

VertecBio™ LVC Solv #1

Low VOC, Eco-Friendly Solvent Blend

Features

- Low VOC high performance blend
- VOC content less than 400 g/l
- Custom blends for maximum performance
- Manufactured in the United States
- High loading capacity

Benefits

- Specialty blended for fast and even drying
- Excellent solvency for adhesives, paints, coatings and inks
- Exceptional solvent for formulating low VOC products
- Provides excellent flow characteristics
- Avoids cost for fuel-fired thermal oxidizer unit – reduce total emissions

Environment

- Complies with current VOC regulations
- Reduces carbon footprint by avoiding use of TOU
- No HAP's – no Hazardous Air Pollutants
- Sustainable chemistry – partially bio-based chemistry
- EPA approved SNAP solvent – no Ozone Depleting Chemicals

Superior Performance Through Sustainable Technologies!
