Renewal Project Application

Introduction

Welcome to the Renewal Project Application Navigational Guide. This navigational guide covers important information about accessing and completing the Project Application for renewal projects.

The organization submitting the Project Application for funding is the Project Applicant. Project Applications are submitted to the Continuum of Care (CoC) Collaborative Applicant, which submits the entire funding application to HUD on or before the CoC Program Competition deadline.

Prior to using this navigational guide, Project Applicants must have completed the Project Applicant Profile. In order to meet that requirement, the Project Applicant Profile’s “Complete” button must be selected during the competition period. A separate Project Applicant Profile Navigational Guide is available at:

- [https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf](https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf)

All Project Applicants are strongly encouraged to read the FY 2021 CoC Program Competition Notice of Funding Opportunity (NOFO) at:

- [https://www.hud.gov/program_offices/comm_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition)

### Ask A Question (AAQ)

Submit questions to the AAQ at [https://www.hudexchange.info/program-support/my-question/](https://www.hudexchange.info/program-support/my-question/). On Step 2 of the AAQ form, in the “My question is related to” dropdown:

- Select “e-snaps” for questions about the Notices and NOFOS; Project Applications; CoC Application and CoC Priority Listing; Grant awards, agreements, or amendments; and e-snaps technical issues.
- Select “CoC Program” for policy and regulatory questions.

### Objectives

By the end of this navigational guide, you will be able to do the following:

- Access e-snaps.
- Register for the FY 2021 Renewal Project Application funding opportunity.
- Create the Project Application under the funding opportunity.
- Enter the Project Application from the “Submissions” screen.
- Complete and submit the Renewal Project Application to the Collaborative Applicant.
  - Only submit an additional Renewal Project Application if applying to consolidate two or more projects. This application is referred to as a fully consolidated Renewal Project Application. Refer to the Renewal Project Consolidation screen section of this guide for more information.
- Only if needed, coordinate with the Collaborative Applicant prior to the submission deadline to make changes to the Project Application in e-snaps.
Renewal Project Application

**Posted Resources**

HUD has determined that some CoC and e-snaps related resources need to be posted to HUD.gov as HUD’s official website, rather than to the HUD Exchange, which focuses on technical resources for communities and grant recipients. FY 2021 NOFO information (e.g., detailed instructions), including the FY 2021 e-snaps Navigational Guides, will be published and updated on HUD.gov. Many of the other CoC and e-snaps related technical resources will remain on the HUD Exchange.

**Overview of the Project Application Process**

FY 2021 Project Applicants must complete the Project Applicant Profile and Project Application using e-snaps, a web-based portal accessible at:

- [https://esnaps.hud.gov/](https://esnaps.hud.gov/)

Each Project Applicant must complete a Project Applicant Profile and submit its Project Application(s) to the applicable CoC in e-snaps by the local submission deadline established by the CoC.

The CoCs will:

1. Review and either approve and rank or reject properly submitted Project Applications received.
2. Submit the CoC Application and CoC Priority Listing with all approved and ranked or rejected Project Applications as part of the CoC Consolidated Application to HUD.

**Overview of this Navigational Guide**

The organization of material in this navigational guide corresponds with the different parts of the Project Application process, and the instructional steps follow the progression of screens in e-snaps.

- **Accessing e-snaps.** All e-snaps users need usernames and passwords to log in to the e-snaps system. In order to see an organization's Project Applicant Profile and Project Applications, the e-snaps user needs to be associated as a "registrant" with the organization's e-snaps account. This section identifies the steps to create user profiles and add/delete registrants.

- **Project Applicant Profile.** Project Applicants must review the Project Applicant Profile, update the information as needed, and select the "Complete" button in order to continue with the Project Application process.
  - The Project Applicant Profile section of this navigational guide briefly highlights key information for Project Applicants who are getting ready to complete their Project Applications.
  - For instructions on completing the Project Applicant Profile, go to the Project Applicant Profile navigational guide on the CoC Program Competition Resources page at:
    - [https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf](https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf)

- **Establishing and accessing the Project Application.** After the Project Applicant Profile is complete, Project Applicants need to follow a series of steps in order to access the Project Application screens. The steps discussed in this section include registering the Project Applicant for the FY 2021 Renewal Project Application funding opportunity, creating a FY 2021 project, and accessing the Project Application screens from the Project Applicant's Submissions screen.
• **Project Application.** After accessing the FY 2021 Renewal Project Application, Project Applicants will complete a series of screens asking for information about the project for which they are requesting renewal funding. This section provides instructions for each screen. After providing all of the required information, the Project Applicant will submit the Project Application to the Collaborative Applicant via e-snaps.

• **Submitting the Project Application.** This section provides instructions on submitting the Project Application and includes troubleshooting tips and instructions for updating the Project Applicant Profile if information pre-populating in the Project Application is incorrect. In addition, this section discusses what occurs after the Project Applicant submits the Renewal Project Application in e-snaps to the Collaborative Applicant. The Collaborative Applicant will review and either approve and rank or reject Project Applications.

• **Amending the Project Application.** The section on Submitting the Project Application includes instructions for amending the Project Application. If changes need to be made to the Project Application, the Collaborative Applicant will send the project back to the Project Applicant. Notification for sending a project back to the Project Applicant occurs outside of e-snaps. This process is similar to the process Project Applicants encountered during previous years’ competitions. Once the Collaborative Applicant has finalized the CoC Priority Listing, it will submit the CoC Consolidated Application to HUD.

**Amending an Application**

*If the CoC amends the Project Application back to the Project Applicant for revision or correction, both of them must ensure the Project Application is resubmitted in e-snaps to the CoC and either approved and ranked (or re-ranked) or rejected before the CoC Priority Listing is submitted to HUD.*

*If a Project Application does not appear on the CoC Priority Listing, it will not be reviewed or considered for conditional award.*
Renewal Project Application

**Highlights in e-snaps for the FY 2021 CoC Program Competition**

This section highlights the new item in e-snaps this year.

**Renewal Grant Consolidation or Renewal Grant Expansion Screen.**
The FY 2021 CoC Competition will continue offering opportunities to expand or consolidate CoC projects. A few changes have occurred that differentiate the process from FY 2019.

