

# PIPE RACK - UNIVERSAL SR01

A variety of accessories are available to help maximise safe productivity while operating Powered Access & Material Handling equipment.

The SR-01 is a totally universal & lightweight pipe rack designed for small to medium sized scissor lifts and boom cages. For work applications where carrying capacity is critical, with no tools required for installing, this heavy duty pipe rack is the ideal attachment for a safe and secure solution for pipe lifting.

## KEY FEATURES

Padded jaws to ensure no slippage or damage of materials

Retaining straps to keep load secure for extra security
