

12th April 2023**LETTER OF ENDORSEMENT AND SUPPORT TO THE AAC**

The Southern Cameroons Alliance (SCA), a coalition of Southern Cameroons (Ambazonia) liberation movements, individual freedom fighters, professionals, experts and patriots, who willingly combined their skills and resources, inspired by the common mission and vision of an independent Southern Cameroons (Ambazonia) actively fighting for its right to self-determination, desirous to bring back home and seek humanitarian assistance for its thousands of refugees, internally displaced peoples as well as seek the release of its thousands in the jails of La Republique du Cameroun, and completely end the annexation by La Republique du Cameroun;

Reiterating our recognition of the need for unity and a united platform as a major element of success in our liberation struggle.

Cognizant that the All Ambazonian Conference aka AAC strongly advocates for a “United in Diversity” vision, and adoption of a “Clear and Unified” strategy which defines our single common enemy as La Republique du Cameroun.

Given that the overall objective of the AAC is to ensure a broad-based inclusion through consultation of multiple stakeholders within our liberation quest, in view of projecting the kind of inclusive legitimacy long sought after as the representative body of the majority of the Ambazonian peoples and legally recognized Ambazonian representative body worldwide.

Confident that the mechanisms, structures and people behind the concept of the AAC work towards the same vision, objective and common outcomes outlined in the statutes of the Southern Cameroons Alliance.

We, the Southern Cameroons Alliance hereby give our tacit endorsement to the All Ambazonian Conference and strongly recommend other Front-Line movements to do the same in the spirit of truth, sincerity and unity of purpose that makes us stronger together.

Secretary General
