

# KITCHEN DESIGN CENTER BY GRAMOPHONE

## DESIGN IT

## BUILD IT

## LIVE IT

**Remodeling Simplified – with the  
area's most trusted partner since 1976**

# KITCHENS...

Elevate your culinary experience with a new kitchen that is both stylish and functional.

A kitchen is a place that has changed in function and its use over the years; however, it still remains the most used room in the house. Almost everything gets done there: cooking, entertaining, conversation, and even business and school homework.

## Automation & Control

Sophisticated but simple enough for anyone to use — we will create a custom system that intertwines your lighting, security, entertainment, temperature and more so your home responds to the touch of a finger or a simple voice command.

“

We wanted to let the Kitchen Design Center know how happy we are with our new kitchen. Having had a few months now to work in the kitchen, we can say we are excited about every aspect of it. — *Joe and Helen*

”

# BATHS...

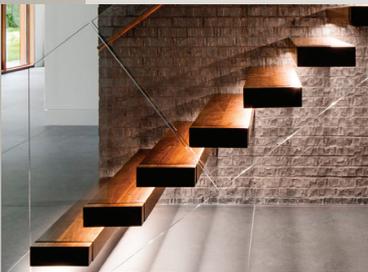

Transform your bathroom into a luxurious spa retreat. Ambient lighting and audio included.

If you've been dreaming of owning a modern bathroom that will meet your needs, Gramophone is here to help. Turn your bathroom into an oasis. With high-quality materials that match your taste, you can relax.

## Lighting & Shading

You wake up and reach for an elegant bedside panel or your smartphone. Select "Morning" and your stunning electric shades gently open to where you like, and lights gently raise. That's how the day begins in a Gramophone smart home. Lighting and shades can have a profound impact on your atmosphere, décor, mood and wellbeing. Gramophone's teams specialize in modernizing old recessed lights and fixtures that are sure to transform any space!

“It was such a pleasure working with the Kitchen Design Center of Maryland. The integrity, patience, and intuitiveness to the job were such a bonus to us as we undertook our renovation. — *Pat N.*”

”

# BASEMENTS...

Where entertainment comes to life.  
Create a space the whole family will enjoy.

Our team loves a challenge, and what could be better than turning an out-of-date basement into your favorite spot in the home. We can transform your space into a multi-purpose entertainment space, furnished in any style to fit your family.

## Golf Simulator

Gramophone offers custom turn-key Golf Simulator packages starting at under \$35,000. Your home is the perfect venue to practice and enjoy a game in comfort and style. Call to book your tee time at The Lodge today and experience the possibilities.

“The professionalism, attention to detail and attention to our specific needs, far exceeded our expectations. Also, please thank your “endless” crew. We received nothing but compliments from everyone. — Spiro and Fran

”

# MORE THAN WHAT YOU SEE

Did you know that everything shown here was done in-house by the Gramophone Team? Yes that's right, we did that!

## ► Interior Design

Sporting an award-winning in-house Design & Build team, we have the experience to provide you solutions for every space and style. Including furnishings and décor!

## Electrical Services ◀

We proudly provide services including new construction, home and commercial generators, and modernizing old electrical systems. As a matter of fact, if you have a

project needing electrical work, big or small, we will do it in-house, regardless of whether or not you're also installing audio/video, lighting or automation, or have even used us for other services.

## ► Generators & Car Chargers

We partner with the industry's top companies for electronic protection, filtration, power conditioning and control products — and don't forget about a whole house generator or electric car charger installation.

# Maryland's #1 Design & Build Center
