“It has been the special work of Satan to lead fallen humanity to rebel against God’s government, and he has succeeded too well in his efforts. He has tried to obscure the law of God, which in itself is very plain. He has manifested a special hatred against the fourth precept of the Decalogue, because it defines the living God, the maker of the heavens and the earth.

Yielding to his devices, people have turned from the plainest precepts of Jehovah to receive infidel fables. They will be left without excuse. God has given sufficient evidence upon which to base faith, if one wishes to believe. In the last days, the earth will be almost destitute of true faith. Upon the merest pretense, the Word of God will be considered unreliable, while human reasoning will be received, though it be in opposition to plain Scripture facts. Men and women will endeavor to explain from natural causes the work of Creation. But just how God wrought in the work of Creation He has never revealed to mortals. Human science cannot search out the secrets of the God of heaven.... ”