**For the FY 2021 CoC Program Competition,**

1. Expansions and Consolidations will submit individual applications.
   - Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
   - Consolidations will ONLY submit individual renewal project applications, identifying the renewal application that will survive and the renewal applications that will terminate. Up to 10 grants may be included in a consolidation.

2. HUD HQ will combine the data (e.g., units, budgets) for Expansion or Consolidation requests from the individual project applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

All renewal projects that are part of an expansion or consolidation must expire in Calendar Year (CY) 2022 as confirmed on the FY 2021 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

**Grant Consolidation Resources**

Renewal Project Application

**Helpful Reminders from Prior Years**

This section highlights several items that are not new but are included as useful reminders.

- **Importing Data.** Project Applicants can import data from prior Project Applications. If you import data, you must carefully review the imported information to ensure it is accurate. If the FY 2020 Project Application was tagged with an issue or condition by HUD that you had to resolve before the issuance of the grant agreement, you should ensure the FY 2021 Project Application is corrected accordingly. Similarly, you should also ensure that all responses are compliant with the FY 2021 CoC Program Competition NOFO.

- **HUD 2880 (Applicant/Recipient Disclosure/Initial Report).** As with last year, the HUD Form 2880 is no longer uploaded as an attachment. This form is related to the Project Applicant Profile and the fields are not editable in the forms in the Project Applications. For instructions on completing the HUD Form 2880 in both the Project Applicant Profile and the Project Applications (new, renewal, CoC planning, and UFA costs), refer to the following resource: [https://files.hudexchange.info/resources/documents/How-to-Complete-the-HUD-Form-2880-in-e-snaps.pdf](https://files.hudexchange.info/resources/documents/How-to-Complete-the-HUD-Form-2880-in-e-snaps.pdf).

- **Removal of Budget Detail Screens for Renewal Project Applications.** As with last year, Project Applicants submitting a Renewal Project Application will not be required to submit detailed information for the leased structures, supportive services, operating, or HMIS budgets. There are no separate screens for these budgets. The requested funding amount for each of these budget activities is located on the Summary Budget screen.

- **Prepopulating of Data from the Project Applicant Profile.** Some data will automatically populate fields on several screens from the information entered into your Project Applicant Profile. If this information is incorrect, changes can be made by exiting the application and returning to the Project Applicant Profile.

- **The "Project Application" and "CoC Priority Listing."**
  - The Project Application includes the information submitted by renewal and new Project Applicants for funding consideration.
  - The CoC Priority Listing includes the New Project Listing, Renewal Project Listing, CoC Planning Project Listing, and—if designated by HUD as a Unified Funding Agency (UFA)—a UFA Project Listing.

- **Applicant Field and Dropdown Menu.** When e-snaps users log in to the system, they will see an "Applicant" field at the top of the screen. This field identifies the organization’s account in which the user is working.

  Users with e-snaps access to more than one organization’s account will see a dropdown menu listing two or more organizations. This group of e-snaps users includes staff persons who work on multiple applications (e.g., a staff person at an agency that serves as the Collaborative Applicant as well as a Project Applicant submitting one or more Project Applications).

  This feature appears when working on the Applicants, Funding Opportunity, Projects, and Submissions screens. Only the items (e.g., Projects) pertaining to the Applicant listed in the field appear on the screen. Users must ensure they are working in the correct Applicant account.

- **Collaborative Applicant.** During the CoC Program Competition, Project Applicants will see references to the "Collaborative Applicant." The Collaborative Applicant is the entity designated by the CoC to submit the CoC Program Registration and CoC Consolidated Application in the CoC Program Competition on behalf of the CoC.
"Submission Without Changes" Screen and How it Affects e-snaps Functionality

As with last year, in FY 2021, project applicants who import data into the Renewal Project Application will be unable to edit most of the application screens until they navigate to the "Submission Without Changes" screen and select "Make Changes." The “Submission Without Changes” screen is listed in the left menu bar of the Renewal Project Application in Part 8, directly above the “Submission Summary” screen.

<table>
<thead>
<tr>
<th>Submission without Changes</th>
</tr>
</thead>
</table>

For more guidance, refer to the following resource:

All Project Applicants must first complete Part 1: SF-424 as well as the Recipient Performance screen and the Renewal Grant Consolidation screen. Much of the data for Part 1 is pre-populated from the Project Applicant Profile; if the pre-populated information is incorrect, navigate back to the Applicant Profile and update the information—the corrections should carry through to the application.

Once Part 1 is completed, Parts 2–8 will appear.

If data was imported:
- Most of the screens are in “Read Only” mode.
- After reviewing the data on the Read Only screens and completing the editable screens, Project Applicants will navigate to Part 8: “Submission Without Changes” and indicate whether they want to 1) submit the application without additional changes or 2) make any changes prior to submitting the application to the screens that they were not able to edit.
  - If Project Applicants do not want to edit any screens, they will continue to the "Submission Summary" screen.
  - If Project Applicants want to edit any screens, they can select "Make Changes" and then select the specific screens they want to open for editing. Once a Project Applicant selects a check box for a screen and then selects the “Save” button, the check box cannot be unselected. If a Project Applicant selects a screen to edit accidentally and then selects “Save,” this will not cause any issues. They will simply have to navigate to that screen to re-save the data.
  - After the Project Applicant selects specific screens to open for editing, they should navigate to those screens to update/change the data on those screens. On each screen, the Project Applicant should remember to select “Save” before navigating to another screen. When all updates have been completed, the Project Applicant should navigate back to the “Submission Summary” screen to review the status of all screens in the application.
Renewal Project Application

If data was NOT imported (e.g., organization staff forget to import when creating the project on the Projects screen):

- Project Applicants must complete every screen.
- The Part 8: “Submission Without Changes” screen will automatically be set to “Make Changes” and Project Applicants must enter data on each screen.

The following depicts the options for importing data, updating information, and submitting the application for a renewal project.

Accessing e-snaps

The Project Application is submitted electronically in e-snaps during the annual competition under the FY 2021 CoC Program Competition.

NOTE:
Each e-snaps user must have his or her unique login credentials.
Preferably, each organization will have at least two people with access to e-snaps—the Authorized Representative and one or more additional staff.

