## PASTOR'S LETTER

I love to cook and am known as a decent amateur chef. At Christmas, I host a party for our staff and their spouses. It has been an international themed dinner. This past Christmas we took a trip to the Middle East with dishes such as falafel, kabobs, fried zucchini cakes, chicken Pulao, Moroccan carrot salad and other dishes, all homemade from scratch. The things that were store bought were the hummus and pita. I think everyone had a good time and enjoyed the world flavors. The various ministries have their summer cookouts as I love nothing more than being behind a grill on a nice summer evening. Of course, I have a whole kitchen cabinet dedicated to spices. In it, I have five or six different kinds of salt. There is your standard iodized salt, coarse sea salt, kosher salt, pink salt, black salt and several others. Salt is the foundation and most important ingredient in all of cooking. There is pretty much no dish that I know of that does not require a pinch of salt to help enhance the flavors. The human body requires salt to function and contract muscles. Salt has been so important over the centuries that wars have been fought over the saltshaker, such as the Salt War of 1304 between Venice and Padua over access to salt mines. Is it any wonder why Jesus calls us salt? As salt is the foundation of all good food, so too must we be the source of all the good being done in the world today. It is to be our good works that bring about peace and healing and understanding. We are called to bring out the good that exists in one another, just as salt brings out flavor. We are the salt of the earth! However, Jesus also reminds us that salt can lose its flavor and then is good for nothing. How good is our salt? Is our salt going bland or beyond the expiration date? It is easy to do sometimes; we can lose our edge. That is why we continue to grow in our relationship with Jesus Christ. It is Christ who can keep us fresh and flavorful. The more we can grow and are rooted in Jesus Christ, the more we can salt for the earth bringing out the good in one another.

On Friday, February 6<sup>th</sup>, now Archbishop Ronald Hicks was officially installed in New York City and ceased serving as bishop of Joliet. We wish him well in his new position and I think we can all say with confidence that the Church could not have selected a better man for the job. We thank Archbishop Hicks for his five years of service to us in the diocese of Joliet. We are especially grateful for the at least three visits he personally made to Our Lady of Mount Carmel parish. He celebrated two confirmation liturgies and my installation liturgy. He was very complimentary of our parish!!! He will be deeply missed here, but we are grateful and forever changed by his ministry. We will continue to be challenged by his pastoral letter "Make" and will push forward with seeking ways to make more disciples. Thank you and the Lord bless Archbishop Hicks!!! At the time of the writing of this letter, there has been no word on the selection of a new local bishop or temporary administrator. Please pray for the guidance of the Holy Spirit.

Throughout Lent,  
beginning February  
20

## Questions of the Week

**Question for Children:** What can you do to bring the light of Jesus into the lives of your family, friends, and people you meet?

**Question for Youth:** How do you feel when Jesus says that YOU are the salt of the earth and that YOU are called to be the light for others?

**Question for Adults:** What specific efforts do you take to maintain your light? Do you let your light dim? Why?

## Activities of the Week

Pop some popcorn for a family snack. Leave some of the popcorn unsalted and salt the remainder. Then salt a small portion too much. Can the salt be removed from the too salty popcorn? Without salt, how does the popcorn taste? Discuss how this relates to the Christian who maintains his/her salty walk despite what the world thinks.

What is a salty Christian?

How is one different from an unsalty one?
