

## **Nomination for AUTRA Treasurer**

To the AUTRA Membership

I have been a member of AUTRA for over Fourteen years and throughout this time, I have contributed to the organisation in several ways. My involvement includes managing the records role for the past four years and serving on the Team Selection Committee for six years. I have also had the privilege of representing Australia on four occasions—twice in the 24-hour event and twice in the 100 km event. Each time I represented Australia, I did so with pride, honour, and a deep appreciation for the opportunity AUTRA gave me to represent our country.

## **Nomination for Treasurer**

I wish to submit my nomination for the position of Treasurer on the AUTRA committee. I believe now is the right time for me to give back more to the running community and AUTRA. In my role as records manager, I have shown dedication, attention to detail, and integrity—qualities I would bring to the Treasurer position. I would be meticulous in recording and filing all receipts and payments, and diligent in reconciling bank statements. I take the responsibility of being custodian of membership funds seriously and would ensure transparency, legal compliance, and adherence to all financial reporting requirements.

## **Experience and Relationships**

During my time in the records role, which I hope to continue, and as a team selector, I have established strong contacts within the IAU and gained a thorough understanding of the IAU and World Athletics requirements for compliance. I have developed positive relationships with AUTRA members and race directors, assisting them with questions regarding record requirements and procedures.

## **Vision for the Committee**

I hope to be part of a dynamic and inclusive committee that encourages current and new members to participate in well-organised events and enjoy the fantastic sport of ultra running, both on the trail and on the road or track. Trail and road ultras are each unique, presenting different challenges and experiences. AUTRA embraces ultra running in all its forms, and as a committee member, I would strive to ensure the organisation operates with clear and fair policies and procedures. Should I be appointed to the committee, I will work to provide the best opportunities for all AUTRA members, focusing on the basic principles that ensure our organisation serves the running community effectively.

Regards,

Tia Jones