Existing Users

2. On the left menu bar, enter your username and password. You will then enter the e-snaps system and arrive at the "Welcome" screen.
3. If you forgot your password, select the "Forgot your password?" under the "Login" button.
**Renewal Project Application**

**New e-snaps Users**

1. Create an e-snaps username and password by selecting the "Create Profile" link.
2. Log in as instructed under Existing Users above.

**Give Staff Access to Your Organization’s e-snaps Account**

Having a user profile enables a person to access e-snaps; however, only individuals who have been associated with the organization as a registrant (also referred to as registered users) have the ability to enter information in the Project Applicant Profile and Project Applications associated with the organization.

For information on how to add and delete users, refer to the “Give Staff Access to Your Organization’s e-snaps Account” resource at:

- [https://www.hudexchange.info/programs/e-snaps/](https://www.hudexchange.info/programs/e-snaps/)
Renewal Project Application

Project Applicant Profile

Project Applicants must complete the Project Applicant Profile before moving forward in the Project Application process. To complete the Project Applicant Profile, the Project Applicant needs to ensure the data entered in the profile screens are accurate and must select the “Complete” button on the “Submission Summary” screen.

This section in the Renewal Project Application navigational guide highlights key information needed to successfully complete this step. It does NOT provide step-by-step instructions.

For step-by-step instructions, see the Project Applicant Profile Navigational Guide at:

- **Access the Applicant Profile.** To access the Project Applicant Profile, log in to e-snaps, select “Applicants” on the left menu bar, ensure that the correct Applicant name in the "Applicants" field at the top left side of the screen is selected, and select the orange folder to the left of the Applicant name on the screen.

- **Organizations That Are Collaborative Applicants and Project Applicants.** If the organization applying for funding as a Project Applicant is also serving as the Collaborative Applicant, the organization will have two Applicant Profiles—one for the Project Applicant and one for the Collaborative Applicant.

  The "Applicant" field dropdown menu at the top left side of the screen contains the list of Applicants that a user can access. If you have issues with finding the correct Project Applicant, submit a ticket to the HUD Exchange Ask A Question at https://www.hudexchange.info/get-assistance/my-question/ under the e-snaps Reporting System (the option for which is featured on Step 2 of the AAQ page).

- **First-Time Applicant.** If an organization is new to e-snaps (i.e., submitting a Project Application for the first time), the organization must establish itself as an Applicant in e-snaps. Review the Project Applicant Profile Navigational Guide on the CoC Program Competition Resources page at https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf. An organization will establish itself as a Project Applicant in e-snaps one time only.

  If you are a Collaborative Applicant and a Project Applicant applying for renewal project funds, you must have two separate Applicant Profiles—a Collaborative Applicant Profile and a Project Applicant Profile.

  Contact the HUD Exchange Ask-A-Question if you need assistance at:

  - https://www.hudexchange.info/get-assistance/my-question/
Establish the Project Application

After the Project Applicant Profile is completed, Project Applicants can move to the next steps required to establish and access the Project Application screens. This section covers the following:

- Funding Opportunity Registration.
- Projects.
- Submissions.

Funding Opportunity Registration

All Project Applicants must register the organization for the FY 2021 Renewal Project Application funding opportunity. Registering for the funding opportunity enables Project Applicants to apply for funds during the FY 2021 CoC Program Competition.

**Terminology**

"Registering" in this context means "indicating your intent to apply."

"Funding Opportunity" refers to "the type of grant." There are options when you select this screen. They include CoC Planning, New, Renewal, and UFA Costs.

On this screen, you are indicating your intent to apply for a specific type of grant.

**Steps**

1. Select "Funding Opportunity Registrations" on the left menu bar.
2. The "Funding Opportunity Registrations" screen will appear.
3. Select the "Register" icon next to "Renewal Project Application FY 2021."
4. The "Funding Opportunity Details" screen will appear.
Steps

1. When the question appears asking if you want to register the applicant for the funding opportunity, select "Yes" to confirm that you want to register your organization.

2. The screen will then indicate that the Project Applicant has been registered.

3. Select the "Back" button to return to the "Funding Opportunity Registrations" screen.

Remember, the "Applicant" field with the dropdown menu located at the top of the screen identifies the Applicant Profile in which you are working. Please ensure you are working under the correct Applicant.

Creating the Project Application Project

Project Applicants must create a project for the Renewal Project Application in e-snaps on the "Projects" screen. Creating a project is an intermediate step; organizations do NOT enter the Application from the "Projects" screen to complete the Application screens (that step will occur on the "Submissions" screen).

Once the Applicant "creates" the project, it will appear on this screen and the term "Renewal Project Application" will appear under the "Funding Opportunity Name" column.

Terminology

"Creating a Project" means "giving the project application a name."
Renewal Project Application

Steps

1. Select "Projects" on the left menu bar.
2. The "Projects" screen will appear.
3. Select "Renewal Project Application FY 2021" from the "Funding Opportunity Name" dropdown.
4. The screen refreshes and an "Add" icon appears on the left side of the screen above the column headings.
5. Select the "Add" icon.
6. The "Create a Project" screen will appear.

Remember, the "Applicant" field with the dropdown menu located at the top of the screen identifies the Applicant Profile under which you are working.

Please ensure you are working under the correct Project Applicant.
Renewal Project Application

**Steps**

1. On the "Create a Project" screen, the “Funding Opportunity” and “Applicant” fields will be pre-populated.

2. In the "Applicant Project Name" field, enter the name of the project.
   - Enter the project name that is being renewed that will appear in the grant award letter.

3. In the "Import Data From:" field, select the project that is being renewed.

4. Importing will ensure that your project information from the FY 2020 Project Application is imported and will decrease the amount of information that must be entered in the FY 2021 Project Application.

5. Select "Save & Back" to return to the "Projects" screen.

6. The project name is listed in the menu.
   - Select the "View" icon to view project details; however, it is not necessary to enter any notes on that page.

*If the previous year's information is imported, Project Applicants MUST review the prepopulated information to ensure the responses to the questions are still accurate.*
Renewal Project Application

Submissions

After completing the Project Applicant Profile, registering for the Funding Opportunity, and creating the Renewal Project Application project, Project Applicants may now enter the Project Application and complete the screens. You must access the Renewal Project Application screens through the "Submissions" screen.

Terminology

"Submissions" refers to both submitted project applications and project applications that are in progress to be submitted.

