SMALLMOUTH BASS

ABOVE *the* REST

We like to think we're on top of the world. The landscape is a myriad of clear lakes, countless islands and endless shoreline. At 210 air miles north of the United States-Canada border, Oak Lake sits at the top of the English River System, stretching 19 miles and running 120 feet deep. Our fly-in facility is exclusive to the lake and boasts some absolutely fabulous fishing.

Hearty Home Style Meals

Our American plan facility means your vacation will be carefree because we prepare all your meals - including your morning coffee delivered to your cabin, a full breakfast, an outdoor fish fry with a delectable shore lunch and a delicious dinner to cap off the day. Meals are as rich and abundant in portion sizes as they are in taste and flavor.

Oak Lake is at the top of the English River System with water entering from over two-dozen tributaries. There are no industries on any of the waterways leading into Oak Lake, and Oak Lake Lodge is the only fishing lodge. There is no road access and reaching Oak Lake Lodge by boat is limited by a set of waterfalls. Rocky points, shallow bays, reefs and current provide the perfect structure for walleye, northern pike and bass. All of these factors make the fishing at Oak Lake legendary at our private, idyllic setting in northern Ontario, Canada.

Oak Lake Lodge provides 16 ft. Lund Fury boats for guests and 17.5 ft. Lund Outfitters for guests who have a guide. All boats are equipped with Yamaha four stroke motors, flat floors and comfortable pedestal seats. Every year, new motors are installed in each boat so that you can concentrate on fishing, not trying to start an old motor.

Walleye

Smallmouth Bass

Northern Pike

LAKE to PLATE

At noon, your guide becomes a personal chef. After finding an ideal spot to prepare the morning's catch, enjoy a delicious shore lunch of walleye complemented with salads and sides from our kitchen. Relax and share some tales before you're back on the water for more fishing.

Oak Lake is a catch and release lake. Keep a walleye or two for your shore lunch and release the rest so our fishery remains healthy and plentiful for future generations of anglers.

Clean Comfortable Cabins

Our fully outfitted cabins offer each group their own postcard piece of heaven within Oak Lake Lodge. The cabins also offer screened-in porches to bring a little bit of the outdoors in and allow you to peacefully take in the incredible sunrises and sunsets bug-free.

GROUPS *and* FAMILIES

Whether your group is large or small, we have cabin plans to suit your needs. A maximum occupancy of 32 guests, Oak Lake Lodge is the perfect setting for your group getaway.

An unforgettable Canadian fly-in fishing trip is the ideal way to thank your hard-working employees, congratulate a group on a job well done, woo potential clients or pamper preferred customers. We'll organize the trip for you and your guests, so you can just focus on your employees or clients and - of course, fishing.

Our remote setting is also a wonderful way to spend time with your family. From a simple father-son/daughter bonding trip to a multi-generational gathering, time spent here together can help you stay connected.

We supply:

the OUTPOST

The Oak Lake Outpost is an exclusive cabin on the east end of the lake. This is the ultimate fishing getaway for up to eight people. We offer four or seven-day stays. Spend your days fishing in complete privacy; it's just you and your companions casting lines over the serene water. Here you'll find a magnificent wilderness and unbeatable fishing made just for you.

OAK LAKE LODGE & OUTPOST

As the owners of Oak Lake Lodge for 27 years, we promise you: fly-in fishing on a beautiful lake, tasty homemade meals, clean comfortable accommodations, and professionalism at every turn. Enjoy the special attention we lavish on you, our guests, on your next fishing adventure. **John & May Naimian**

How to get here from there

From the Minnesota Ontario border to Fort Frances:

1. Turn east on Hwy 11
2. North on Hwy 502 to Dryden
3. West on Hwy 17 to Vermilion Bay
4. North on Hwy 647
5. Less than a mile up the road, you will find Wilderness Air for your flight to Oak Lake Lodge & Outpost

For those flying in commercially, a shuttle service is available to Vermilion Bay, **contact us for rates.**
