PRINCIPAL'S

MESSAGE

This year's graduating class is an excellent group of students. They have done well academically, athletically and in extra-curricular activities. As school leaders, the class has made sure that student life at LHS has included a great number and variety of activities. Grade twelve students have made a real contribution to band and the guitar club; to soccer, volleyball, basketball, curling, and hockey; to student council, winter carnival, yearbook, canteen, and the host of activities that make up a successful year. I also

note that they have led the way in the peer educator group (working mostly with grade six students). The class has seen and welcomed the introduction of the semester system.

Congratulations graduates! You have put a lot into school life and got a lot out of it. LHS will always be here to assist you in the future. Good luck and come back and see us!

V.P.'s MESSAGE

JOEL LAMORRE

I am glad to be part of Lunenburg High. I expect that you and I will learn and achieve things together.

Our smallness is our strength. Small is beautiful. Why? We will get to know each other better; we will be in a position to help each other in a more meaningful manner; we will work to achieve greatness for each other.

Our efforts to develop our gifts will continue on in the years to come. I expect the "Mariner Tradition" to make each one of us a winner.

60th ANNIVERSARY OF THE FIRE STATION

Courtesy of Terry Conrad

The La France Truck was purchased in 1928 to increase the efficiency of the Fire Fighters. The above photograph shows all the firemen who served on the La France while it was still active. The truck was donated to the Firemen's Museum in Yarmouth.

A BRIEF HISTORY

During the early years, after the founding of Lunenburg and the surrounding areas, each family, assisted by their neighbours, provided their own fire protection.

The first monetary assistance was given to the Lunenburg settlers in 1757, when Colonel Patrick Sutherland addressed the council at Halifax. Because of a previous fire, that caused severe damage, he asked that relief be given to those who suffered. The Council granted seventy pounds, approximately two hundred dollars, for this purpose.

After this, the citizens of Lunenburg realized a step must be taken to organize a group of volunteers who would be given specific responsibility in fighting fires which occurred within the township of Lunenburg. The first volunteer group, known as the "Bucket Brigade", came into existence in 1820, under the leadership of its first captain, Casper Oxner. In 1829 the group of thirty-two members took the name of the "Crown Fire Company".

Then, in 1838, a complete reorganization took place as new ideas and better protection were desired. Following this, an act was passed, in 1842, to enable the inhabitants of Lunenburg to purchase a hand pump which was considered an outstanding piece of equipment in its day.

The first operational headquarters of the Lunenburg Crown Fire Company was erected during the period between 1873 and 1879. The building stood at the corner of Prince and Cumberland Streets.

In 1885, the Town of Lunenburg purchased a Steam Fire Engine which replaced the faithful old Hand Pumper that was used for so many years. After this purchase, the department was again reorganized into the Relief Company #2 Lunenburg Fire Department. It was at this time that the motto "Deeds not Words" was adopted. The same motto is still used today. A more suitable Engine House was built between 1885 and 1886 close to the area on which the monument now stands.

It was in 1889, one year after the town's incorporation that the Town of Lunenburg took the Fire Department under its wing with certain stipulations by the Fire Department.

Then, the first water system, with hydrants, was installed in 1903 and was a major addition to the equipment and facilities used to fight fires around the community.

The cornerstone for the present fire hall was laid on June 7, 1928 on the 175th anniversary of the founding of Lunenburg. At this time, another reorganization took place and the fire department name was changed to the now existing "Lunenburg Fire Department". Many changes have been made to the existing building since 1928.

Fire protection and service is given, for the most part, by volunteers. These men and women unselfishly give of their time and energy to provide protection and safety to their communities. Providing this service requires dedication, physical exertion, endurance and often a risk to one's personal health and life. Because the Lunenburg Fire Department is no exception to these qualities, it was felt that a memorial should be established. Thus, a monument erected on October 9, 1988, honours the memory of all volunteer fire fighters who served the Town of Lunenburg and District # 1 since 1928.

The Firemen's Monument was unveiled by Mrs. Eileen Eisenhauer and Mrs. Irene Sheaves.

The Color Party was formed in the fall of 1988. It is led under the direction of Lieut. Douglas Greek and is used in special events which concern the Lunenburg Fire Dept.

TO MY FELLOW GRADS..

