- **Lowest Risk:** Small groups of members will stay together all day, each day. Members remain at least 6 feet apart and will not share objects. Outdoor activities are prioritized. Masks will be worn at all times in the building.

- **Identifying Small Groups and Keeping Them Together (Cohorting):**
  - Keep members together in small groups with dedicated staff and make sure they remain with the same group throughout the day, every day.
  - Limit mixing between groups if possible.

- **Sanitizing Spaces**
  - Sanitizing supplies will be located in each space for use.
  - Each space will be properly sanitized after every workshop session.

- **Staggered Scheduling**
  - Stagger arrival and drop-off times or locations by cohort (group) or put in place other protocols to limit contact between cohorts and with other members’ guardians as much as possible.
    - When possible, use flexible worksites (e.g., telework) and flexible work hours (e.g., staggered shifts) to help establish policies and practices for social distancing (maintaining distance of approximately 6 feet) between employees and others, especially if social distancing is recommended by state and local health authorities.

- **Gatherings, Visitors, and Field Trips—There will be no field trips.**
  - Avoid group events, gatherings, or meetings where social distancing of at least 6 feet between people cannot be maintained. Limit group size to the extent possible.
  - Limit any nonessential visitors, volunteers, and activities involving external groups or organizations as much as possible – especially with individuals not from the local geographic area (e.g., community, town, city, or county).

Anti-Harassment & Anti-Bullying Policy

**Anti-Harassment:**

- Treating each other with respect is an essential ingredient of our Club community. This guiding principle affects each of us socially, emotionally, and intellectually. Adhering to this principle promotes tolerance, self-confidence, and academic success.
- For these reasons the Boys & Girls Club does not permit physical or verbal harassment. Nor do we permit bullying.

**Anti-Bullying**

Bullying is defined thusly by the Massachusetts anti-bullying law:

- The repeated use by one or more students of written, verbal or electronic expressions or a physical act or gesture or any combination thereof, directed at a victim that:
  1. Causes physical or emotional harm or damage to the victim’s property;
  2. Places the victim in reasonable fear of harm to himself or of damage to his property;
  3. Creates a hostile environment at the Club for the victim;
iv. Materially and substantially disrupts the education process or the orderly operation of the club; or
v. Infringes on the rights of the victim at the Club.

Bullying shall include cyber-bullying.

Our approach is intended to build on our standard expectations of respectful, fair and compassionate behavior; and we want to empower our students our time to recognize, internalize and act on the basis of those values. In “Range of Normal” instances of inappropriate treatment of one student by another, therefore, our goal is to have the mistreated student feel empowered to tell the instigator to stop. Often, this requires education and support. In the event that inappropriate behavior rises to the level of bullying or harassment, it is particularly likely that the mistreated student cannot take the first step alone.

Procedures: If harassment or bullying occurs, a student (or students) is encouraged to take the following steps:

- If possible, tell the person (or persons) to stop.
- At the same time, also report this problem to an adult member of the Club who will bring this problem to the attention of a member of the administration.

Consequences: A member who does not heed the requests of the person harassed will meet with the division Head and/or Head of the Club. Depending on the nature of the behavior consequences may include:

- Conference with the parents of the offending members
- Suspension from the Club
- Expulsion from the Club if an offender persists

Retaliation: Retaliation in any form against any person who has reported harassment or bullying is forbidding and can result in expulsion.

Confidentiality: It is expected that those involved in harassment or a bullying investigation will protect the confidentiality of all the information relating to the situation.
