Ace of the Month & Ace of the Year

Once a month, the low net player in the field will be awarded the Ace of the Month. Ace of the Month is not broken into flights and handicaps are rounded to tenths to break ties. At the end of the season, all Ace of the Month winners will be able to compete for the 2026 Ace of the Year.

Ringer

Ringer events will run throughout the 2026 golf season for both Gross and Net. Ringer gives the player the opportunity to improve their hole-by-hole scores on any hole from past play days. Based on the rounds played each player will take their best score for each hole. Ex. If player A plays two rounds and in round one, they make a 6 on hole #1, and in round 2 they make a 4 on hole #1, then player A will take a 4 on hole #1 for their total.

Skins

For events that are denoted as Skins events, players may pay \$5.00 (member charge or cash) PRIOR to the start of play. After the completion of play, the best net score on each hole will win a skin, payouts are based on total number of skins available.

Points

Players will be divided into two teams and play their own ball each Points Day. Points are scored by Net Stableford Points Scoring. If any team has less players participating in a Points Day than the opposing team, the opposing team will drop the lowest point totals on their team to match the number of players. Points are cumulative throughout the year, with the winning team crowned after the completion of the 7th and final points day.

Pairings

All events are flighted by handicap and paired with one of two methods: Flighted or Mixed. Flighted pairings are done purely based on each player's handicap index; players will be paired with other players in their flight. Mixed pairings are done randomly and by request if possible.
