Founded in 1918, Hayes Power Services is a pioneer in the boiler, construction, and repair industry with management now in the third generation of the original Dan Hayes Boiler Co has evolved to Hayes Mechanical; and then to its current operating entity Hayes Power Services.

Today, one hundred years later the industry has expanded greatly and so has Hayes Power Services. With eight locations around the U.S., Hayes Power Services is able to support our Customers locally and nationwide.

With five ASME Stamps and the NBIC "R" Stamp, Hayes Power Services can provide quality service on nearly every piece of equipment in your facility.
