages the CoC to seek alternative requirements (“waivers”) of existing regulations that were justified to make a project more responsive to the needs of the target population and community. Project applicants may request any alternative requirements they believe will enhance their project. Alternative requirements may not be approved prior to project implementation; therefore, applicants must be able to implement their project without waivers. [Appendix B - Waivers FINAL.pdf (hud.gov)]

Examples of CoC program regulations that can be requested to be waived include the following:
1. Requirement to have a 12-month lease in Rapid Rehousing Projects. *Applicants have been allowed to use lease agreements that cover less than 12-months.*

2. Requirement for annual assessment of eligibility for assistance after determination of initial eligibility. *YYA in the program only need to satisfy eligibility requirements once upon program entry and retain their eligibility in the program regardless of changes in circumstance.*

3. 24-month time limit in Rapid Rehousing. *Applicants have been allowed to increase the time limit for program participation to 36 months*

4. Prohibition against combining leasing and rental assistance in a single structure. *Applicants have been granted the flexibility to use a leasing model for some YYA program participants and a rental assistance model for others as determined by individual circumstances.*

Project Budget Match Requirements
All eligible funding costs, except leasing, must be matched with no less than a 25% cash or in-kind contribution. No match is required for leasing. The match requirements apply to project administration funds, along with the traditional expenses – operations, rental assistance, supportive services, and HMIS. The match must be met on an annual basis.

For an in-kind match, the applicant may use the value of the property, equipment, goods, or services contributed to the project, provided that, if the applicant had to pay for such items with grants funds, the costs would have been eligible. If third-party services are to be used as a match, the applicant and the third-party services provider that will deliver the services must enter into a memorandum of understanding (MOU) before the grant is executed documenting that the third party will provide such services and value towards the project. To be eligible for a match, the cash or in-kind must be used for services that are eligible under the activities listed in 24 CFR 578 Subpart D.

HUD considers any matching funds above and beyond the minimum required amount to be leverage. Leveraging includes all funds, resources, and/or services that the applicant can secure on behalf of the client being served. While leveraging includes all cash matching funds, it is broader in scope, including any other services, supplies, equipment, space, etc. that are provided by sources other than HUD.

Project applicants that intend to use program income as a match must provide an estimate of how much program income will be used for the match.
