

Skip the ID Line with Raptor Passport

Good news! You can save time at check-in by setting up your **Raptor Passport** through the **Raptor Safe App**. Once you're pre-verified, you'll be able to check in without presenting your ID every time.

How to Set Up Your Raptor Passport:

1. **Download the Raptor Safe app** from the Google Play Store or Apple App Store.
2. Open the app, enter your **mobile number**, and click **Next**.
3. Enter the **verification code** texted to your device, then click **Next**.
4. Tap **Scan ID** and follow the directions to scan the **front and back** of your ID.
5. Tap **Next** to take a **selfie**, then click **Go**.
6. Enter a **recovery email** and/or your preferred name, then click **Next**.
7. Tap **"I DON'T HAVE A CODE."**
8. Your **QR Code** is now created—this is your **Raptor Passport**!

That's it!

Use your QR code at check-in to **skip the ID requirement** and move quickly through the line.

Thank you for helping us keep Providence Academy safe and efficient!
