### Classes

All entries in the novice class must have some prior knowledge and experience of the discipline they choose. **This is not suitable for first time shooters\*** as it is a competition and would be unfair for anyone to shoot over 10 times the amount they would do in a “have-a-go” session without any prior training.

\*All competitors must have been to at least ONE have a go session. Troops/Units/Leaders requiring practice or refresher should book a session with the archery team as a Competition Practice?

All rules will be explained on the day prior to the competition.

**Archery entries are for Take down Recurve bows only**
