## A Note from the Manager...

Dear Members,

School is officially out, and we are so excited for what is sure to be a memorable summer for all our members, but especially our young members!

The golf course continues to improve daily and will be in the best condition that we have seen in a long time. Once again thank you to Dan Robinson, his team, and our Greens and Grounds committee for their continued dedication to our golf course. Our new autonomous mower (Manny) has arrived and has been busy mowing the Acorn course every day. Once again, please make sure not to disturb our mower when you are playing the Acorn.

Executive Chef Anthony Goodman and his team hosted the NEFF Brewing Beer Dinner on May 16th that was well received by all that attended. Even if you are not well versed in wine or beer, these events are unique experiences that bring incredible pairings and highlight our fantastic culinary team. Chef Anthony is planning many more of these one-of-a-kind events, so please keep an eye out for further information. To allow our staff to provide the highest level of service possible, we kindly ask that you make reservations when you are planning to dine at the club. You may book reservations by emailing Ava Hawkins at [ava@oakscountryclub.com](mailto:ava@oakscountryclub.com), calling 918-446-6161 or using our Oaks Club app.

We have many things planned over the next month that include but are not limited to: Memorial Day pool party on May 27th with Chef Anthony and his team serving BBQ poolside with bounce houses, pool games and more, MGA Oaks Classic, Dive in Movies, Father's Day Brunch, OWGA Classic, Live Music in the Centennial Lounge, New Trivia Night, Couples Golf, Pickleball and Tennis events, Summer Golf Camps, and so much more. There has never been a better time to enjoy the club than summer 2024!

As you are aware, we have engaged industry leader, the McMahon Group, to assist us in our Strategic Planning and specifically our member survey. The Oaks Member Survey was emailed the middle of May, and it is especially important that all our members fill out the survey which will provide valuable feedback to management and the Board on what is important to you at the club. The Board and committees will use the feedback from this survey to finalize our Strategic Plan to ensure we are planning for the future and are aligned with what is important to all our members. Thank you to all those that have sent your survey responses in and if you have not filled out the survey, please do so by June 4, 2024.

Thank you to all the members that continue to refer friends to the club. Our current waiting list has over thirty prospective members and that is a testament to all our members that makes our club great.

Once again thank you for your continued support of Oaks and I look forward to seeing you at the club soon!

Sincerely,

Justin Awtrey, General Manager/COO

**Dear Members,** *Make your voice heard.* **Take our survey.**

As most of you are aware, as part of our club's long-range strategic planning initiative, we have engaged McMahon Group, a professional consulting firm specializing in advising private clubs, to conduct a survey of our membership. The purpose of this survey is to receive input from the entire membership (both Members and Spouses/Significant Others) on how well Oaks Country Club is meeting the needs of you and your family today, as well as your priorities for the future as we develop long-range plans.

Included in this email are two links to our member survey for both the Primary Member (Member 1) and Primary Member Spouse/Significant Other (Member 2). Your participation is very important. Oaks is your club, and we want its programs, services, facilities, and long-term plans to reflect your values and interests.

Once you have completed the survey, your input will come to us anonymously. Although your audit number and names will go to McMahon Group, they will never be seen by anyone at Oaks. In that sense, your authorship is protected!

We would like to receive independent input from both adults in Member households and thus will be providing surveys for both the Member (Member 1) and the Spouse/Significant Other (Member 2) to complete. This is very important as the results will be analyzed according to gender, age, and geography.

The final analysis of the survey will be made available to the entire membership when ready. Anonymity notwithstanding, this is ultimately a transparent process!

If you would prefer to complete your surveys online, and we not have your e-mail address(es), please call the club office and provide your e-mail address; the survey link will be sent to you electronically. As well, if you would prefer to complete this survey in written form, please let us know and we will provide you with a paper copy of the survey.

Thank you again, in advance, for taking the time to complete your survey(s). It is very important that we receive responses from as many Members and Spouses as possible by June 4, 2024, as the results of this survey will contribute significantly to the development of our Strategic Plan for the future of our beloved club.

Once again, on behalf of Oaks Board of Directors, thank you for your participation in this very important initiative for Oaks Country Club.

### JUNE INSTRUCTION TIP

#### PUTTING CALIBRATION DRILL

#### USING STROKE LENGTH TO CONTROL SPEED

##### Setting Up the Drill

Start with a tee and place your ball down. You will putt from this point each time. Then using the length of a putter, place 3-4 tees down on each side of the ball until it looks like the example of the picture to the right of the page.

Once you have the tees setup, practice hitting putts with the same length backswing and follow through. Use the tees as a reference point. In the example above, this player made a backswing to the #2 tee behind the ball and a follow through to the #2 tee in front of the ball.