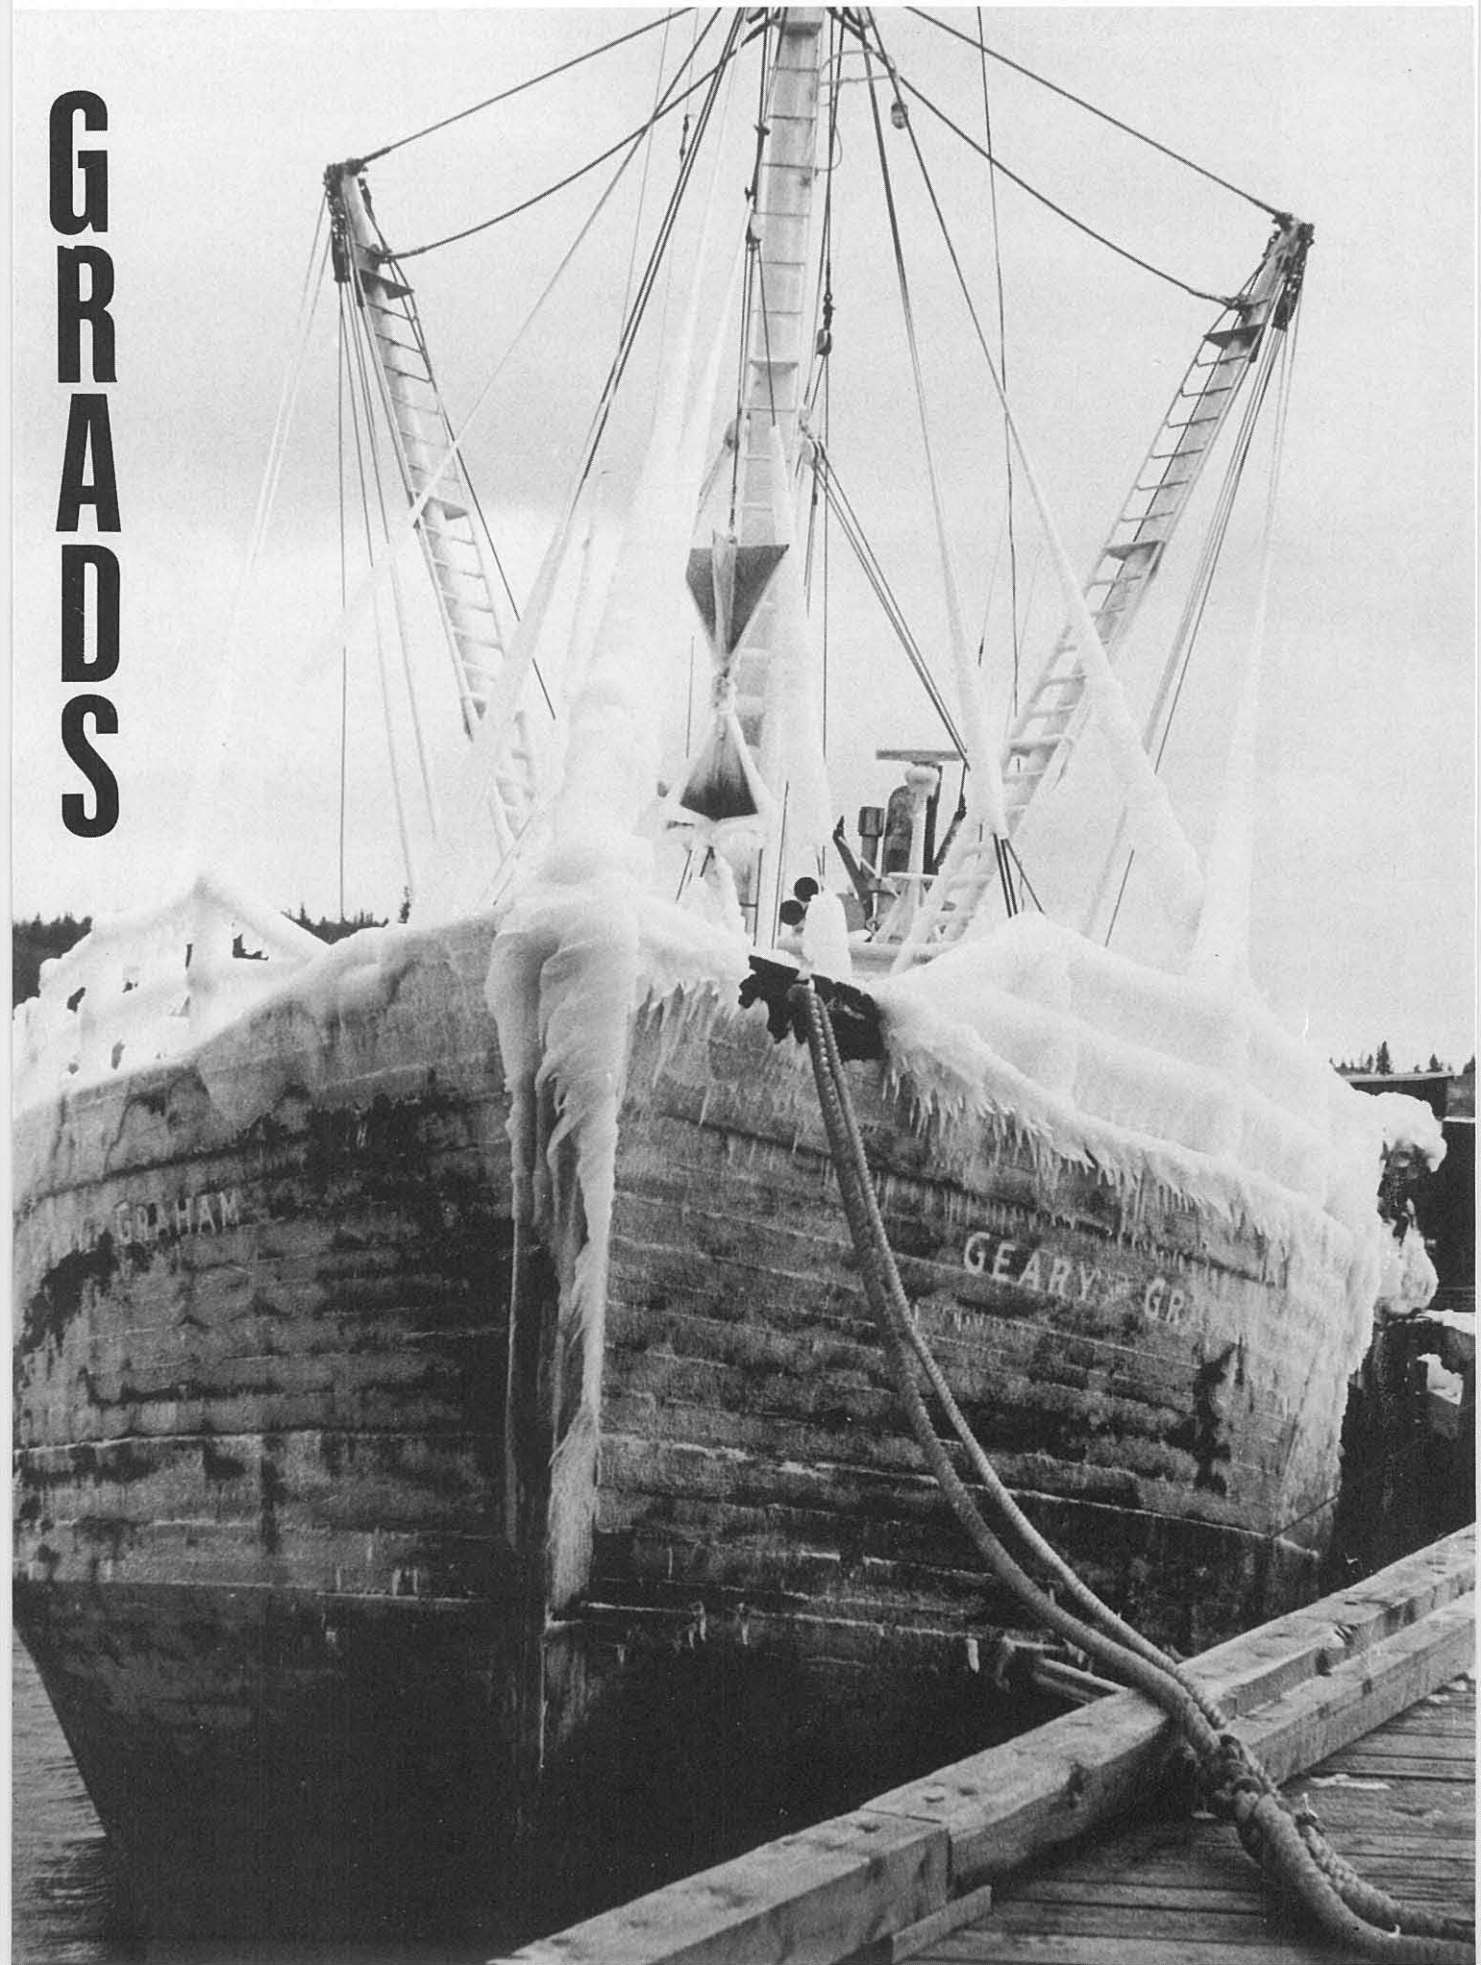

As a student of the "Graduating Class of 1989", I've seen the ultimate in changes occur throughout an eventful life-time with most of these teenagers. Our lives, as well as many newcomers to the class, have revolved around set goals, failures, and achievements. This last year of high school has proven to one of sheer companionship, understanding, and an all around pinnacle of good times (and sometimes not so good). Yet, each and every person in this particular graduating class has evoked many an inspiration to everyone else. The total potential of the class stands alone at the top of a mountain of accomplishments. A mountain to which the peak infinitely reaches towards the sky. When times were hard for one to climb the first few feet at the bottom, they became hard for us all. Now, that we won't exactly be there for each other during the next few feet of the excursion, we will be climbing, struggling to reach the never ending apex alone. Yet, not toally alone because each one of us are aimiable enough to continue making more friends and helpful companions. Thanks to you, my fellow graduates, I've tremendously enjoyed my last eight years in this high school and your also, not mentioned, hilarious antics.

It's been a blast! Thanks, guys!

GRAD S

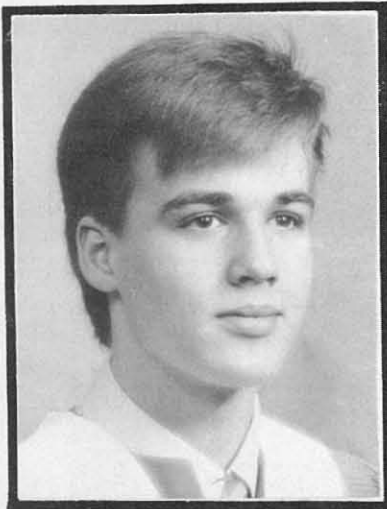

**Michelle Lynn Bennett
"Shell"**

Michelle has been with us from the very beginning. She has had a very busy year as vice-president of the student council, business manager of **The Seagull**, as well as co-head of the Christmas dance, prefects and the canteen. Shell is also involved in TADD, peer education, the grad dance committee, sr. concert band, and too many others to mention.

"Don't ever get so rich that you can afford to lose a friend."

I, M.L.B., being of perverted mind and undieted body, leave to my fellow classmate, Sandi, the hope that one day she will realize that pepsi is the best; to my good friend, Jesalene, the ability to make all her dreams come true; to the teachers, the thought that you have finally seen the last of the Bennett family! To LHS, thanks for the memories that I will greatly treasure.

P.S. Cynthia, I want to be a bridesmaid!

**Peter Kirby Robert Brown
"Kirb"**

Kirby was born in Montreal and moved to Lunenburg in time to join us for grade primary. Kirb is an active member among the senior class. He is co-head of winter carnival and the prefects along with being head photographer of **The Seagull**. Despite all these obligations, Kirby also finds the time to participate in TADD, Christmas dance, peer education and badminton.

Every cloud has a silver lining; if it doesn't, just make one up and sew it in."

I, P.K.R.B., being of optimistic mind and pessimistic body, leave to Keith the thought that we will be back for our bi-weekly bar-b-ques. To Jennifer M., I leave winter carnival. To Kevin C., I leave the position of photographer, knowing that he'll enjoy annoying people as much as I did. To the teachers of LHS, who have taught me so much and enabled me to go forth into "the real world" with confidence, a simple "thanks". Don't wish me good luck...because of you, I won't be needing it.

Cynthia Jean Carey
"Cynth"

Cynthia was born in P.E.I. and moved to Lunenburg in time to join us for primary. She was one of the more active members of our class. Cynthia was co-head of canteen and the Christmas dance committees, and as well as taking on the demanding role of treasurer of the student council, she found time to be involved in TADD, Peer Education, serve as school librarian and worked on **The Seagull**. Cynthia also enjoyed playing on the volleyball, curling and soccer teams throughout her years at LHS. During the summer Cynthia can always be found at the LYC.

"The world always looks better from behind a smile."

I, C.J.C., being of dizzy mind and clumsy body, leave Diana J. the ability to recruit new fan club members, for she is the only one left. To Kevin and Chris, the fact that they will no longer have me to pick on in band. To the teachers, I leave 83 more Careys - Ha Ha, just joking!! Finally, to LHS, I leave all the memories and the thought that I had my best years here and the friendships will last a lifetime! Thanks!

P.S. Michelle, I want to be a bridesmaid.

Patricia Elizabeth Chapman
"Tish"

Tish was born in Harbour Breton, Nfld., and moved to Lunenburg when she was three and joined our class in Primary. Cute, little chubby cheeked Tish can be found in the canteen or patrolling the halls. In her spare time she can usually be found driving "Ole Betsy" or hanging out with the skateboarders.

"Happiness is not getting what you want, but wanting what you have."

