

MAY/JUNE 2025

GERMANO FAMILY

DOMINICAN REPUBLIC

LOOKING BEHIND

God has been working here in the Dominican Republic, and we are continuing forward in the church in the various ministries and outreaches. In May, Stephanie challenged the ladies of the church during their meeting to perform their God-given role in the home and in the church. Later in June, she went with some of our ladies to a ladies' retreat. God used her as she taught the kids throughout the retreat and shared a devotional with the ladies, and He worked through the lessons taught by the retired pastor's wife from our church who was the keynote speaker for the conference. The group came back challenged and encouraged! God also helped us in our youth activity at the beginning of the summer. At the end of June, we hosted our fourth English camp. Just like last year, this activity is one of our largest outreaches into the community. One of the ladies connected with our mission board came down to help us in teaching and running the camp. A camper who has been coming to our camps over the past few years trusted Christ as his Savior, and he gave a testimony of his salvation the next day in front of the group!

LOOKING AHEAD

Please pray as we seek to follow up with the children and the families from the camp in the coming weeks and to connect with them in the church and through our Vacation Bible School in August. Also, we ask for your continued prayers for us as we are working on various legal steps in order to open the bank account for the church. It has been more complicated than we originally thought, but we know that God's timing is perfect and that He is working. As always, thank you so much for your prayers and for your support for our family!

In Christ,
The Germanos
