

TANDEMCO

Powering the Future of Startup Innovation with Agentic AI

TandemCo is delivering the first agentic AI platform purpose-built for innovation ecosystems and the startups they support.

The Problem

The Innovation Enablement Gap

- Economic Development Organizations lack scalable tools to support local entrepreneurship
- Startups face limited access to strategic, AI-driven resources
- Communities need smarter digital infrastructure

The Opportunity

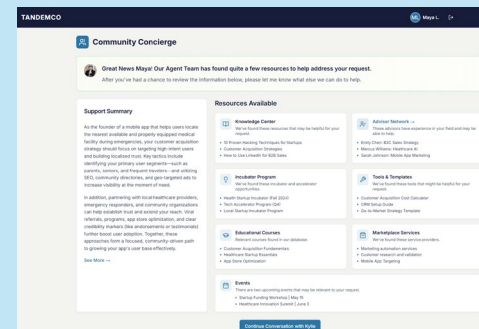

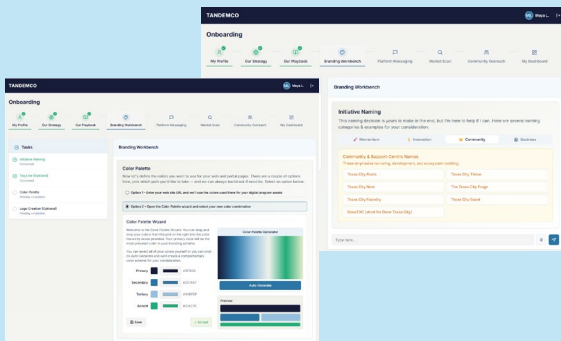

TandemCo is the Solution

- Agentic AI teammates for Economic Development Organizations, founders and the entire ecosystem
- Immediate ecosystem activation without added headcount
- Unified, scalable infrastructure for startup growth

The Product

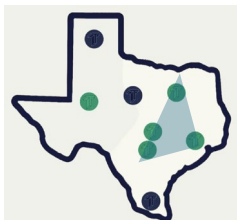

What We're Building

- Turnkey Economic Development & community support
- Intelligent founder support with AI business extensions
- Always-on community engagement
- Borderless innovation opportunity

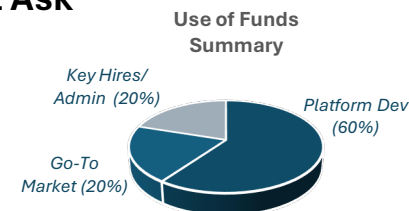

Current Traction

- Already serving three key 'Texas Triangle' regions in regional target market
- Producing \$20K+ MRR from existing digital products
- Traction with The Cannon Workspace hubs & other regional partners

The Investment Ask

Round: \$1m Seed
Valuation: \$2.5m Pre / \$3.5m Post
Equity Value: 28.6%
Close Target: August 30, 2025

Why Invest

- Agentic AI platform optimizing Innovation for Innovation
- Proven Market Fit & Waiting Customer Base
- Heavy Recurring Revenue Model
- Building for Strategic Acquisition
