We have always believed in providing the families we serve with the utmost care and concern during their time of grief.

2025-26 General Price List

These Prices are effective as October 1, 2025

All prices are subject to change without notice

Traditionally, funeral homes increase the price you pay for caskets. **WE DO NOT.** The price you pay for our caskets is our **ACTUAL COST.**

Although price is important, **VALUE** is essential and what you should consider when planning a funeral for your loved one. Every funeral is customized for each family we serve.

Our funeral home offers comfortable surroundings including; covered entrances, inside handicap ramps, coffee lounge, and a friendly and compassionate staff that are always available to help with any of your special needs. Please remember at the Glunt Funeral Home and Crematory we have our own on site crematory, therefore:

“Your Loved One Never Leaves Our Care”

The Goods and Services within are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our Basic Services and Overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected. This list does not include prices for certain items that you may ask us to buy for you, such as cemetery services, flowers, and newspaper notices.

In most areas of the country, no state or local law makes you buy a container to surround the casket in the grave. However, many of the area cemeteries require that you have such a container so that the grave will not sink. Either a burial vault, crypt or grave liner will satisfy most cemetery requirements.
