Souls Saved in Santa Marta

It has now been a full year since the church in Santa Marta started and God has been working. In April we traveled there again for a second evangelistic conference. I was privileged to preach the gospel for three days and our family sang special music. Elisabeth taught the children's class for about twenty kids who ride the church bus. It was a great conference and we saw two adults and one child profess faith in Christ. Please continue to pray for the new church there to grow and see souls saved and lives changes. We also are praying for a second church bus as our Rionegro church does not have one since we sent it to Santa Marta.

Witchdoctors in Santa Marta

One of the worst parts about missions in certain countries is dealing with the witch doctors and occultism that is often deeply infected into the culture. Our most recent run-in with this evil involves the church in Santa Marta. A man who practices witchcraft attended the church for awhile and after rejecting the truth began to vandalize the church almost every Sunday morning. It is difficult to describe the things that were thrown at or left at the church building but they appeared to be used as witchcraft rituals to curse things. Examples include human feces, decaying animal bodies, and putrified meats all laced with weird substances that caused unimaginably horrible odors. Pastor Duarte and his wife eventually confronted the man at his home and told him if he ever returned to do it again he would personally tie him to a tree and wait for the police to arrive! Thankfully he has not returned since.

Ministry in Rionegro

As always we are staying busy in Rionegro. The singles recently put on a couples banquet for the married couples and did a great job. We also started a church orchestra and have seen a lot of people recently finish our discipleship course. Thank you all again for your faithful prayers and support.