I, P.E.C., being of overwarped mind and overworked body, leave, to Tina, Mel, Jacki, Jas, and Anthony, the fact that they only have a few years left. To the teachers, I leave the fact that I'm not the last of the Chapmans. To Cory, I leave the thought that he may bug the teachers as I often did. To Cindy and Tye, I leave best wishes of good luck for their future. To LHS, I leave with fond memories and sad good-byes.

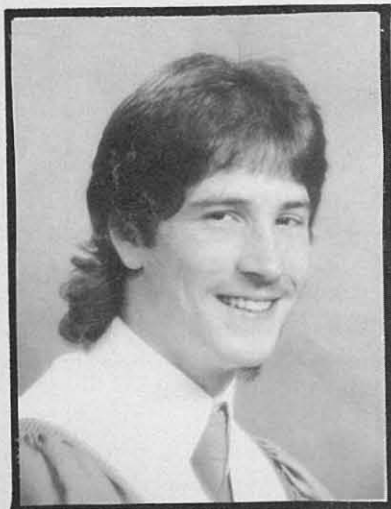

Sandra Anne Corkum
"Sandi"

Sandi has been with our wonderful class from the very beginning. She is the second member of the Corkums to continue the prestigious(?), honor(?) of presidency of the student council. She is also the president of TADD and the float committee. Sandi also finds time to participate in many other activities such as peer education, typing, band and volleyball, just to mention a few. Did Chad call, Sandi?!

"Love gives Life!" - G.T.

I, S.A.C., being of over-exposed mind and unexplainable body, hereby leave to my sister, Stephanie, the request and hope that she will continue the Corkum tradition of presidency and to enjoy her school years as much as I did. To Peter Johnson, I leave in hopes that he will not find me wherever I go. And finally, I'd like to thank everyone at L.H.S. for all the great times and memories. I'll miss you all and remember, "save our school" it's worth it!

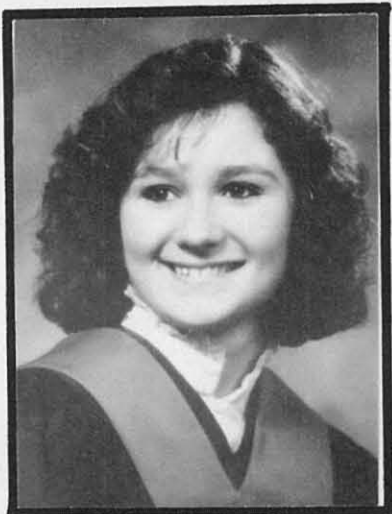

Anthony Charles Crouse
"Anthony"

Anthony was born in Lunenburg and has been here ever since. Anthony enjoys all sports, and, in the colder months, he can usually be found at the curling club. He also enjoys hunting, fishing and dirt-biking. If he can't be found at the weekend parties, he's probably catching a bus to Cape Breton to see a certain "Savory".

**"When you see something you want, go
for
it. But, remember, I'm only human."**

I, A.C.C., being of suped up body and jump-started mind, leave to Kevin Chisholm the thought that I will no longer be around to beat him up. To all my little Quebec fans, hang in there, they will win some day. And, to the teachers, they will be glad to know I'm the last of the Crouses, for a while. Finally, to the rest of LHS, "Later!".

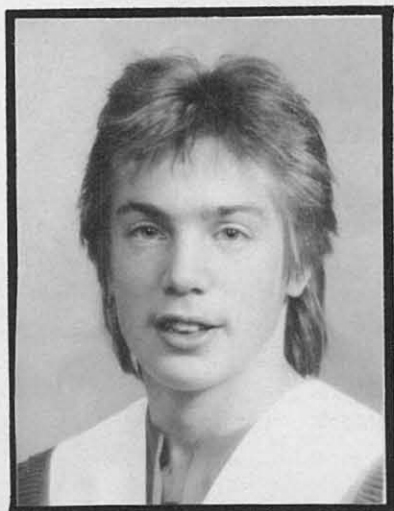

Sheryl Anne Crouse
"Mokie"

Sheryl is a new member of our class. She previously attended PVEC. She is involved in soccer, basketball, and enjoys being a member of the ski club. In school, she can usually be found roaming the halls with Klee. In her spare time she is usually in a silver Honda with a certain Emberly or caring for her pet tarantula.

"Live, Love and Laugh"

I, S.A.C. leave L.H.S. with the thought that it won't be the same without Klee and me. To Jeff, I leave the thought of us sneaking through Bridgewater to see a certain J.D.L. To Tye, I leave the thought of us and the "Quizz kids". To Klee, I leave the thought of those "Tiny Bubbles". Finally, to Jerry, the thought of me knowing the secret and of us!!

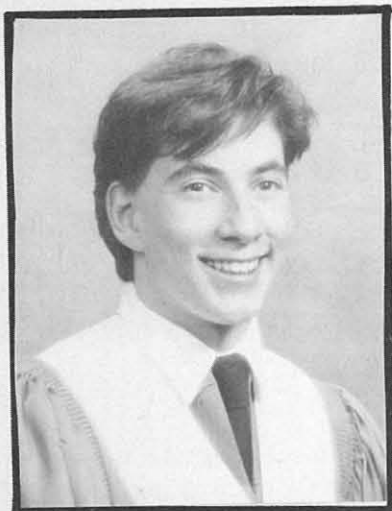

Alan Bruce DeMone
"Allay Boobay"

Alan is also a true Lunenburger and has been with us since primary. Although Alan is considered the quietest member of our class, he still is actively involved with hockey, both in and out of school. If Alan can't be found at the rink, he can usually be found at the Mini Mart buying Reeses Peanut Butter Cups.

"Easy come, easy go!"

I, A.B.D., leave everything I own to whoever wants it, although I don't have much!

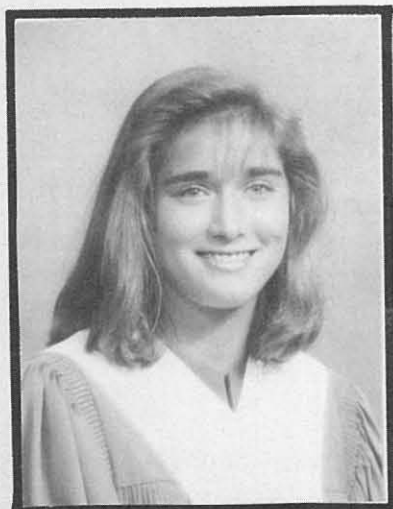

Derek James Filiatrault
"Filly"

Derek, the dramatic member of our class, was born in Antigonish, N.S. and joined us in grade 6. In school, Derek is involved in hockey, bandminton, volleyball, the guitar club, and plays trumpet in the concert band. He also participates in peer ed, TADD and the grad dance committee. Out of school, Derek is an actor with the Bridgewater Hospital Chorus and Drama Society.

"I am one of those people who just can't help getting a kick out of life, even when it's a kick in the teeth."

I, D.J.F., being of humgrously bizarre mind and Sylvester Stallone body, leave to the teachers of LHS the reassurance that my sister will not be as corruptive as I. To my sister, I leave the ability to be as corruptive, to the school, as I, which gives me the pleasure of lying to my teachers one last time. To Keith Dodge, I leave the ability to wear sunglasses to school, in school, and from school, whether it is sunny or raining. Unfortunately, everything else that I have is much too valuable to just give away.

Krista Ann Findlay
"Applepicker"

Krista is a "deja vu" this year. She was born in Saint John, NB and lived in Windsor until she joined our wonderful class in grade 10. However, she left us for her grade 11 year but just couldn't stay away. She is involved in track & field and soccer. When she's not in school, she can usually be found at the pool blowing her whistle, going home to see "Mom" or with a certain Hulk-A-Maniac.

"Life's like a merry-go-round: it has its ups and downs."

I, K.A.F., being of partially sound mind and small body, leave LHS with two years worth of great memories. And to all my fellow graduates, the best of luck with their future plans.

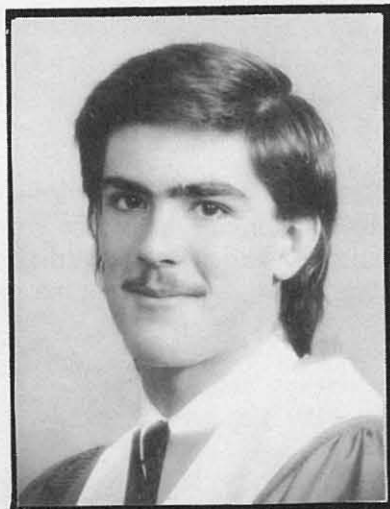

Felicia Priscilla Gonzalez
"Flea"

Felicia, one of the smaller members of our class, was born in Halifax and joined us in grade three. But for some reason, she still seems to be the same size. Felicia is actively involved in soccer, curling, typing, band and many more activities too numerous to mention. Felicia also looks after the homework hotline. When Flea isn't looking after the elderly at Harbour View she can usually be found looking after Jeff in Garden Lots.

"To get people to listen to you, tell them it's confidential."

