LOOKING BEHIND

God has been working during the first two months of 2026! We are thankful for new families as well as returning families who have been visiting the church this year. Tim preached to a combined group of churches in the sugarcane village at the church that we are currently supporting and helping. The meeting was well-attended, and there was a wonderful spirit among the people. Also, our church's ladies had their first-ever ladies' retreat in the mountains. They met for a time of worship, Bible study, and activities, and they planned for the upcoming year's ministries and outreaches. This retreat was an encouragement for our ladies and the entire church. We also began another semester in our English classes with a few new students, and we started this year by once again hosting monthly youth meetings for the teenagers of our church and community.

LOOKING AHEAD

We are working with a lady in our church who is an accountant for updating our documents for our church's bank account. Please continue to pray as we finish this process. Also, we ask for your prayers for our family as we renew our visas. Our permanent visas are only valid for a year when we first received them, but after renewing them in March, we will not have to do so again for another four years. Also, please pray for a few of our church members who have gone through health struggles and one who lost his son recently to a sudden illness.

In Christ,
The Germanos
