

September 30, 2026

Dear Gospel partners,

We appreciate your generosity and prayers to come alongside us to reach Mexico with the Gospel. Here is our third-trimester letter of 2026, updating you on how God is using us together for His purposes!

Hope Group Ministry to Addicts:

Praise to God, at our church, Bible Baptist Church of San Luis Potosí, God gave us a group of about 25 willing workers to begin Hope Group meetings. Among the workers are ex-addicts and several moms of addicts. These have all tasted and seen God's goodness in liberating their family from addiction and desire to reach others in the same dreadful situation. Throughout August, we did our team training and then launched the ministry in early September. God has put us face-to-face with real needs. For example:

Yesica (left), opened up to us that she has been a crystal meth addict for years and that she is HIV positive. A lady from our church that was an alcoholic, stood up and shared with Yesica how God saved her and gave her freedom from alcohol, and how that Yesica could have hope in Christ also. What a blessing that moment was!

Saul (in the center of the picture at left), has a son that has given himself to addiction. Yet, he is redeeming his family's pain to share the Gospel with others, and in the picture, he is leading the first-time visitors to Hope Group in their introductory talk about how God can help them to overcome their battle with substances.

The Ladies Group, is so vital as a support group for the mothers of addicts. Hope Group gives them the Gospel and orientates them through Biblical counseling on how to deal with their difficult family situations. Many times, their actions will help make the difference in whether their son or daughter will live in victory or relapse again. Please pray for them!

Other areas of ministry:

La Forja, (The Forge) is a new ministry born out of the need to go beyond our typical, shallow church conversations with other men and personally challenge each other to be godly Christians, loving husbands, and involved fathers. We meet in a nearby park every Thursday morning at 6 AM, and are going chapter-by-chapter through the book, *"The Measure of a Man"*, by Pastor Gene Getz. This has been a great help to us in areas of discipline, and personal purity.

In our church's **Bible College**, I have the privilege of teaching our third and fourth-year students in areas of Biblical Counseling this semester. The two classes are called "Tools of the Truth" and "Gospel-Centered Counseling." In the community, we also continue to use our **Connected Marriage** material to reach out to and strengthen marriages.

Also, as Pastor Ramos has delegated to me, I have have been preaching during different church services and in our Missions Conference. Integrating into our church has been a joy and great blessing for our family, as my wife is part of the nursery ministry and my daughters Tirzah, Hadassah and Gracie participate in the music ministry. God is so good!

Prayer requests:

- The safe birth of our baby in the coming days
- Wisdom as we raise our children
- God's power and grace upon the ministry, especially Hope Group
- Continued growth for the church we planted in Puebla, along with Hope House.

Thank you all for praying and giving so. None of your sacrifice is forgotten (Heb. 6:10).

With you | For Mexico,