I, F.P.G., being of blank mind and extremely little body, leave to my cute little cousin, Jason Lohnes, the scary thought that he has two more years left of high school and two years to bang on the drums. Have fun! To Eddie Kozma, I leave absolutely nothing (He begged me to put his name in the yearbook!) And, finally, I thank my classmates for making my school days memorable. Goodbye, it was a blast!

Jeffrey David Green III
"Jeff"

Jeff is yet another original Lunenburgger. He is involved in **The Seagull**, float committee, prefects, and is also co-head of the grad dance committee. Jeff is also very involved in all sports. Whether it be on the field or on the ice, he can usually be found cracking jokes. Jeff also enjoys working part-time at the I.G.A. So what's your point Jeff?

"One trouble with trouble is that it usually starts out like fun."

I, J.D.G., being of fried mind and worn out body, leave the following things to the following people: to Jason L. and Kevin S., my ability to "eat it raw"; to my sister, Denise, my books that were never used and the keys to a 1981 Buick; to Mrs. McNaught, the thought that I won't be around anymore to call you "yuppie" or tell you that you have an attitude problem; to the teachers, who thought I wouldn't make it, " This bud's for you - thanks for your support."

Patricia Lee Ann Gurney
"Gurney"

Gurney was born and raised in pure Lunenburg air. She is very actively involved in soccer, volleyball, basketball, softball, badminton, track and field, and cross-country. But, amazingly, she still finds time to participate in grad dance committee, canteen and **The Seagull**. Gurney is also a librarian and can be found either wandering the halls as a prefect or looking for a certain Rafuse.

**"Love doesn't make the world go round.
Love is what makes the ride worthwhile."
- Franklin P. Jones**

I, P.L.A.G., being of obscene mind and athletic body, leave to the teachers, two more Gurneys, but the worst you have already had. To my sister, Lori, the thought that you have two more years at LHS. To my brother, Cory, my soccer cleats in hope he can stay on good terms with Mr. Sayer. Finally, to LHS, thanks for the collection of so-called "memories".

Tania Denise Hackett
"Tan"

Tania was born and raised in pure Lunenburg air. She participated in typing, the float committee and the ski club. During the winter months, Tania can be found coaching figure skating, and when volleyball season is upon her, she can be found practising her over-hand serve.

**"In judging others, it's always wise to see
with the heart as well as with the eyes."**

I, T.D.H., being of tired mind and short body, leave to my sister Jacki my volleyball knee pads in hopes that she will get better use of them than I did. To Suzanne, I leave the memory, Thump!! To Rachel D., I leave the Sunnybrook memories. To Mr. Lewis, thanks for all the extra math help. To the teachers, the fear that there is one more Hackett on the way! Look out! Finally, to LHS, I leave with many great times and memories that I will never forget.

**Cindy Louise Hatt
"Cin"**

Cindy, one of the quieter members of our class, was born in Lunenburg and has been with us since primary. During the winter months she occasionally went to Martock with the ski club. When Cindy is not hanging around with the skaters she can be found driving around in "Nan's" car.

"If you love something, set it free; if it doesn't come back to you, it was never yours."

I, C.L.H., being of small body and rad mind, leave to my best friend, Tina Pierce, the thought that she has two more years left to go. To Jackie Lee, Jacki H, Melanie C, and Jason L., I hope that their last years are good ones. To Anthony Morash, I leave the thought that he has a while for his bangs to grow back. Finally, I leave to my brother, Jeff, the hope that he won't get in trouble with Mr. Brison like I sometimes did. To LHS, I leave with good memories.

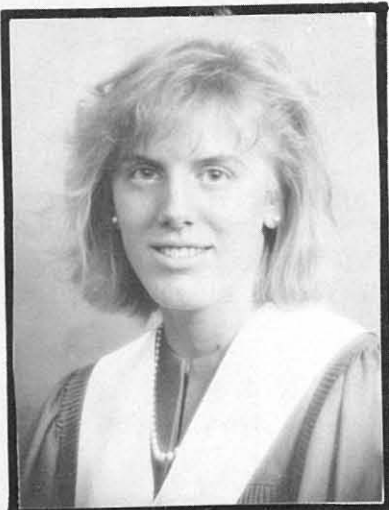

**Catherine Michelle Hillier
"Chatty Cathy"**

Cathy is a true blue Lunenburger and has been with us since the beginning. She is one of the most talkative members of our class and if she can't be found "chatting" she can usually be found arguing with her sister. Her numerous stories will be missed and remembered.

**"If you love something, set it free
If it comes back to you, it's yours
If it doesn't, hunt it down and shoot it."**

I, C.M.H., being of sound mind and body, leave to LHS the thought that there is still one more Hillier to go who is worse than me. To Michelle Steen, the thought that she will hopefully get out in a year. Finally, to LHS, thanks for the good times. Goodbye!

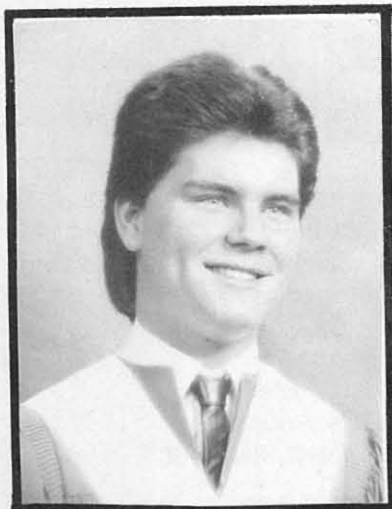

Jesalene Mary Kilfoy
"Jes"

Jesalene was born in Lunenburg and began school with us at the Academy. She is actively involved with typing, the canteen, and is a student librarian. Jesalene participated on the winter carnival committee and roamed the halls as a prefect. After school, Jes helped the teachers by recording the homework for the hotline. Jes can be found grinding the gears in her Escort.

"To love and to be loved is the greatest joy on earth."

I, J.M.K., being of confused mind, flat and bottomless body, leave the thought that I was the only Kilfoy to graduate from LHS. To Eddie Kozma, I leave the fact that he is the only student left who knows the secret recipe. To Tina Pierce, I hope that your last two years are as fun as mine were. To Michelle Bennett, I leave the thought that she will always be my best friend. Finally, to all my friends, I hope you have a wonderful future.

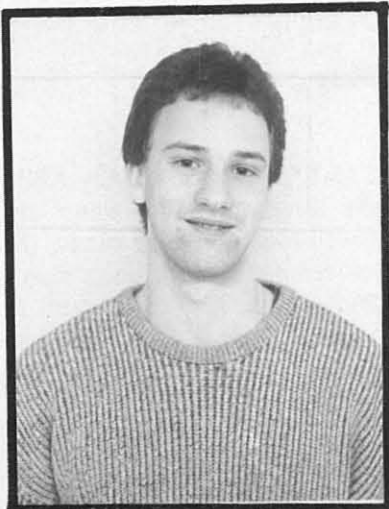

Rodney Brian Jorgen Martin
"Wes"

Rodney, one of many, is a true Lunenburger, and has been with us since primary. Over the years, Rodney has been actively involved with soccer and hockey. He also enjoys hunting and partying. Rodney can usually be found driving around with the "Applepicker" or working hard at the IGA. Someday there may even be a "Wes-A-Mania" - who knows!

A great source of pleasure is to party!"

I, R.B.J.M., being of extremely intelligent mind, and hulk-a-sized body, leave to Trevor Hyson, my collection of Hulk and W. Clark posters. To Mr. Burgess, my favorite teacher, I leave my two sisters with the hope that they will enjoy your teaching as much as I did. Finally, to LHS, thanks for all the good times and great memories. To Jeff Green, "Later Lou!"

John Gerald Mason
"Masman"

John, a resident of Pleasantville, heard so many great things about LHS, he decided to check it out for a semester. John was welcomed whole-heartedly by our class. John enjoys playing tennis, badminton, and volleyball. During his free classes he can usually be found in the gym with a basketball.

"Do unto others as you'd have done to you."

I, J.G.M., being of sound mind and body, wish to be buried with my speed boat and a full tank of gas.

Suzanne Michelle Mawhinney
"Sue"

Suzanne was born in Halifax and moved to Lunenburg when she was two years old. This year she participated on the school curling, soccer and volleyball teams. Suzanne is also a prefect, librarian, on the canteen and float committees, as well as being involved with **The Seagull**. In years to come, Sue will probably be found starring in "The Sound of Music".

"Never fear important people...they once filled their diapers, too."

I, S.M.M., being of choice mind and ridiculous body, leave to my sister "Patsie" nothing for she will get everything anyway. To M.B. and C.C. remember "Dis ain't da Lunenburg pooo ya know". To Diana (#5k), I leave a certain list and the shocking fact that next year she will be able to graduate with top honors. Finally, to the teachers and LHS, I leave with many good friends and memories which I may forget without some help. 'Bye.

