MINISTRIES

OUR BOLD MISSION

TRANSFORMING IRAN INTO A CHRISTIAN NATION — ONE SOUL AT A TIME

"I will set my throne in Elam, says the Lord."

Jeremiah 49:38

WHO WE ARE

For the past 25 years, Iran Alive Ministries has been sharing the Gospel, planting churches, and equipping believers to spread the Good News — reaching unreached people groups across the Middle East, with a special focus on Farsi-speaking communities in Iran and neighboring regions through **satellite TV** and other **virtual platforms**.

FOUNDER & PRESIDENT

In 2000, **Dr. Hormoz Shariat** founded Iran Alive Ministries after God had given him a deep conviction to reach his fellow Iranians with the Gospel.

Hormoz Shariat

"The Lord has positioned us to bring Jesus into Iran through modern technology. It is our honor to play a part in God's plan for Iran and its people."

CURRENT PROBLEMS FACING IRANIANS

Rising persecution | Escalating violations of basic human rights | Growing struggles with addictions

Soaring suicide rates | Economic challenges | Increasing sexual immorality | Harsh child labor laws

THE IRANIAN SPIRITUAL LANDSCAPE

- **ISLAMIC REPUBLIC**
  Iran operates under strict religious laws that govern daily life.
- **LEGAL THREATS**
  Christianity considered illegal. Bibles and church gatherings are prohibited
- **IMPRISONMENT**
  Converts and leaders face arrest and detention.
- **FAMILY REJECTION**
  Many believers disowned by Muslim families.
- **OPERATING LIMITATIONS**
  Ministry must work creatively to overcome restrictions and risks of arrests

SPIRITUAL AWAKENING

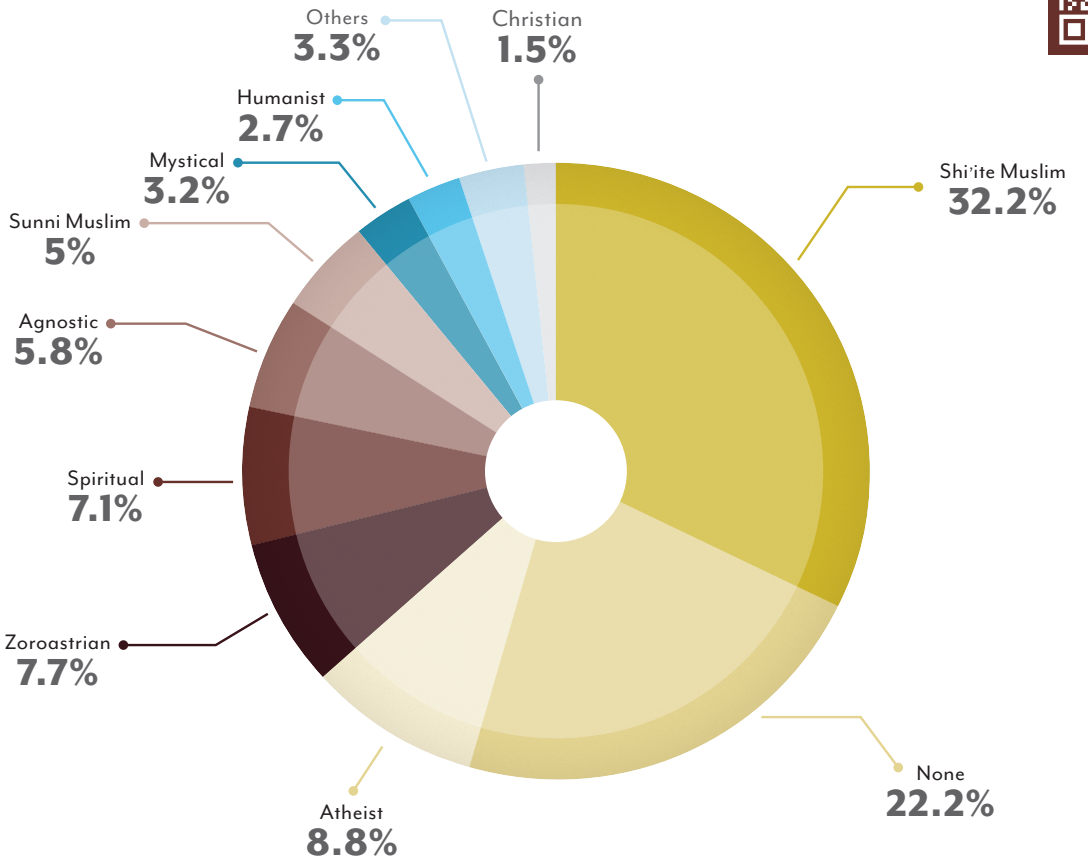

Despite restrictions, an unprecedented spiritual hunger is emerging.