This screen also includes applications that are created by mistake and are not intended to be submitted.

Once you have created a project on the Projects screen and it appears here, you cannot delete it. You can only rename it.

Steps

1. Select "Submissions" on the left menu bar.
2. The "Submissions" screen will appear.
3. Locate the Project Application project you established.
   - Option: Use the "Submissions Filters." Select the project name in the Project Name field. Then select the "Filter" button to single out your project(s).
   - Option: Select "Clear Filters" on the top left of the "Submissions Filters" box. Then, review the "Funding Opportunity Name / Step Name" column for "Renewal Project Application."
4. Continue with the instructions in the next section for completing the Renewal Project Application.
Renewal Project Application

FY 2021 Project Application

This section identifies the steps for completing the Renewal Project Application screens in e-snaps.

General Guidelines for Navigating Through the Upcoming Screens:

Some data may pre-populate from the Project Applicant Profile (i.e., e-snaps will bring it forward). Review the pre-populated data. If any information is incorrect, you must go back and correct it in the Project Applicant Profile.

If you are in the Project Application and you need to update the Project Applicant Profile, do not use the "View Applicant Profile" link on the left menu bar. Instead:

• Select "Back to Submissions List.
• Select "Applicants" on the left menu bar and select the orange folder next to the Applicant name.
• Ensure that the Applicant Profile is in "edit" mode.
• Make the appropriate corrections as needed, and select “Save” at the bottom of the screen after you make each revision.
• Once you have made all of the necessary corrections to your Project Applicant Profile, continue to the “Submission Summary” screen and select “Complete.”
• When you return to the Project Application, the screen will show the corrected information.

If the corrected information does not populate the Project Application, do the following:

• Log out of e-snaps.
• Log back in and navigate to the screen in the Applicant Profile where information needs to be corrected. If the information is incorrect, correct it and Save. If the information is correct, then edit it to something that is incorrect and save it, then change it back and save it again.
• Navigate to the "Submission Summary" and select “Complete.”
• Log out of e-snaps.
• Log in again. Navigate to your Project Application. The information should be updated.

Importing: If you chose to import, information in the Project Application from which you imported will pre-populate in e-snaps. You should review and update each screen to ensure that the imported information is current and all fields have been completed.

Saving: Select “Save” at the bottom of the screen after you make each revision. Once you have made all of the necessary corrections to your Project Applicant Profile, proceed to the “Submission Summary” screen and select “Complete.” When you return to the Project Application, the screen will show the corrected information.

Review the instructions in the Submitting the Project Application section in this guide.

1. Expansions and Consolidations will submit individual applications.
   a. Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
   b. Consolidations will ONLY submit individual renewal project applications, identifying the renewal application that will survive and the renewal applications that will terminate. Up to ten (10) grants may be included in a consolidation.

2. HUD HQ will combine the data (e.g., units, budgets) for Expansion or Consolidation requests from the individual project applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

All renewal projects that are part of an expansion or consolidation must expire in Calendar Year (CY) 2022, as confirmed on the FY 2021 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS) as the expansion. For more information about the consolidation or expansion process, refer to the FY 2021 CoC Program NOFO at:

If you are filling out this application for the first time, or are otherwise not intending to appeal a rejection, please select “Standard.”

The selection of “Appeal” should only be used by the Project Applicant if it attempted to participate in the CoC planning process in the geographic area in which it operates and believes it was denied the right to participate in a reasonable manner. In this case, the Project Applicant may appeal the rejection directly to HUD by selecting “Appeal” and submitting a Solo Application prior to the application deadline.

Refer to the Project Application Appeal Process navigational guide at:

As noted on the screen, a “100% Dedicated” project is a permanent supportive housing project that commits 100 percent of its beds to chronically homeless individuals and families, according to NOFO Section III.3.b.

Steps

1. Using the dropdown menu in field 1, indicate whether the renewal project is 100% Dedicated or Dedicated PLUS. If it is neither, select "N/A."

2. Select "Save & Next" to continue to the next screen.
4A. Supportive Services and HMIS

Preface to Part 5: Participant Screens

The upcoming pages contain instructions for the two “Project Participants” screens—one for “Households” and the other for “Subpopulations.”

**NOTE:** The questions related to project participants are applicable to all projects, except HMIS-dedicated projects. If you selected “HMIS” as the component on screen 3A, you will not see the Part 5 screens, as these screens do not apply to HMIS projects.

Before continuing to the instructions, please review the following notes, which provide information regarding gathering and entering data for these two populations.

**NOTE:**

1. The data gathered on these “Project Participants” screens consists of the number of participants in the program when the program is at full capacity (at a single point in time, not over the course of a year or the term of the grant).
2. Dark grey cells are not applicable and light grey cells will be totaled by e-snaps automatically.
3. For homeless assistance programs, chronic substance abuse, by itself, may constitute a disability.

**NOTE:** See also the Additional Guidelines for 5A. Project Participants—Households and 5B. Project Participants—Subpopulations subsection on the next page.
Additional Guidelines for 5A. Project Participants—Households and 5B. Project Participants—Subpopulations

This section provides some guidelines to clarify the way in which the fields on 5A. Project Participants—Households and 5B. Project Participants—Subpopulations work together. The example applies to the Household Type: Households with at least one adult and one child, which is the first fillable column on screen 5A and the first chart at the top of screen 5B.

These guidelines also apply to the other two Household Types—Adult Households Without Children and Households with Only Children.

The "Total Persons" field on screen 5A will not necessarily be the sum of the ten column totals for the corresponding household type on screen 5B.

While the first three columns on screen 5B are mutually exclusive, people may be listed in more than one subpopulation category in the final seven columns of the chart. For example, a participant can only be either a non-CH veteran, a CH veteran, or a CH non-veteran, but a participant may be any one of these three and dually diagnosed, fitting into more than one subpopulation. Therefore, an HIV-positive and chronic substance abusing CH non-veteran could be included in one subpopulation from the first three columns and in both subpopulations in the final seven columns.