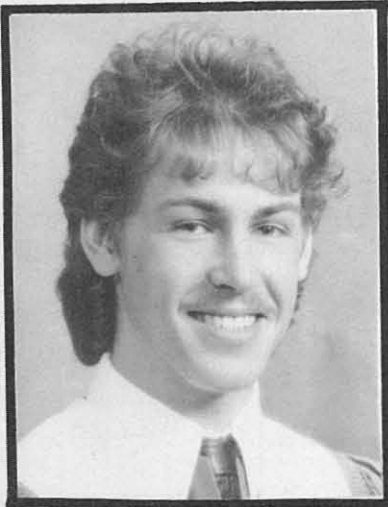

Liza Anne May
"Lisa"

Lisa was born in Toronto and moved to Lunenburg shortly after. Before joining the class in grade 1, she lived in Bridgewater and Manitoba. This year Lisa has been involved in typing class, the canteen, the library, volleyball and peer counselling. She is also a prefect and co-head of the winter carnival committee as well as being involved with **The Seagull**. Out of school Lisa can be found with a certain "Riverporter".

**"God gave you two ears and one mouth;
so, you should listen twice as much as
you talk."**

I, L.A.M., being of absent mind and under-exercised body, leave to Mr. Brison, all his English Novels. To all the teachers and Wayne Bowser, I wish the best of luck, for you're going to need it! To Diana, Jennifer, and Rachel, I hope you all have a great grad year. Finally, to LHS, I leave with a large collection of wonderful memories. Thanks everyone!!

Paul Edward Minard
"Paul"

Paul was born in Lunenburg but lived in Gold River for two years before coming back to join us just in time for primary. During his years at LHS Paul was involved with high school hockey, the computer club and he also teaches kids in the LHS guitar club. Paul can always be found playing his guitars.

**"There's nothing worse than trying
something people say can't be done and
then finding out they're right."**

I, P.E.M., being of distorted mind and restless body, leave to Eddie K. my locker, but only if he teaches me the secret of 11 herbs and spices. To Mike C. I say, "Have a bottle of mustard on me." To Chris V, I say, "Hey! Hey! Hey!" Also, to Keith D, and "The Hankster", leave the task of keeping the guitar club going. Finally, I remind the teachers that I am the last of the Minards.

Lori Christine Mossman
"Lori"

Lori, born and raised in Lunenburg, is one of the extremely active members of our class. She enjoys numerous sports, such as volleyball and curling, and also plays the clarinet in the school sr. concert band. Lori also participates as a librarian and in extra-curricular typing. She also amazingly finds time to be the secretary for student council and the editor of **The Seagull**. In her spare time, Lori can be found zipping through town in her white P.S.B.

"The nice thing about teamwork is that you always have others on your side!"
M.Carty

I, L.C.M., being of hyperactive mind and body, bequeath to Diana, the very frightening thought that next year she will probably become a couch potato without all of us around. To next year's **Seagull** editor, I leave a rusted yearbook room key and a Porsche poster for inspiration! To the **Grads of '89**, good luck in the "real world". Finally, I myself leave with lots of friendships and memories that have been acquired throughout my years at L.H.S. "Thanx"!

Catherine Klee Moyer
"Kleezie"

Klee was born in Brooklyn Bronx, N.Y. and attend PVEC before she decided to grace our class with her presence. Klee enjoys soccer, basketball, and entertaining the students with her musical(?) abilities(?). In the future, Klee will probably be found at Cape Cod chasing guys with dark tans!

"Dont mind criticism; if it's untrue - disregard it; if it's ignorant - smile; if it's justified - learn from it."

I, C.K.M., being of sound mind and body, leave to Chris V. my ability to work well with others in the library, and to Jerry E., my talent of missing homeroom every day. To Rachel D., I leave my musical talents, to Diana J., my closet door - it's no good now, anyway. To Mike Stevens, my horse, Russel. Finally, to Anthony M., I leave my Charity Bear to let out pent up frustrations and to Jason L., all the innocent furry animals around my house so he can blow their heads off!

Derek Morris Nowe
"Derek"

Derek is an original member of our class, having been born and raised here. Derek participates in many school sports including soccer, volleyball, hockey, softball and the ski club. He also enjoys spending many hours hunting. When Derek is not getting on everyone's nerves he can be found making motions as a rep on student council.

'I really do think with my pen because my head often knows nothing about what my hand is writing.'

I, D.M.N., being of wicked mind and outgoing body, leave to Jason Lohnes, the thought that he can have all my motions and seconds in student council. To Lloyd Farmer, I leave my shooting ability for wildlife. To Mr. Chamberlain, I leave the thought that I will no longer be around to torment him between classes. Finally, to LHS, I say "Thanks for all the good times and memories, for I am the last of the Nowes."

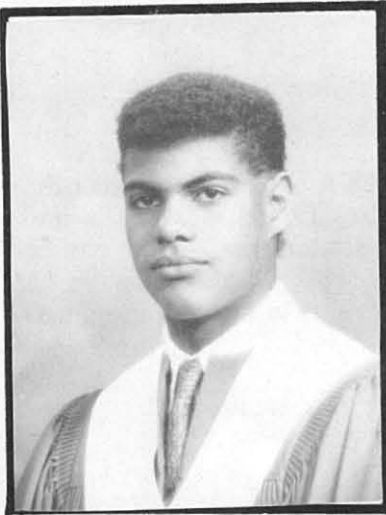

Anthony Poole
"Tony"

Tony was born in Belloram, Newfoundland, and joined our wonderful class in grade 8. During his five years at L.H.S. he became famous for his dimples and laugh. Tony participates as a prefect and is also involved in drivers education, guitar and computer clubs. Out of school Tony enjoys playing ground hockey.

"It's a big world out there, and it's full of little surprises."

I, A.P., being of psychotic mind and enough body, leave to my annoying sister, Phyllis, my inadequate spelling skills. To my little brother, Shawn, the ability to find the funny side of everything. To Mr. Brison, I leave the thought that he won't have to put up with my misspelled words. Finally, to all the teachers, I leave the relieving thought that I am the first and last of the 'Pooles'.

**Derek Rhodes
"Rhodes"**

Derek was born in Montreal and then moved to Chester. After that, he went to Blandford before doing a roundtrip back to Chester. Finally, in grade 10, Derek arrived in Lunenburg. Derek is actively involved with chess and peer counselling. He also enjoys badminton, skiing and volleyball. In future years, Derek may be found cycling his way to an olympic gold.

"You only live once, so you might as well run up a good tab."

I, D.R., being of fatigued mind and body, leave to Keith Dodge my taste in music. To Randy Ottens, all my English notes (if I had any). Finally, to Mr. Jewers, I leave the satisfaction of beating me at chess.

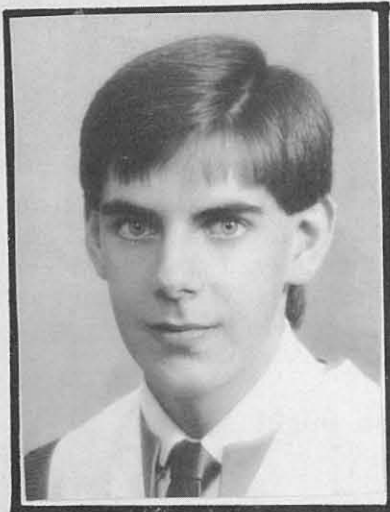

**Michael James Skinner
"Mike"**

Mike, one of the geniuses of the class, was born in Lunenburg and has been with us since the very beginning. Mike enjoys soccer and badminton and is also involved in peer drug education, the chess club and he is a prefect. In his spare time, he can be found listening to "Rush". We'll always remember Mike's sense of humor and his continuous laughing.

"Some people learn from other peoples mistakes...I, on the other hand, am usually the other person!"

I, M.J.S., being of silly mind and flawless body, leave to Keith Dodge, the ability to teach the rest of the school what "good" music really is. To Rebecca Nodding, I leave the knowledge that, of my remaining relatives, "You're next". To L.H.S., I leave. Thanks for the laughs.

Martin Gerrish Whynacht
"Skipper"

Martin was born in Lunenburg and began school with us up at the Academy. During the warmer months he enjoys four wheelin' and sailing. Then, when hockey season rolls around, Martin can be found working the clock for the games. This year, Martin can be found as a prefect or pounding on the drums in the senior concert band.

"You can't always get what you want, but you don't know until you try."

I, M.G.W., being of confused mind and body, leave to Jason Lohnes the on-going quest to find the music before the rest of the band starts playing, and to then find his place before they finish. To Eddie Kozma, the hope that someday he will find a way to fall asleep with his eyes open. Finally, to the teachers, I leave the reassuring thought that I am the last of these Whynachts to pass your way.

Tammy Christine Williams
"Tam"

Tammy is yet another original member of our class. Tammy is a member of the grad dance committee and is also very active patrolling the halls as a prefect. In her spare time, Tammy can be found working at Harbour View Haven or teaching Sunday school.

"Even a fish can't get caught if he keeps his mouth shut."

I, T.C.W., being of thoughtful mind and weird shaped body, leave to Ellie Hunt the thought that she only has one more year left to go. To the teachers of LHS, I am only the first of the Williams to leave and the worst is yet to come. To the graduates of '89, it was a wonderful year!

