

September 1, 2025

Dear Oaks Members,

It is hard to believe that Summer is coming to a close – it always goes by too fast. I hope you enjoyed a relaxing Labor Day weekend with family and friends. In the spirit of Labor Day, a giant hat tip to management and staff for all the great camps and Summer activities that we've enjoyed the last several months. There is also a fantastic line up of events planned for this Fall and whether it is in the fairways or the clubhouse, there will be something for everyone to enjoy at your Club.

With the early arrival of cooler weather, you'll notice a pickup in activity around the course. Fans are being removed, aeration is planned for September 2<sup>nd</sup> and over-seeding of rye and fescue will begin earlier than past years. We'll also be removing the large but dying tree between 8 fairway and 9 green. After a large branch broke off, it needs to be removed for the safety of our members and guests. Fortunately, this tree is not in play.

Manager and staff service training continued in August. I have heard from several members that have commented positively on the changes. Our staff members are working hard to provide a great dining experience and the improvements are visible.

At the August board meeting, management presented their vision for Initiative 2 – Golf Experience, Initiative 3 – Compelling Member Experience and Initiative 6 – Favorite Place to Dine. The board engaged in a healthy debate and provided input and direction back to management. The board has selected Tom Hoch Design to develop conceptual designs to advance the Vision 2030 Strategic Plan. You'll be hearing and seeing more in the months ahead.

As always, please feel free to contact any member of the Board, our committees or the Club's management team with questions or comments. Thank you for your ongoing support and engagement at the Club.

See you in the fairways -

Curtis Dinan

President