The total number of persons in a particular subpopulation column (e.g., non-CH veterans, chronic substance abuse, etc.) on screen 5B cannot exceed the total number entered in the "Total Persons" column on screen 5A.
Field Calculations

Refer to the following guidance about the calculations in the rows and columns:

- While individuals may be shown under more than one sub-population—in addition to being either a chronically homeless non-veteran, a chronically homeless veteran, or a non-chronically homeless veteran—column 10, “Persons not represented by listed sub-populations,” is mutually exclusive. If someone is listed in column 10, the person cannot be listed in any of columns 1 through 9.

For example, in a project with 15 adults, if one adult is listed under column 10, the column total for each individual column (for columns 1 through 9) cannot exceed 14 individuals.
5A. Project Participants—Households

The following steps provide instructions on completing the "Project Participants—Households" screen for Part 5: Participants and Outreach Information to indicate the total number of households and number of persons by demographic served at maximum program capacity at a single point in time by household type.

**Steps**

1. Under the "Households" section, enter the total number of households for each household type.
2. Select "Save" and the system will calculate the total for the "Total Number of Households" field.
3. Under the “Characteristics” section, enter the number of persons by household type for each demographic row.
4. Select “Save” and the system will calculate the remaining fields in the columns and totals for each demographic based on the values you entered.
5. Select “Save & Next” at the bottom of the screen once all information is complete on this screen.
5B. Project Participants—Subpopulations

The following steps provide instructions on completing the “Project Participants—Subpopulations” screen for Part 5: Participants and Outreach Information to indicate the number of persons served at maximum program capacity at a single point in time, as well as the characteristics/status, according to their respective household types.

When filling out this table, applicants should think of it as follows:

- The first three columns that are in dark gray, along with column 10 "Persons not represented by listed subpopulations," are mutually exclusive (i.e., for each row, you cannot count the same person in more than one of these columns).
- Columns 4 through 9 are not mutually exclusive (i.e., in each row, you may include the same person in multiple columns if they have multiple characteristics). However, for each row, if you list a person in column 10, you cannot include the person in columns 4 through 9.

For each household type included on the previous screen, 5A, applicants must fill in at least one cell on the corresponding chart on screen 5B. On the previous screen, the household types were displayed as columns; on 5B, the household types are shown in individual tables.

**Steps**

1. For each household type included from screen 5A, enter the appropriate subpopulation on this screen based on the characteristics of each person in the project on any given day.
2. Select “Save” and the system will calculate all totals based on the values you entered for each subpopulation.
3. Select “Save & Next” once all information is complete on this screen.

**NOTE:**

**Subpopulations**

- Chronically Homeless includes disabled adults in households with or without children.
- Veterans must be adults; therefore, no entry is allowed for unaccompanied youth under the “Chronically Homeless Veterans” column.
Preface to Part 6: Budget Information

The upcoming pages contain instructions for completing budgets for the Renewal project component types and activities. Before continuing to the instructions, please review the following information:

- **Removal of Budget Detail Screens for Renewal Project Applications.** Project applicants will not be required to submit detailed information for the leased structures, supportive services, operating, or HMIS budgets. There are no separate screens for these budgets. The requested funding amount for each of these budget activities is located on the Summary Budget screen.

- **Rental Assistance.** There is only one rental assistance screen to use for short-/medium-term or long-term. The user will select which type of rental assistance is applicable to the project from the dropdown provided.

- **Reallocation.** For renewal project budgets that are being reduced through the CoC’s Reallocation process, please ensure that the total amount requested for the project does not exceed the reduced amount approved by the CoC.

- **FMRs.** Project Applicants will apply for projects in the FY 2021 CoC Program Competition using the FY 2020 FMRs. To ensure consistency between the Grant Inventory Worksheet (GIW) and the FY 2021 application process, GIWs will also use FY 2020 FMRs. Project applications that are selected for a conditional award will be adjusted and awarded based on the FMRs that are in effect at the time of the FY 2021 application submission deadline.

  24 CFR 578.51(f) provides the following information regarding when updates to the FMR will be made for rental assistance projects: "The amount of rental assistance in each project will be calculated by multiplying the number and size of units proposed by the FMR of each unit on the date the application is submitted to HUD, by the term of the grant."

Project Applicants will need to complete the budget screens that appear on the left menu bar after completing the following:

- "Part 1—SF-424"
- "Part 3—Project Information, 3A. Project Detail” screen
- "Part 6—Budget Information, 6A. Funding Request” screen

Throughout the e-snaps budget screens, there are gray-shaded cells in which you will not be able to enter or revise data. These cells are typically "Totals" with amounts that are automatically calculated within e-snaps when you select the "Save" button. There are a handful of places where the gray-shaded cells contain other information (e.g., "Numbers of Months"), but the information is always populated by e-snaps. You must fill in or revise the data in the white cells, except in certain situations (e.g., you would fill in a white cell for “Other” only if it is applicable).
Part 6: Budget Information

In e-snaps, the budget screens that appear for Part 6: Budget Information in the left menu bar of the Project Application are determined by all of the following:

- Whether your project is a new or renewal project, as reflected on screen 1A. Application Type.
- The component type selected on screen 3A. Project Detail.
  - If you have a Permanent Housing (PH) project, the budget screens you will be eligible to complete are also dependent upon how you respond to questions on screen 3B. Project Description. Specifically, Project Applicants must indicate whether they are a PSH or RRH project.
- Your selections on the 6A. Funding Request screen. Project Applicants must carefully choose the correct funding request as you will only see the budget screen(s) chosen.

For Renewal Project Applications, you will need to complete the relevant budget screens, making sure the amounts match the most recent Grant Agreement or Grant Agreement Amendment or the reduced amount identified by the CoC through the Reallocation process. For renewal projects, if you are missing a budget, please refer back to the "6A. Funding Request" screen and ensure that you have selected all applicable budget activities.

Below is a table that shows the eligible activities for Renewal Projects by Component Type.

3. In field 3, select "Yes" or "No" to indicate if the project proposes to allocate funds according to an indirect cost rate.
   - If you select "Yes," indirect cost rate proposals should be submitted as soon as you are notified of a conditional award and no later than three months after the award. Conditional award recipients will be asked to submit the proposal or approved rate during the e-snaps post-award process.
   - In field 3a, complete the indirect cost rate schedule shown by entering the "Administering Department/Agency," the "Indirect Cost Rate," and "Direct Cost Base." Note: You must enter information in at least one row.
   - In field 3b, select "Yes" or "No" to indicate whether this rate has been approved by your cognizant agency.
Renewal Project Application

- In field 3c, select "Yes" or "No" to indicate whether you plan to use the 10 percent de minimis rate.

