

Good day.

I am Eldrian Basson, a 54 year old male from Gold Coast, Queensland.

I am a consulting Clinical Epidemiologist, with 14 years experience serving in the military (rank of Major).

I have circa 18 years experience organising trail running events and since 2022 one of the owners of Coombabah Trail Run. We organise three trail running events per year.

Since 2022 I've been a member of Australian Ultra & Trail Runners Association.

Never been involved with something like this, but I trust myself with a "can do" attitude.

Yours sincerely
Eldrian Basson
