

SKYJACK
simply reliable

XSTEP

Skyjack's XStep maximises reach and productivity by providing operators with safe, increased access into and around tight, restricted spaces, such as ceiling openings and ceiling mounted structures.

- Improves accessibility in restricted areas
- Increases fleet flexibility
- Full height platform rails provide operator security
- One person installation process and no special tools or lifting equipment required
- Access to upper controls with XStep deployed or stowed
- Installed or removed in 5 minutes
- Available as a factory fit or field install option

STEP HEIGHT	RAIL HEIGHT	WEIGHT*	MAXIMUM CAPACITY	PERSON
48 cm	1.15 m	35 kg	113 kg	1

STOWED HEIGHT	OVERALL DIMENSIONS (TOP RAIL, EXTERNAL)	PLATFORM AREA	WIND RATING
0.97 m	0.51 m x 0.58 m	0.26 m ²	0 m/s

*Compatible with the following models: SJ3215, SJ3219

*3 piece design for easy handling

A variety of accessories are available to help maximise safe productivity while operating Powered Access & Material Handling equipment. Find out what's available so you can increase productivity.