4. In field 4, the grant term field is gray-shaded, as renewal Project Applications may only request a 1-year term.

5. In field 5, select all the eligible costs for which you are requesting funds for the project. After you select the “Save” button, the left menu bar will populate with a complete list of budget screens that you will need to complete.

6. Select "Save & Next" to proceed to the first budget screen.
Funding Request for Renewal PH (RRH) Projects

Renewal PH (RRH) projects have the same questions 1 through 4 as the PH (PSH), TH, and Joint TH & PH-RRH screens, but there are only three funding categories—rental assistance, supportive services, and HMIS.

5. Select the costs for which funding is being requested:
   - Rental Assistance
   - Supportive Services
   - HMIS

Funding Request for Renewal SH Projects

Renewal SH projects have the same questions 1 through 4 as the PH (PSH), TH, and Joint TH & PH-RRH screens, but there are only five funding categories—leased units, leased structures, supportive services, operations, and HMIS.

5. Select the costs for which funding is being requested:
   - Leased Units
   - Leased Structures
   - Supportive Services
   - Operating

   - Supportive Services
   - HMIS

Funding Request for Renewal Dedicated HMIS Projects

Renewal dedicated HMIS projects have the same questions 1 through 4 as the PH (PSH), TH, and Joint TH & PH-RRH screens, but there is only one funding category and the project can only be carried out by the HMIS Lead, which is the project applicant or subrecipient for HMIS-dedicated funds, and that is listed on the HMIS Lead form in the CoC Applicant Profile in e-snaps.

5. Select the costs for which funding is being requested:
   - HMIS
6B. Leased Units Budget

The "Leased Units Budget" screen is applicable when the recipient has entered or is entering into leases directly with the property owner for units to house program participants. If the lease will be between the landowner and the participant, the project applicant must complete the rental assistance budget, not the leased units budget.

For renewal project applications with imported data, verify that the budget information is correct (as approved in the most recent Grant Agreement or Grant Agreement as amended or with a reduction if the CoC reduced your renewal project budget in the local reallocation process). If it is not correct, you must edit the screen.

If data is not imported, complete the budget information.

The following steps provide instructions on completing the “Leased Units Budget” screen. Note that the screen image below is the same for both new and renewal projects.

**Steps**

1. To add information to this list, select the "Add" icon above the word "All" at the left side of the alphabetic listing to open the “Leased Units Budget Detail” screen.

2. The "Leased Units Budget Detail" screen will appear.
Renewal Project Application

Renewal Project Application

Completion of Leased Units Budget

After completing all of the “Leased Unit Budget Detail” screens, the “Leased Unit Budget” screen will auto-populate with the budget information you entered.

Steps

1. Review the following items on the “Leased Units Budget” screen.
   - The “Leased Units Budget” screen should have been populated with your total leased units budget amount.
   - The "Leased Units Budget Detail" information you entered for each location will appear as a separate entry under the "View" header.

2. After completing the "Leased Units Budget Detail" screen(s) and reviewing the "Leased Units Budget" screen, you may want to make changes.
   - If you want to view and edit any of the “Leased Units Budget Detail” screens, select the "View" icon next to the appropriate entry.
   - If you have created a "Leased Units Budget Detail" screen in error and want to delete it, select the "Delete" icon next to the appropriate entry.
   - If the list seems to be missing one or more items, select the "Add" icon and complete additional "Leased Units Budget Detail" screen(s), as discussed previously.

3. If the list is complete, select “Next” at the bottom of the screen. You will proceed to the next budget screen.
Renewal Project Application

6C. Rental Assistance Budget

Project Applicants that plan to provide rental assistance to participants (short-/medium- or long-term) must complete the "Rental Assistance Budget" screen. If you are applying for rental assistance units, the lease agreement will be between the landowner and the participant. If the leases are between the project applicant and the landowner, then the Project Applicant must complete the leased units budget, not the rental assistance budget.

- For renewal project applications with imported data, verify that the budget information is correct (as approved in the most recent Grant Agreement or Grant Agreement as amended or with a reduction if the CoC reduced your renewal project budget in the local reallocation process). If it is not correct, you must edit the screen.
- If data is not imported, complete the budget information.

The following steps provide instruction on completing the “Rental Assistance Budget” screen of the Renewal Project Application.

Steps

1. To add information to this list, select the “Add” icon to open the “Rental Assistance Budget Detail” screen.

   Note: The Renewal Project Application screen 6C will only have two auto-fill rows since renewals by definition are only one year.

2. The "Rental Assistance Budget Detail" screen will appear.
Steps

1. Select the "Type of Rental Assistance": not applicable (N/A), project rental assistance (PRA), tenant rental assistance (TRA), or sponsor rental assistance (SRA).
   - If you select PRA, the following statement will appear at the bottom of the screen: "Are you requesting a 15-year renewal per section IV.B.3.b? This request is only available for PRA rental assistance projects and 1 year of funding according to the relevant section of the FY 2015 CoC Program Competition NOFA." If this statement applies to your Project Application, select the checkbox next to this statement after completing steps 1 through 5. If you select this box indicating a 15-year request, it will change the auto-populated "Grant Term" in other budget forms as well.

2. Select the FY 2020 FMR area in which the project is located. The list is sorted by state abbreviation. The selected FMR area will be used to populate the rents in the FMR Area column in the chart below.

3. Indicate whether the request for rental assistance funding is for less than the area's per-unit fair market rents.

4. Enter the number of units of each bedroom size for which the project is requesting rental assistance.

5. After you enter figures in the "# of Units" column for the relevant fields, select the "Save" button at the bottom. The 12-month column is fixed. For renewal projects, the total number and size of units must match the number and size of units on the final FY 2021 GIW.
• If you selected "No" at the top of the screen to indicate that you are not requesting less than the FMR, then the "HUD Paid Rent" column will not be fillable. The amount of the "FMR Area" multiplied by the number of units per unit type, multiplied by 12 automatically populates in the "Total Request (Applicant)" column per unit type. The sum of each column will be auto-calculated.