**Tye Corbin Zinck
"Tye Guy"**

Tye, one of the new additions to our class, was born in Halifax and lived in Dartmouth, completing grade 8. He moved to Lunenburg in grade 9, but only joined us for the "final year". Tye is on the winter carnival committee and enjoys curling and skating. Tye is also the founder of the ski club. If it's working, Tye can usually be found driving around in his Rabbit. Although Tye has only been with us a year, we feel he is an original.

"Life is what you make it. It is up to you to make it fun so hop on and enjoy the ride."

I, T.C.Z., being of mediocre mind, but sound spirit, leave many memories to all my friends: Amo, Tina Pierce, Mike Stevens, and many more. Also, I would like to wish the best of luck to Patricia Chapman, my first love.

WAYNE DOUGLAS JEWERS

"Mr. Jewers"

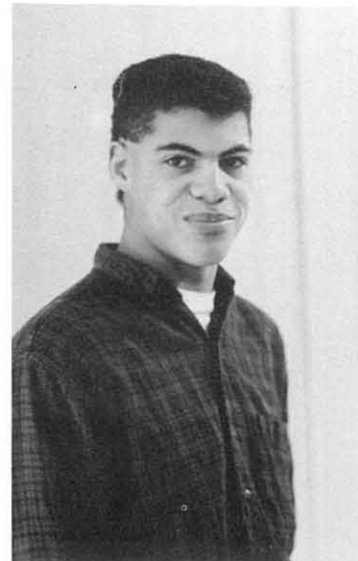

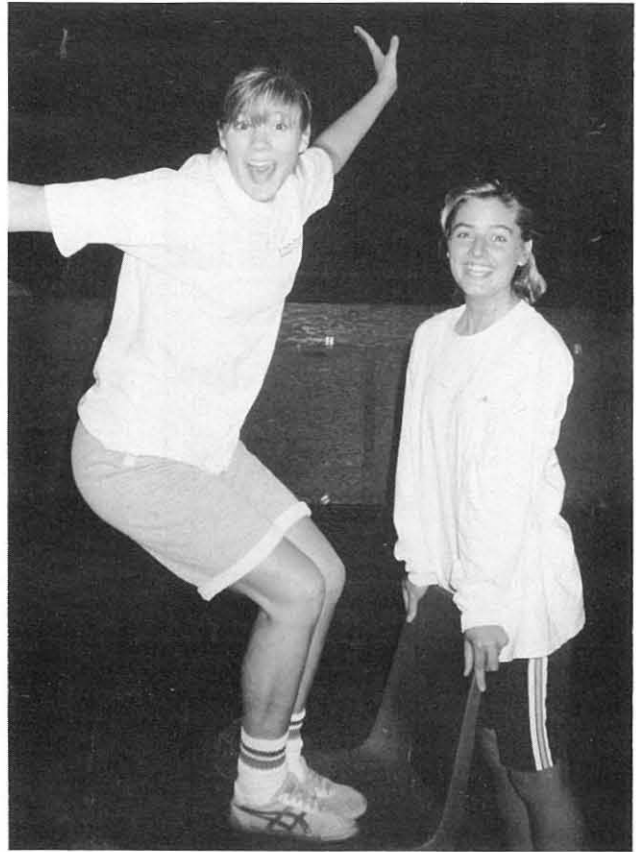

Mr. Jewers was born in Halifax and he began teaching at LHS in 1968, but only stayed for two years. Then, in 1971, he decided to return to LHS because he felt Lunenburg was truly the best! Mr. Jewers is actively involved with Driver's Ed. and T.A.D.D. When he is not risking his neck with Driver's Ed. students, Mr. Jewers can be found giving forty minute lectures to his favourite law class.

"Those who know the least, argue the most!"

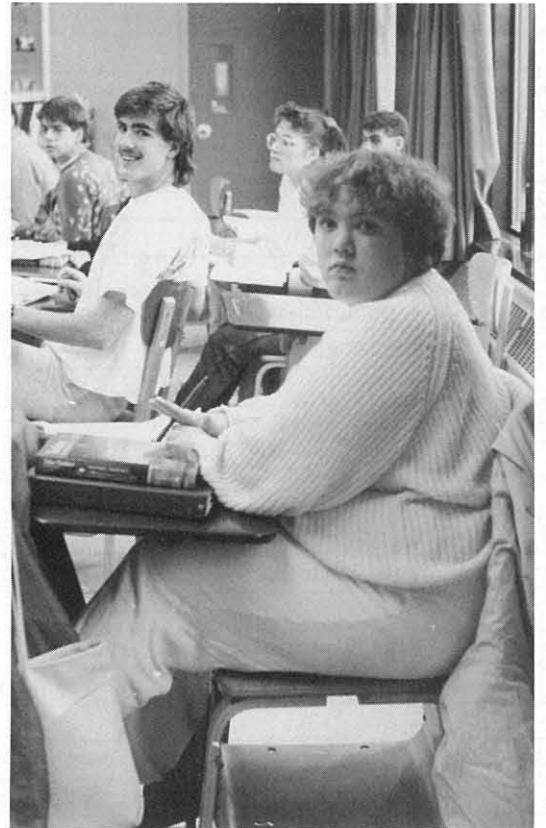

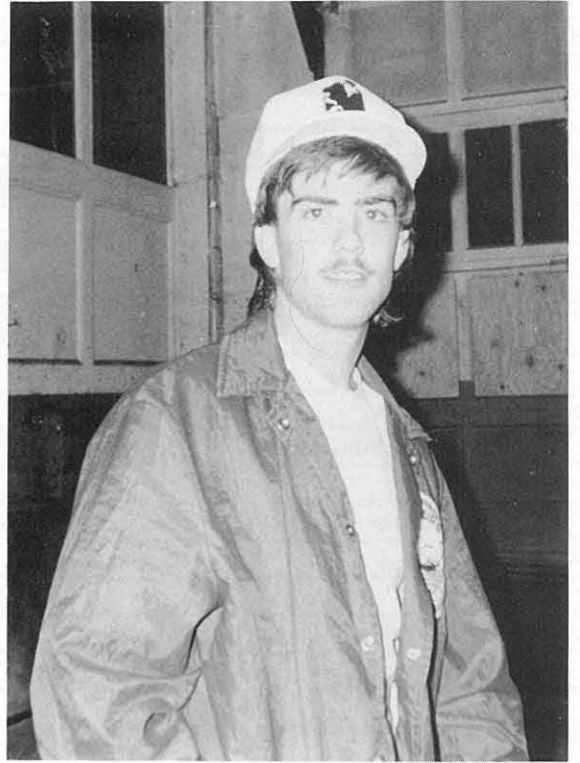

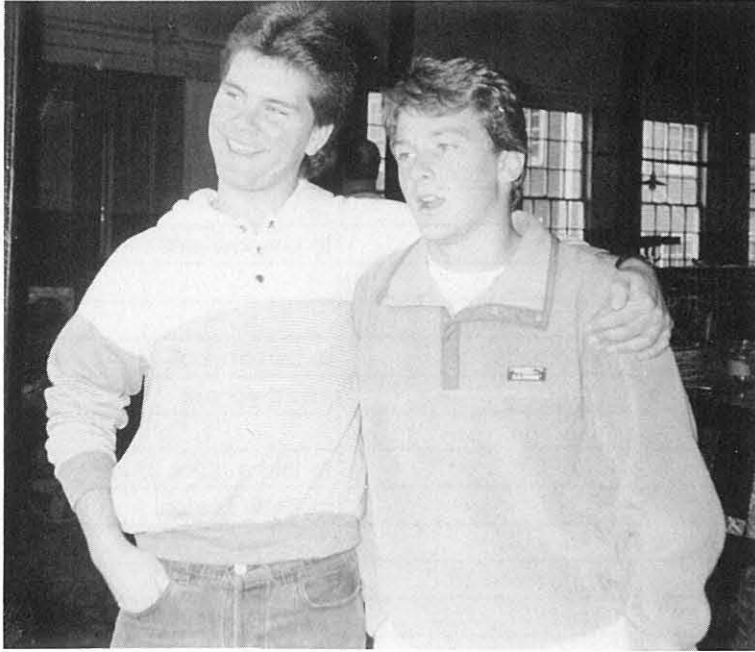

I, WDJ, being of sound mind and body, leave to the Grads of '89 the following: the memory of the frequent grade 12 votes during law class, all the knowledge they must have acquired from my lectures, and finally the best of luck with their future plans. LHS just won't be the same! (SNIFF, SNIFF)

A LOOK INTO THE FUTURE

FAMOUS FINGERS

Two of Lunenburg's lovelies, **Lisa May** and **Trudi Ernst**, have placed us on the map once again. Trudi has recently earned her place in the Guinness Book of World Records for having the world's longest fingernails. Lisa has earned her fame by capturing the title as "Typist of the Year" and says, "I owe it all to Audrey."

THE STUD IS BACK

After the tremendous success of **Derek "The Stud" Nowe's** video, "How I became a Stud!", Nowe has released his second video entitled, "Secrets of my success!" which promises to have even higher sales than his first. The sound track also promises big things, with music from the rapping team of **Derek Rhodes** and **Klee Moyer** of the group "Too Cool".

