

# TRITON

## Overview

The Novice Cheer Program at Omega Elite is for beginner and developing athletes that want to be introduced to all star cheerleading or are still developing the fundamentals before pursuing a more competitive training program. There is a Fall and Spring session each season. Your child can choose to participate in both sessions or only one. A new routine is learned in each session. This program requires the lowest amount of commitment both financially and in time.

*Please note that depending on number of athletes and ages we may choose to divide the program into multiple teams to create a better learning environment and your unique team may not be called Triton.*

## Practices

- Mondays 6:00 PM – 7:30 PM
- Starts January 12<sup>th</sup>
- Choreography will be worked into practices
- Attendance is important for these athletes as they have limited time to prepare for competition – *please be confident you can commit.*

## Competitions

- Competing Open Scorecard
- Novice Division
  - 1.5 minute routine
  - Teams are not ranked against each other, but receive a rating based on their score
  - Restrictions on building and tumbling
- One-day competitions

## Regional seasonal competitions:
