

VertecBio Gold® #4C

Bio-based Solvent

Features

- Clear formula when transparent appearance counts
- High cleaning power with mild, pleasant odor
- Sustainable chemistry – made from renewable resources
- Low vapor pressure and high loading capacity
- Made from renewable resources

Benefits

- Ideal for formulating heavy duty cleaners, asphalt release agents
- Excellent degreaser for heavy lubes/oils, parts cleaning
- Ideal solvent for graffiti and paint removal
- Cleans oily materials, adhesives, and inks

Environment

- 100% Biodegradable
- No global warming compounds
- Low VOC < 5%
- Flash point > 200° F
- Not California Proposition 65 Listed
- No HAP's – no Hazardous Air Pollutants
- Not SARA 313 reportable
- 96.5% Biobased content, made from renewable resources

TECHNICAL DATA

Flash Point.....>200 °F ASTM D93, PMCC
Vapor Pressure (mm Hg).....2 mmHg @ 68 °F
pH of Water Dispersion (10% solution).....4.3
Specific Gravity @ 25° C0.88
Evaporation Rate.....< 1
Vapor Density.....>1
Boiling Point.....> 300 °F (>200 °C)

Superior Performance Through Sustainable Technologies!