ZELLERS' NEWEST GIMMICK

Last Friday, at Zellers in Bridgewater, **Sheryl Crouse** brought male customers stampeding through their doors as she demonstrated her talents as an exotic dancer.

BEST SELLERS

Krista Findlay's book called "Swim or Sink" hit the best seller's list this month. In the novel, Findlay tells of her traumatic experiences as she swam the Lunenburg Harbor.

COREY

Corey can be heard on radios throughout the nation as **Lee Ann Gurney**, stage name L.A. Rafuse, wows fans. She's a real unique number, and her "do-opp girls" **Cindy, Cathy** and **Patricia**, are very hot!

DIGGING UP THE DIRT

Martin Whynacht, a ditch digger for the town of Lunenburg, accused **Tania Hackett**, the professional volleyball player of the Tancook "Krauts", of having an affair with **John Mason**. Mason who can only be described as a life-long resident of the Mainstay denies it. But new hubby, **Rodney Martin**, who is "gopher" of the Toronto Maple Leafs, is furious.

NO MORE PAIN IN THE BUTT

Three months ago, Dr. **C.J. Carey** was credited with finding a cure for hemorrhoids. Carey feels that this will be the turning point of her career.

BABY ANNOUNCEMENTS

Mr. **Jeff Green** and Mrs. **Michelle Bennett** Green are extremely proud to announce the birth of their first child, Willamena Babette Green who was born at 7:23 a.m. on April 27, at the Fishermen's Memorial Hospital.

LETHAL LECTURES?

On June 29th, 1999, the newest judge on the Supreme Court of Canada, **Wayne Jewers**, was murdered in his hometown of Lunenburg, N.S. The incident occurred at 7:03 p.m. as the victim was taking his after supper nap. The alleged murderer, a member of the graduating class of '89, **Tony Poole**, is believed to have smothered Jewers. A "Take Notice" Law Book, used by Poole's one time teacher, was the murder weapon; the book, which was used to teach the law class of '89, was opened to a page of Legal Briefs. While committing the act, Poole screamed repeatedly, "This is the law!!"

The Lunenburg Chief of Police, **Alan Demone**, feels that this is an open and shut case against Poole. However, every member of the class of '89 is expected to return home to testify for the defence. They will all attempt to prove that Wayne Jewer's lectures have had a definite affect upon all of their lives and it was, indeed, these lectures that forced Tony Poole to kill Wayne Jewers!!

CANADA'S SECRET WEAPON

Yesterday, the Canadian Armed Forces announced publicly their main battle plan in case of war. They summed it up in one word, and that word was...**LORI!** For Lori Mossman is considered the ideal fighter pilot of the 21st Century and with her Canada will remain safe.

PROFILE ON THE PREMIER

Our newly elected liberal Premier, **Sandi Corkum**, claims that she acquired her political break through her immense chain of Army/Navy Surplus stores.

IS ELVIS ALIVE?

This has been the question pondered by thousands of people as "**Filly**" plays club after club in Las Vegas. "He's more than an impersonator, he thinks he's Elvis, and so do I", said an anonymous groupie.

PLAYBOY TURNED RELIGIOUS?

Kirby Brown, also known as "The Charmer", recently had a change of heart and found that his life didn't spiritually satisfy him. He then kicked out his long time girlfriend, **Jesalene**, the highly acclaimed mud wrestler. He had decided to give up his life of money, fast cars, and fast women and become a monk.

ROCK'N'ROLL HAS TO GO

Yes, this was the chant that roared in Cape Breton, over the law, 12 days as Paul Minard, and his followers, stated that Rock'N'Roll music was the work of the Devil. Anthony Crouse, a Cabot Trail tour guide said, "Either they leave, or we'll make 'em leave!"

FOR HEAVEN'S SAKE!

Local Volkswagon salesman, **Tye Zinck**, threatens to sue the Harbour View Heaven Escort Service for all it's worth! Details have not yet been given, and both **Felicia Gonzalez** and **Tammy Williams**, refuse to comment.

FOURI

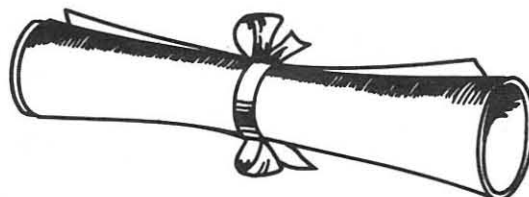

The ever surprising **Suzanne Mawhinney** has begun to spread the news of her plans to remarry, only weeks after the mysterious death of her third husband Mike Pace. And who is the lucky man? Why it's **Mike Skinner**, owner of the several billion dollar company I.B.S.

Tara also worked for the Department of Mines in Springhill and also worked mapping rivers and streams of Cape Breton. She married John Newton and they have two girls. The family resides in Halifax.

JOHN RICHARDS - John started working for Adams & Knickles after graduating and is still with them. He married Anne Greek in 1987 and they now live in Garden Lots.

MICHAEL RITCEY - Mike has been active since graduating. He has operated a seasonal painting operation, taken Electrical training at Halifax Vocational School and has been playing with a band in Halifax for several years. Mike is presently living in Halifax and actively pursuing his professional music career.

PAUL ROSS - Paul went to Dalhousie University and obtained his Commerce degree. He is now living in Halifax and is employed with a major insurance company in the city.

SALLY SAUNDERS - Sally attended Halifax Vocational School and received a certificate in Business Administration. After studying x-ray technology at the Halifax Infirmary for a short while, she was hired by Eastern Provincial Airways as a Flight Attendant. Sally is currently employed by Canadian airline in Halifax and resides in Gander, Newfoundland with her husband Reg Batson.

MICHAEL SCHMEISSER - Michael attended Halifax Vocational School completing a one year course in Business Administration. He then worked for two years with Wire Rope Industries in Halifax as Inventory Controller. In 1981 Michael joined the RCMP and successfully completed their training, graduating in August of that year. He was posted to Duncan, B.C. where he spent six and a half years. In 1988 Michael was transferred to Granisle, B.C. In June 1988 he married Shirley Vanderbasch of Chemainus, B.C.

MICHAEL SILVER - Michael attended L.R.V.S. and obtained his Marine Diesel certificate. In 1984 he received his fourth class engineer's certificate. He is employed as a Diesel Mechanic at Deep Sea Trawlers Ltd. in Lunenburg. Michael presently resides in Lunenburg.

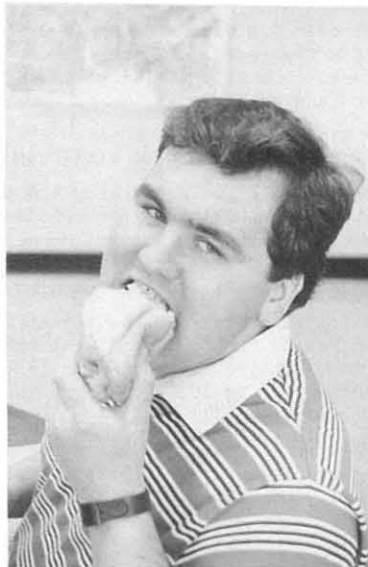

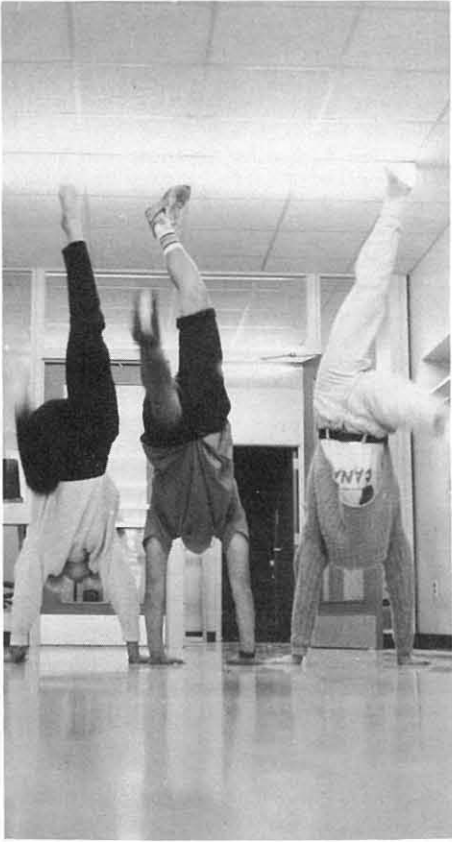

JULIETTE SKINNER - Juliette attended L.R.V.S. and obtained her CNA certificate. She worked for a year at the Fishermen's Memorial Hospital and then married George Joudrey of Mahone Bay in 1980. In 1981 she was employed by the Bank of Montreal and is presently Senior Teller at the Mahone Bay branch. Juliette and George reside in Mahone Bay and have two children, Aaron and Katie.

PETER SMITH - Peter spent some time working in Lunenburg and also British Columbia. In 1988 he returned to Lunenburg where he now resides. Peter is currently employed with Adams & Knickles in Lunenburg.