• If you selected "Yes" at the top of the screen to indicate that you are requesting less than the FMR, then the "HUD Paid Rent" column will be fillable. The amount of "HUD Paid Rent" multiplied by the number of units per unit type, multiplied by 12 automatically populates in the "Total Request (Applicant)" column per unit type. The sum of each column will be auto-calculated.

6. The "Grant Term" field is populated based on the grant term selected on the "Funding Request" screen and will be read-only.

   For renewal projects, the grant term may only be one year.

7. The "Total Request for Grant Term" field is calculated based on the per month rent entered in the first field, multiplied by 12 months, multiplied by the grant term.

8. If the project is requesting rental assistance for one location, select “Save & Back to List” to go back to the "Rental Assistance Budget" screen.

   - If the project is requesting rental assistance for units in another location, select “Save & Add Another” and repeat steps 1 through 5 for each structure in the project for which you are requesting rental assistance funds.

9. Once you have completed all of the “Rental Assistance Budget Detail” screens that your project requires, select “Save & Back to List.”

   - Each “Rental Assistance Detail” screen you entered will appear as a separate entry under the “View” header.

2. After completing the "Rental Assistance Budget Detail" screen(s) and reviewing the "Rental Assistance Budget" screen, you may want to make changes.

Leased Structures, Supportive Services, Operating, and HMIS Budgets for Renewal Projects—Screen 6E

As mentioned previously, project applicants submitting a Renewal Project Application will not be required to submit detailed information for the leased structures, supportive services, operating, or HMIS budgets. There are no separate detail screens for these budgets. The requested funding amount for each of these budget activities is located on the Summary Budget screen—screen 6E.

The process for reviewing and completing the funding request for these budget activities is the same.

**Steps**

1. For renewal project applications with imported data:
   - Verify that the budget information is correct for the applicable budget activities: leased structures, supportive services, operating, and/or HMIS.
   - If it is not correct and if you cannot edit the data, navigate to the “Submission Without Changes” screen to enable the editing of the screen.

2. If data is not imported:
   - Enter the requested funding amount for the applicable budget activities.

3. Select "Save & Next."
6D. Sources of Match

The following steps provide instruction on completing the “Sources of Match” screen of the new and renewal Project Applications. The screen is the same for new project applications.

   - The MOU can be uploaded as an attachment with your application or submitted to HUD prior to grant execution.
2. In field 2, enter the type of source. Select “Government” or "Private" to denote the source of the contribution.
3. In field 3, enter the name of the entity providing the contribution. Be as specific as possible and include the office or grant program as applicable.
4. In field 4, enter the total dollar value of the written commitment.
5. If this is the project’s only source of match, select “Save & Back to List” to go back to the “Sources of Match” screen.
   - If the project has another source of match, select “Save & Add Another” and repeat steps 1 through 4 for each source of match.
6. Once you have completed all of the “Sources of Match Details” screens that your project requires, select “Save & Back to List.”
Renewal Project Application

Completion of Sources of Match

After completing all of the “Sources of Match Detail” screens, the “Sources of Match” screen will auto-populate with the information you entered.

Steps

1. Review the following items on the “Sources of Match” screen.
   - The “Sources of Match” screen should have been calculated with your total sources of match amounts.
   - Each "Match Detail" screen you entered will appear as a separate entry.

2. In field 1, select “Yes” or “No” from the dropdown menu for question 1 to identify if the project generates program income that will be used as match.
   - If "Yes," fields 1a and 1b will appear.
     o In 1a, briefly describe the source of the program income.
     o In 1b, estimate the amount of program income that will be used as match for this project.

3. Select “Save & Next” to proceed to the next budget form.

6E. Summary Budget

The "Summary Budget" screen summarizes the funding requested for each year of the grant term. The grant term for Renewal Project Applications is limited to one year.

You will not enter any information in the gray-shaded fields, as these fields will be automatically populated from the information you entered into the individual budget screens; however, the appropriate amount of administrative costs must be entered in the applicable fields.

The following screenshot is for the Renewal Project Application "Summary Budget" screen.
Steps

1. Review the funding amounts in the gray-shaded fields.
   • If they are not correct, navigate to the individual budget screens and update them. You cannot edit gray-shaded fields on the Summary Budget screen.

2. Review the funding amounts in the Leased Structures, Supportive Services, Operating, and HMIS budget lines and confirm they are correct.
   • If they are not correct, edit the fields on the screen.

3. In the "Admin." field (line 7 for renewal projects), enter the amount of administrative costs for which you are applying. Administrative costs may not exceed 10 percent of the line "Sub-total Costs Requested."

4. "Save & Next" at the bottom of the screen. You will proceed to the Part 7—"Attachment(s) & Certification" screen.

NOTE: The total value of the sum of "Cash Match" and "In-Kind Match" must equal 25 percent of the total amount requested for all activities except for leased units and leased structures, but including administration costs.
7A. Attachments

The "Attachment" screen has three attachment placeholders:

- **Subrecipient Nonprofit Documentation.** On the "Project Subrecipients" screen, if the subrecipient is a nonprofit (i.e., either "M" or "N" was selected from the "Organization Type" dropdown menu), then proof of the subrecipient's nonprofit status is required.

- **Other Attachment(s).** In the other two placeholders, attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.
  
  o **Approved Indirect Cost Rate documentation.** If the Project Applicant indicated on 6A. Funding Request that it has an indirect cost rate approved by the cognizant agency, the documentation should be uploaded using one of the "Other Attachment" options.

If a Project Applicant is a "Solo Applicant" or if it has "No CoC," there are additional attachment requirements.

  o **CoC Rejection Letter.** A project identified as an "Appeal" project on screen 3A. Project Details under "Project Status" is required to upload documentation to one of the "Other Attachment" screens. Projects that have been rejected in the local CoC competition by the Collaborative Applicant and intend to apply as a Solo Project must attach documentation from the Collaborative Applicant that confirms the project has been rejected along with the reason for the rejection.

**NOTE:**

- If your project has not been rejected, the CoC Reject Letter does not pertain to you.

