Winter 2026

Dear Memorial Baptist Church,

The past few months have been a bit difficult, but we have been encouraged by the prayers of those who know us and follow our ministry. God—as He promised—has been faithful to meet every need. Great is His faithfulness!

We have a pretty busy schedule for the next several months. Our upcoming trip to California is filled with several services, both to new churches and to familiar churches. We are also scheduled for meetings with medical professionals, college students, and high school students, always looking to recruit those who are interested in medical missions. Following that trip, we head to Texas to be encouraged by the recovery work in the aftermath of the flooding of the Guadalupe River. So many gave sacrificially to provide for the daily needs and recovery of those who were impacted by the devastation there. We have several meetings close to home, then later in the year we are scheduled to travel to Arizona. Prayers are appreciated for all these meetings.

Please remember ORH's Joseph Project as we head into the coming months. So much of what we are able to do is because churches like yours collect non-perishable food goods and supplies that we are able to distribute to those in need. Write to us for more details on how you and your church can be a blessing. Remember, Jesus told us that when we feed, clothe, visit, and minister to others, we are doing it to Him.

An ORH medical team recently returned from Panama, ministering with missionaries Jim and Phyllis Childress, the place and people God used to bring Operation Renewed Hope into existence 35 years ago. In the beginning, as Jan and Jim flew over the northern coast of Panama, they asked God to give them that jungle for evangelization and establishment of churches. God did! The work there continues with second-generation, national preachers who know the Lord because so many adults, young people, medical professionals, and non-medical servants gave of themselves to get the Gospel to the Panamanians.

As you give and pray for Operation Renewed Hope, we pray that God will return to you the blessing you have been to us. It's simple—sowing and reaping!

Yours for the Gospel,  
Jan and Debbie Milton