According to Operation World Manual, Iran has one of the fastest-growing evangelical population in the world.

A HISTORIC OPPORTUNITY

Did you know that, as of 2022, only **37.2%** of Iranians identify as Muslims?

CHURCH7

Since its founding in 2001, Iran Alive Ministries has witnessed over 118,000 Muslims come to Christ through its outreach. These are individuals who personally contacted us to confirm their decision — lives we know have been transformed by the Gospel.

In Iran, an estimated 2 million Christian believers have no access to a church gathering. Through Iran Alive's satellite TV, we broadcast full church services that include praise and worship in Farsi, testimonies from other believers, and culturally relevant biblical messages—primarily from Dr. Hormoz Shariat and guest speakers. Each service is followed by a 'Meet the Pastor' connection time, offering believers ministry, fellowship, and community they would otherwise be denied.

DISCIPLESHIP & LEADERSHIP TRAINING SCHOOL

In 2019, we launched a discipleship and leadership training school with one purpose in mind: to equip new believers to become devoted followers of Christ, who in turn disciple others, and to prepare them for ministry among Iranians according to their unique spiritual gifts and calling.

TRAUMA COUNSELING

Many who come to Christ in Iran carry deep wounds from spiritual oppression, addiction, trauma, and the effects of living in a society without hope. Our Freedom Ministry provides intensive biblical counseling and deliverance prayer to help believers experience the complete freedom Christ offers.

Our network of 100 trained and discipled Freedom Counselors represents a multiplication of ministry impact. These faithful servants have themselves experienced God's healing power and now extend that same grace to others who are hurting. The restoration they facilitate creates ripples of hope throughout Iranian communities.

FOLLOW-UP MINISTRY

Behind each number is a person seeking truth, hope, and the love of Christ. Every question asked, every prayer request submitted, and every seeker who reaches out represents a divine appointment. Our Follow-Up Ministry team responds to each inquiry with compassion, biblical wisdom, and the personal attention that seekers desperately need.

In a nation where Christians often worship in isolation, our Follow-Up Ministry provides a lifeline of connection and encouragement. Many report that our responses were the first time they had ever received personal spiritual guidance from another believer. This ministry is not just answering questions — it is shepherding souls.

NEXT GEN MINISTRIES

The young people of Iran represent the future of the church and the nation. Growing up in a society marked by disillusionment and spiritual darkness, this generation is remarkably open to the Gospel. Our Next Generation Ministry disciples young believers and activates them in meaningful ministry roles, preparing them to be tomorrow's leaders.

These young disciples are not waiting for adulthood to serve Christ — they are making an impact now, using their unique gifts and digital fluency to reach their peers with the Gospel.

DIGITAL MEDIA

In a nation where traditional evangelism is restricted, digital media has become our most powerful tool for Gospel proclamation. Through carefully crafted content distributed across multiple platforms, we are reaching millions of Iranians with the message of Jesus Christ.

Instagram dominates our reach with 1.5 million monthly views, reflecting the platform's popularity among younger Iranians. While YouTube, Facebook, and Telegram generate smaller audiences, they remain crucial for reaching specific demographics and providing diverse content formats. Each view represents an opportunity for someone to encounter Christ.

SOCIAL MEDIA OUTREACH

Social media platforms have become the modern-day marketplace where ideas compete for attention. Through strategic, Spirit-led content, we are seeing thousands of Iranians encounter Jesus Christ and make decisions to follow Him. Our approach combines compelling visual storytelling, biblical teaching, and personal testimony to create content that resonates with seekers.

Our 2025 evangelism results demonstrate sustained effectiveness even as social media algorithms and platform policies continue evolving. The fact that over 3,000 people engaged in personal salvation conversations reveals the hunger for authentic connection and spiritual guidance among Iranians.
