# Cemetery Permanent Placement

Cremated remains can be placed in a permanent cemetery placement for a beautiful, natural setting that is convenient for family to come back and easily pay their respects.

## Why Is Permanent Placement Important?

**Permanence** It provides a permanent space for your loved ones to visit and pay their respects

**Accessibility** While scattering ashes in a romantic setting like mountains or the ocean sounds appealing to many families, these places can often feel so vast that families feel a void when visiting to pay their respects. The distance required to access where ashes are scattered also becomes a hindrance to families over time. Placement in a convenient, beautiful cemetery allows your loved one to be placed in a beautiful, natural setting that is also more convenient for your family to come back and easily pay your respects.

**Heritage** Permanent placement in a cemetery allows families to be placed together over generations. A headstone or marker will honor your loved one and ensure they will not be forgotten.

**Simplicity** Avoid hurt feelings and division from family members who wish to take cremated remains to their home instead of another's. Additionally, many second and third generations do not want the added responsibility of taking an urn into their care. With a permanent placement, you know your loved one's final resting place will be cared for and maintained.

## What Options Are There For

### Permanent Placement?

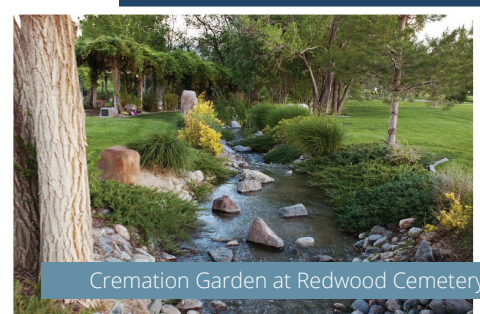

#### Cremation Permanent Placement

- Cremorial (*placement in a traditional burial space in the main gardens of the cemetery*)
- Boulder Niche
- Mausoleum Niche
- Ossuary Placement (*placement in a shared vault with other decedents*)

#### Burial Permanent Placement

- Traditional Burial Spaces
- Mausoleum Entombment
- Lawn Crypts

For pricing of permanent placement options, please inquire with a Family Service Advisor at any one of our beautiful cemetery locations.

## Our Payment Policy

---

The passing of a loved one can be a very difficult experience. We believe that it is important to recognize and understand that a meaningful celebration of a life lived will assist family and friends as they transition through the process of losing someone they love.

Our mission is to give direction and assistance to arrange an appropriate service or gathering in order to meet the individual needs of all whom we serve.

It is also important to be realistic in respect to burial, cremation, and remembrance expenditures. We do not want your family to feel like they spent more than they should have; nor do we want your family to feel that they received less than they would have liked. Ultimately we will respect your decisions and understand that the decisions you make are a matter of personal preference. Our goal is to educate and provide every option available so as to ensure that the arrangements you select will be within your family's wishes and budget.
