CareClub

WE DO MORE BECAUSE WE CARE

Prevent Costly Heater and A/C Repairs
With SM Air's CareClub

WHY CARECLUB?

Heating and cooling systems fail at the worst possible time, like during a Texas heatwave or cold snap. But most breakdowns are preventable with regular professional maintenance. CareClub members enjoy:

- ✓ **Affordable Protection** — On average, members save \$600–\$800 each year in repair and utility costs.
- ✓ **Fewer Surprise Repairs** — Catch minor issues now to avoid major expenses later.
- ✓ **Cleaner, Healthier Air** — Routine service keeps dust, dirt, and allergens in check.
- ✓ **Lower Energy Bills** — A tuned system runs efficiently and costs less to operate.
- ✓ **Longer Equipment Life** — Keep your system running strong for years to come.
