

Carpe Diem

Residential Therapeutic
Treatment Homes for Children

September
2025

Our Ministry Audit is just around the corner, and they will be arriving to review our files and select the homes in the very near future. Please ensure that all medical, dental and optometrist appointments are up to date for the children/youth in your care and upload the medical forms to Case Manage if you haven't already done so. If you are unsure of when medical appointments are due, please reach out to me and I will let you know.

This is the adult homework, and we very much appreciate you looking after this to ensure that our Ministry Audit flows as smoothly as possible. Thank you!

It should also be noted that fire drills are also required to be in compliance. If you receive a reminder that your fire drill is due, please complete it in a timely manner to keep your home compliant.

We also require report cards to be uploaded, so if you have not uploaded the June 2025 report cards, please do so right away.

CHRONICLES

ON - CALL
