KIND WORDS FROM TOP FOOTBALL PEOPLE

Have fun

"Young people need dreams and they need a reference. Being a reference for them is a responsibility."

I feel honored and responsible for being an ambassador for IberCup. The main message is to have fun and be with your true friends."

José Mourinho
Professional Coach - POR

An opportunity for everyone

"It is a good opportunity for all those who participate, directly or indirectly, because today we see a skewed society, in which values and respect for the other have practically begun to cease to exist – the other is the other and I am me."

Therefore, it is an opportunity for everyone to look at each other and respect the human being in its fullness."

Luís Castro
Professional Coach - POR

Growth and evolution in IberCup

"It's very nice to be part of this growth and evolution in IberCup. I remember at this age, I didn't have this, I didn't have so many people watching the games, I didn't have cameras."

It is the evolution and learning of women's football, in Portugal and in the world."

Kika Nazareth
FC Barcelona Player - POR

An unique experience

"For us, it's a real pleasure to be here because we believe it's a unique experience for the girls."

We think they can develop different skills, not only related to football concepts but also in terms of personal growth. It's a great opportunity for us to continue developing."

Javier Sanchez
Real Madrid Girls Coach - SPA

An exciting tournament

"For us, it's an exciting tournament. We play matches against strong teams such as Atlético de Madrid, Real Madrid, and Benfica."

It's a great opportunity to showcase our football."

Pablo Alvarez
FC Barcelona Girls Coach - SPA

The best tournaments

"It's a pleasure to be in this important tournament."

We are happy to be here, and for me, it's one of the best tournaments in this category."

Luca Tettamanti
AC Milan Boys Coach - ITA

There is no better feeling

This was our second time participating in the IberCup and we brought 3 teams with us this year. This tournament gives our players exposure to top international talent like no other tournament we've participated in. Not only have we seen our boys grow in their development as players on the field; but also as teammates on a club level. There is no better feeling than to see our boys in the stands cheering on their clubmates. A truly proud moment for us as a club."

Steven Amorim
Academy Director
Ironbound Soccer Club - USA

True football environment

"As one of the leading USA based development academies, we have been participating in the IberCup for many years."

The competition level, organization and the true football environment greatly benefit the development of our players who are on a professional and collegiate pathway."

Jeffrey Saunders
Sport Director
Metropolitan Oval - USA

NEXT STEPS TO CONFIRM YOUR TEAM

1 - PROPOSAL

Analyse the proposal for IberCup Tournaments.

2 - FEEDBACK

Comeback with comments and feedback.

3 - VERBAL AGREEMENT

Confirmation about the teams that will participate.

4 - FIRST DEPOSIT

First deposit through the club and payment plan.

5 - PAYMENTS INFO

FIRST DEPOSIT (CONFIRMATION IN THE TOURNAMENT)

A first deposit is needed in order to reserve your place as soon as possible and the teams will only be officially registered after IberCup receives this deposit. This initial payment must also specify who will be responsible for completing the deposit process, whether it will be the Team Manager or the Club Executive. This deposit is refunded at the end of the tournament. This deposit can also be used to cover incidents related to damage to the sports facilities or buses, as well as any incidents related to fair-play aspects on the fields. This deposit must be transferred to a special bank account that the teams will have access to.

US\$5,000.00 per team

Maximum of US\$10,000.00 for the total of teams from the same club. In this option the payments must come through a unique payment from the team leader or the club.

After that, the team leader will have access to the My Team Info area, which will allow the team to register their players in advance in the system. Until we receive your first deposit the team is not confirmed for the tournament. In cases of teams that have expressed their intention to participate 100%, but their first deposit is missing, they may end up out of the competition if other teams that were in the same situation, make the first deposit before, and, as a result, can fill the last available spots when we reach the maximum limit of teams in the specific category of the tournament. Players, leaders and everyone that is part of the group, pay their participation.
