February 2024

Dear Memorial Baptist Church,

God has answered again! Dunya's heart surgery has been scheduled for later this month on the 22<sup>nd</sup> or the 27<sup>th</sup>. From the time ORH was told that immigration officials had not expedited anyone's paperwork in two years to this point, we have seen God's mighty hand overseeing this entire process. Please continue to pray with us that the doctors' hands will be guided by the Great Physician during this difficult surgery. We know you will.

In January the Ghana team ministered to over 1300 patients in the four days of clinic and approximately 95 people made decisions to receive Christ as Savior. Young men from the Bible college in Wenchi did the preaching, and everyone said that they did a great job. We were excited that our son, Stephen, was the clinic planner for this trip.

Some of the members of that team—Dan Jones, Christy Holshouser, and Patricia Catrow—stayed a couple extra days to speak with the hospital administration in Wenchi about the use of the ORH telemedicine capabilities (computer equipment set up by another son, David) and the Infuse teaching DVDs.

Future clinics this year are being planned for Albania, Uganda, Bolivia, and possibly Guyana. Pray for the details for each of these events.

Boot Camp is again on the schedule for the first full week of June, to be held in Robbins, NC. Spaces are filling up, so if you know of any young people who are interested, encourage them to contact us as soon as possible.

We are continually encouraged by your prayers and financial support. It has been our privilege to serve our Savior through this ministry that He handed to us. He has never failed to send the people needed to do the work. We are surrounded by a great host of friends who are eager to honor Christ, to see the Gospel go forth, and to use their God-given talents to be salt and light in this world. As you pray and support, you are part of the fruitful harvest that will abound to your account (Philippians 4:17).

Yours for the Gospel,  
Jan and Debbie Milton
