DEQ Too Available at Jiffy Lube!

Jiffy Lube® is one of DEQ's authorized participants to transfer emissions data from your vehicle to DEQ. If your vehicle is model year 2005 or newer, Jiffy Lube now has capabilities to transfer your emissions data directly to the DEQ, saving you a trip to the DEQ test center. You'll immediately learn if DEQ passed your vehicle and complete your test and registration payment transactions online. Your stickers will arrive in the mail in four to eight business days. It's that simple! Jiffy Lube's data transmission fee is $27 - $30. DEQ does not require the fee or set the amount and none of it goes to DEQ. For more information visit www.DEQToo.org.
