COMPACT RIDE-ON SWEEPER

MULTIPOCKET FILTER®

MULTIBRISTLE®

TIGRA

ALL THE EFFICIENCY OF A RIDE-ON SWEEPER AND MAXIMUM EASE OF USE

Thanks to its compact dimensions and zero emission electric motor, the Tigra is particularly indicated for cleaning medium sized, interior floor areas.

Perfect for sweeping hard floors and congested spaces, the Tigra's carpet cleaning kit makes it possible to also clean carpeted areas.

Fine dust is filtered through a polyester filter, with 99.5% filtration efficiency (standard class L filter), or 99,9% filtration efficiency (optional class M filter) and a much longer life than traditional filters.

The filter can furthermore be quickly cleaned after every use via an efficient mechanical shaker.

The upper cover of the machine completely opens, permitting full access to the battery or other internal parts for maintenance.

COMPACT AND PRODUCTIVE

The compact Tigra sweeper has a reduced turning radius (950 mm), which enables cleaning in tight spaces which are difficult to access.

EASE OF USE

Visibility during operation is excellent, and the controls are simple and ergonomic.

PRACTICAL DEBRIS CONTAINER

Positioned at the rear of the machine the debris container has a loading capacity of 63 liters (83 Kg). Made of steel, mounted on wheels, and fitted with a comfortable handle for easy transport and emptying. The optional lift out baskets make emptying even simpler.

MORE FEATURES

- Forward and reverse drive, infinitely variable and electronically controlled;
- Control panel includes ignition key and wet sweep filter bypass;
- Super elastic, anti-marking wheels;
- Electronic service brake and mechanical hand brake;
- Lifting flap for bulky debris;
- Adjustable seat with weight sensor;
- Protective PVC bumpers;
- Steel dirt container mounted on wheels;
- Battery charge indicator;
- Horn;
- Flashing safety lights;
- Reverse beeper;
- Optional class M filter;
- Optional hour meter;
- Optional vacuum cleaning kit;
- Optional carpet cleaning kit;
- Optional TotalSteel;
- Optional dirt container lift out baskets;
- Optional second side brush;

FILTERING EFFICIENCY

Even the finest dust is trapped in the polyester Multipocket Filter[®], which can be cleaned in seconds thanks to an efficient mechanical shaker.

TOTAL STEEL[®]

Robust metal side panels create a protective shield around the machine increasing safety for the operator. TotalSteel[®] furthermore protects the components of the machine and reduces maintenance costs. This optional is particularly suitable for rental machines.

SIDE BRUSHES

The side brushes are activated via ergonomic controls accessible from the operator's position. The shock resistant supports avoid damage which could be caused by accidental impact. The second, left side brush, is available as an optional.

FLOATING MAIN BRUSH, EASY TO CHANGE

The MultiBristle[®] main brush, with rows of mixed diameter bristles, and SharkCap[®] brush protection system, guarantee excellent performance and safeguard the brush and bearings from damage. An innovative attachment system permits rapid substitution of the brush without tools.

MULTIPOCKET FILTER®

With an innovative structure, large filtering area and up to 99.9% filtration efficiency, the Multipocket Filter® delivers clean air back into the environment and guarantees filter performance that lasts over time. The filter is also washable, resistant to water and oil, self-cleaning and easy to maintain.

VERSIONS

TIGRA EB - battery powered

APPLICATIONS

Industrial sites, schools, offices, religious buildings, hospitals, public buildings, airports, ports, shopping centers, logistics centers and contract cleaners.

SURFACES

Ceramics, marble, cement, concrete, linoleum, non-slip surfaces, tiles.

	TIGRA
CLEANING PATH with 2 side brushes	1.055 mm
CLEANING PATH with main brush	650 mm
HOURLY PERFORMANCE	5.800 m²/h
FORWARD SPEED	5,5 km/h
DIRT CONTAINER VOLUME	63 litres
FILTER TYPE	Eureka Multipocket Filter®
TRACTION MOTOR	electronic - 400 W
PRIMARY MOTOR	600 W
POWER SUPPLY	24 V
WEIGHT	232 kg - inclusive of battery
DIMENSIONS with 2 side brushes (l x w x h)	1.380 x 1.055 x 1.215 mm

PLUS

MULTIPOCKET FILTER®