- If your project has been rejected and you have chosen to appeal to HUD by submitting a Solo Application prior to the HUD submission deadline, you must upload this attachment. For more information, refer to the Project Application Appeal Process navigational guide at: https://www.hud.gov/program_offices/comm_planning/coc/competition.

  o **Consolidated Plan Certification.** Projects that are applying for CoC funds from a geographic area that is not claimed by a CoC and that has selected “No CoC" on Form 3A must upload the HUD-2991, Certification of Consistency with the Consolidated Plan signed by the authorized official from the local or regional government.

A screen with a checked box can be edited.

Once saved, the box cannot be unchecked.
Renewal Project Application

Steps

1. In field 1, select "Yes" or "No" from the dropdown menu to indicate whether the Project Application budget is less than the amount of the FY 2020 award due to a decision by the CoC to reallocate a portion of the funds during the FY 2021 CoC Program Competition.

2. Review field 2.

   - For Project Applicants who imported data, the response will need a selection: "Make Changes" or "Submit Without Changes."

   - For Project Applicants who did not import or who indicated they were submitting a fully consolidated Renewal Project Application, the response will default to "Make Changes" and you cannot change the response.

3. Review field 3.

   - For Project Applicants who selected "Submit Without Changes" in field 2, the checkboxes next to the form name are not editable.

   - For Project Applicants who selected "Make Changes" in field 2, the Project Applicant will need to check the boxes for the specific screen or screens that need to be updated.

   - For Project Applicants whose response defaulted to "Make Changes" in field 2, all of the checkboxes will be selected and the applicant must review and complete each screen and save the data.

4. If you selected "Make Changes" to field 2, provide a brief description of the changes that will be made to the project information screens or write "Not Applicable."

5. Select “Save & Next” to continue to the next screen.
8B. Submission Summary

Once the required information has been entered and the required attachments have been uploaded, the Project Applicant needs to select the "Submit" button on the "Submission Summary" screen.

The "Submission Summary" screen shows the Project Application screens. In the "Last Updated" column, the system will identify the following:

- A date if the screen is complete.
- "No Input Required" if there is no input required.
- "Please Complete" if more information is needed.

Users can go back to any screen by selecting the screen name on the left menu or on the screen name in the Submissions list itself. Remember to select "Save" after any changes.

NOTE: The "No Input Required" status on the Submission Summary indicates that additional information for that screen is not required for the applicant to continue to the next step in the e-snaps system.

In the context of this navigational guide, the Project Applicant may continue to the next steps in the Project Application process.

HUD, however, may require that you submit the item prior to entering into a grant agreement if conditionally awarded.

The "Submit" button is located at the bottom of the screen under the navigation buttons. The "Submit" button will be active if all parts of the Project Application are complete (and have a date) or state "No Input Required."

After submitting the Project Application, Project Applicants should notify the Collaborative Applicant. Notification is recommended to alert the Collaborative Applicant that the application is ready for their review and ranking.
8B. Submission Summary (continued)

The following image shows the Project Application "Submission Summary" screen with items that still need to be completed. Note that the "Submit" button is gray-shaded, and you cannot select it.

Steps

1. For the item(s) that state "Please Complete," either select the link under the "Page" column or select the item on the left menu bar.
2. Complete the screen, saving the information on each screen.
3. When you have an active "Submit" button, continue to the next section.
Renewal Project Application

Submitting the Project Application

The following image shows an active "Submit" button on the Project Application "Submission Summary."

Steps
1. If you are not already on the "Submission Summary" screen, select it on the left menu bar.
2. Select the "Submit" button.
3. Notify the Collaborative Applicant that you have submitted your Project Application.

The following image shows the completed Project Application "Submission Summary" screen. Note that the "Submit" button is no longer active, but instead appears gray-shaded. The screen is marked "This e.Form has been submitted."

Exporting to PDF

Project Applicants can obtain a hard copy of the Project Application using the "Export to PDF" button located at the bottom of the Submission Summary screen under the navigation buttons.

Steps
1. Select the "Export to PDF" button.
2. On the "Configure PDF Export" screen, select the screen(s) you would like included.
3. Select "Export to PDF."
Troubleshooting When You Cannot Submit the Project Application

Project Applicants may encounter issues when trying to submit the Project Application. If the “Submit” button is gray (i.e., “grayed-out”), it is not active and you cannot select it. You will not be permitted to complete your screen at this time. The “Submit” button will appear gray if information is missing on any of the required Project Application screens or in the Applicant Profile.

The following image shows the Renewal Project Application "Submission Summary" screen with items that still need to be completed. Note that the "Submit" button is gray-shaded, and you cannot select it.

Steps

1. Review your Submission Summary screen to determine which Project Application screen needs to be completed.
2. Go back to the Project Application or Applicant Profile to update incomplete items. Remember to save your changes.
3. Return to the Submission Summary screen to select the "Submit" button.

What the “Last Updated” column tells you. A date identifies a screen with complete information for all required fields. It is the most recent date on which the completed screen was saved.

- “Please Complete” identifies the screens with information missing in one or more required fields.
- “No Input Required” identifies the screens that are not required for completion by all projects. You are strongly encouraged to double-check these screens to ensure that all appropriate project information is completed.
What the “Notes” section at the bottom of the screen tells you. Notes are not a standard section on the “Submission Summary” screen, so you will not see this section all the time.

- If Notes appear on the screen, they are located under the two-column list and above the navigational buttons.
- The Notes provide information on the errors in the Project Application. Some Notes include a link to the applicable screen and error(s).

**NOTE:**

If you are still unable to submit the Renewal Project Application after following these instructions, please submit a question to the HUD Exchange Ask A Question desk at [https://www.hudexchange.info/get-assistance/my-question/](https://www.hudexchange.info/get-assistance/my-question/) under the e-snaps Reporting System.

In the question field, please provide specific details regarding the issue you are encountering while trying to submit and provide a screen image whenever possible.

Next Steps

Congratulations on submitting your Renewal Project Application!

At this point, your Project Application has been submitted to the Collaborative Applicant, as indicated on screen "3A. Project Detail" questions 2a and 2b. Notifications are not provided through e-snaps to the Collaborative Applicant, so you should notify them that the application has been submitted.

The Collaborative Applicant will review every Project Application and approve and rank or reject the Project Applications prior to submitting them as part of the CoC Priority Listing to HUD for the FY 2021 CoC Program Competition. Please make sure you keep in contact with the organization in case any changes need to be made.
