

PLEASE PRAY FOR NATHAN & HANNAH FRY

Dear Friends,

The spring season of 2026 has been an incredibly busy and fruitful period of ministry, ministry that could not be accomplished without your partnership. We want to say thank you for your part in the ministry that God has entrusted to us.

The last few months have been full of travel and video projects. God gave us the following opportunities:

- Produce an outreach video for Graham Road Baptist Church in Stow, OH
- Film two Gospel videos for Bible Baptist Church in Xenia, OH
- Hannah photographed a ladies' conference in Mount Joy, PA
- We assisted Bible Tracts Inc. in filming Capitol Connection in Washington, DC
- Nathan traveled to Alaska to assist three missionaries with video needs.
- Film a deputation video for a missionary to China.
- Produced a church promotional video for Park Avenue Baptist Church.
- Host Missionary Jason Ottosen and his family at our home to film a furlough video.

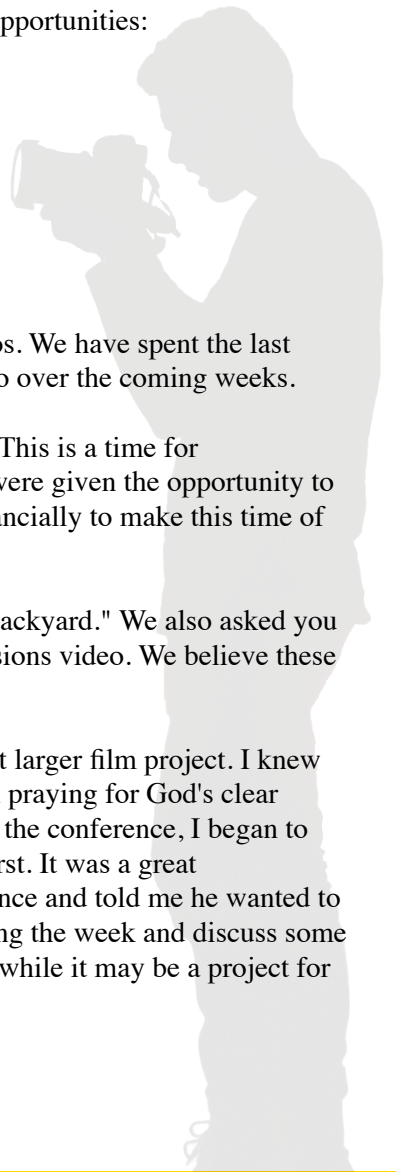

With all of these opportunities, we were left with the large task of editing each of these videos. We have spent the last several weeks slowly finishing off these videos one by one, but we still have more work to do over the coming weeks.

One of our favorite weeks of the year is our mission board's annual family fellowship week. This is a time for missionaries to be encouraged through preaching, fellowship, and relaxation. This year, we were given the opportunity to create a highlight video for the conference as a thank you to the many churches that give financially to make this time of refreshing for missionaries possible.

In the last letter, we shared some of the ways that God has been using our film, "America's Backyard." We also asked you to pray with us for God to open more doors of opportunity to make more of this style of missions video. We believe these videos will truly help Christians to lift up their eyes and look on the fields.

A few months ago, a friend suggested three different missionaries as possibilities for our next larger film project. I knew of each missionary, but one name in particular seemed to stand out in my mind. As we began praying for God's clear leading, we learned that this missionary would be at Family Fellowship week. Leading up to the conference, I began to pray that if God was leading us to make this video, the missionary would bring it up to me first. It was a great encouragement when this missionary stopped me in the hallway the first night of the conference and told me he wanted to talk about making a video like the one we made in Alaska. We had a chance to sit down during the week and discuss some ideas. There are some real challenges to overcome before this project becomes a reality, and while it may be a project for the future, it is exciting to see God working, opening opportunities, and answering prayer.