SANDRA SPENCER - Sandra attended Mt. Allison University and obtained her Bachelor of Music degree. She moved to Toronto and has been working at the Art Gallery of Ontario and taking courses in theatre, mime and dance. She has also been teaching piano and has sung with the Toronto Mendelssohn Choir for several years. She recently completed a two year program at the Institute of Child Study where she received a diploma in Child Study and her Ontario Teacher's certificate. Teens Against Driving Drunk, commonly known as T.A.D.D., was introduced to L.H.S. during the '88-89 school year.

T.A.D.D. is a teen organization that is committed to three aspects: it assists in the elimination of drunk drivers, it raises the awareness level among students of the dangers of drinking and driving and it promotes alcohol awareness through peer education programs.

One useful device in the program is the T.A.D.D. contract. The significance of the contract is to promote discussion between teen and parent and to keep either from risking their lives needlessly. The problem of drinking and driving concerns both teens and adults. The contract is designed to protect the teenager from driving while impaired. The second part of the contract also protects the adult.

T.A.D.D. will benefit all those who are willing to participate by preventing negligent accidents involving alcohol. Hopefully this newly established committee will remain in L.H.S.

Winter Carnival events began on Sunday, February 5 with the coronation ceremony at the Community Centre. Rachel Delaquis was crowned Senior Queen and Susanne Marshall was crowned Junior Queen.

Due to Monday being an inservice day, Winter Carnival events reconvened on Tuesday which was designated "Greaser Day". Tuesday was also "Kiss for a Heart Day" and in the afternoon the juniors enjoyed numerous activities.

Wednesday was "Geek Day" and "Kiss for an Arrow Day". At lunch hour, the teachers were victorious over the grade 12's in volleyball. From 3:00-10:00 p.m. an activity night for all grades took place at the school. Students enjoyed ping-pong, movies, dancing, floor hockey and other activities.

Thursday was "Backwards Day". Students from grades 6-12 participated in a variety of fun events at the mini-olympics.

Friday was senior activity afternoon. Due to the cancellation of the ski trip, students enjoyed sports in the gym, swimming, bowling and a movie. The week's events came to a very successful end with a dance put on by "The Pepsi Party Patrol".

On behalf of the Winter Carnival Committee I would like to thank all those who helped make Winter Carnival "89" a great success!!!

WINTER CARNIVAL

Voyage Au Quebec

On April 29, 1989 thirty-two students and two chaperons will leave for "la belle province" for a "voyage éducationnel". All participants are students of L.H.S. who study French as a "lanque seconde". We will be travelling "en train" and will arrive in Montreal early Sunday morning. The "activités" for Montreal include a "tour de la ville en autobus", a walking tour of "Vieux Montreal", visites to Mont Royal, the Dow Planetarium, St. Joseph's Oratory and the Montreal Stock Exchange. The highlight for the girls will no doubt be the "matin libre" where they can go shopping. The highlight for the boys will be the Expos game on Monday evening.

On Tuesday the group will go to "la ville de Québec" where they will stay in accomadations inside the walls of "View Quebec". While in Ouebec the students will visit all attractions in the "haute ville" and the "basse ville". They will also visite the Beauprè coast, Île d'Orlean, le Zoo de Québec and L'Acquarium de Québec as well as the two large "centre d'achats" in Ste Foy. Throughout the trip the students will utilise French and experience the "ambience" and culture of Ouebec. In addition, there will be ample opportunity to savor "la cuisine canadienne française".

PRESIDENTS MESSAGE:

The '88-89 school year started off as a struggle. As we no longer had the Mariners Booster Society Bingo, to pay for our transportational expenditures. But fortunately, through Mrs. McAllister and the Mariners, we received a substantial amount of money to aid us with this financial burden.

Following this, our first campaign "The Dreaded Cookie Campaign" turned out to be disappointing, to say the least. Yet, Mr. Muise was a lifesaver again as he carried out a highly successful second campaign, the Christmas Candle Campaign.

The rest of the year has gone relatively smooth, thanks to a dedicated advisor, executive, council and student body. For once again, L.H.S. has continued to increase and demonstrate its school enthusiasm from their neverending battle to obtain a school hockey team as well as a desire to establish a ski club within the school. In both cases, L.H.S. has found them beneficial.

And so we say, "Thanks for an unforgettable year, L.H.S., hopefully we served you well!!!!"

Peer Drug Education was introduced to Lunenburg Jr. Sr. High during this past year. Its purpose was to have Senior High Students explain facts about alcohol and other drugs to those in grade six and possibly grade seven.

The lesson plans presented by peer educators, focussed on myths associated with these drugs, decision-making, and alternatives to harmful involvement. The objective was to have junior high students think about some of the effects of harmful involvement with drugs in their lives.

The peer educators underwent a training session in school and then participated in a 1 1/2 day overnight training session on lesson presentation at the Oak Island Inn.

L.H.S. had ten peer educators in the program this year. These students received very positive reports from health teacher, Mr. Muise.

Staff advisor for the peer drug educators was Mr. G. Goodine, Guidance Counsellor.

Being the editor of the '89 yearbook has been a trying yet rewarding experience. It has meant working all year to achieve an aspect of school life that can be treasured by everyone. I particularly hope the Grads of '89 enjoy this edition of the Seagull because it is for you. On behalf of the Seagull staff I would like to thank the following people for their contribution to the yearbook. Mrs. Audrey Andrews for typing up the Grad section, Mr. Robert Lewis for developing all the pictures, Mr. Gary Chamberlain for being an understanding advisor even during the frustrating times and lastly thanks to all the teachers and the janitors who let me in the Seagull room when I forgot my key. Also a special thanks to Michelle Bennett for being a great business manager and Kirby Brown for doing a good job on the photography. Finally, to all the students of L.H.S. thanks. Without you the '89 yearbook would not be the success it is.

*Sincerely,

THE DUTCH CONNECTION

The school has made a Dutch connection!! In March of 1988 nearly fifty students and parents spent two weeks in the Netherlands. The Lunenburgers were house guests of families whose sons and daughters attend the Het Baarnsch Lyceum, a well known secondary school (attended, as a student, by the present Queen Mother of the Netherlands).

The trip was a great success and will be repeated every three years, so that every senior high student at L.H.S. will have the opportunity to go.

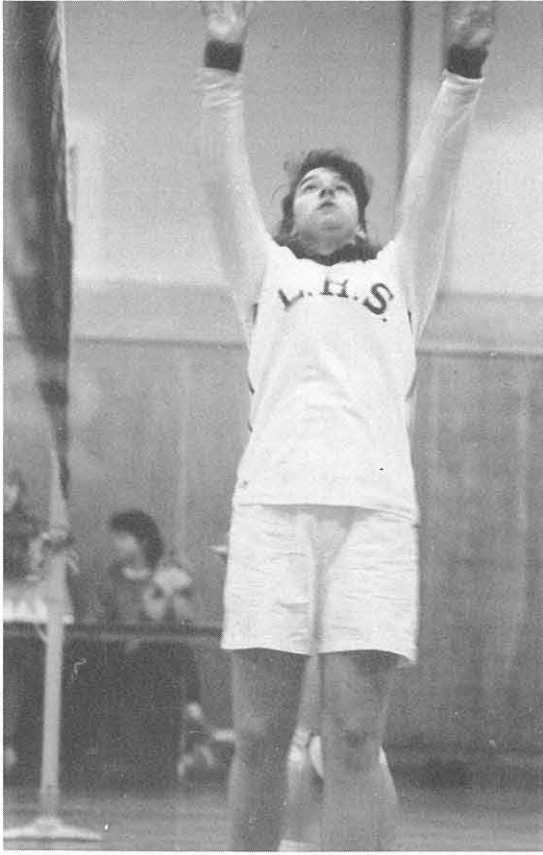

The origins of the connection are in Mr. Sayer's grade nine social studies class and Mr. Brison's family connections in the Netherlands. That and a great deal of enthusiasm and planning made the trip work. Students and chaperones came back with fond memories and good experiences: biking the Dutch roads; Amsterdam's canals, museums, and infamous districts; a boat tour of the world's largest docks, Rotterdam; the flower markets, cheese and windmills; a weekend in Paris; the incredible Delta Works; Dutch pro football games; shopping and souvenir hunting; and fun with the Dutch hosts.

We will be back in 1991.

SPORTS

Girls' Volleyball

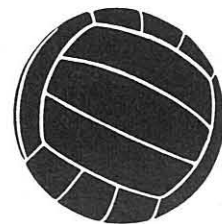

The Senior Girls had what must be described as a successful year. Having continued to improve as the year went along we almost reached our goal of a birth in the Provincial Tournament. With the Regionals being held in Lunenburg, we tied for second place among the five teams but ended up third due to the tie-breaker system. In the tournament we had wins over North Queens and Lawrencetown and loses to Bridgetown and K.C.A.

During the season we played a number of exhibition games and had wins over Liverpool, L.R.V.S., P.V.E.C. and the Lunenburg boys team.

It has been a pleasure coaching the girls over the last two years. As most of the girls graduate this year I wish them luck in their future endeavors.

Congratulations to both the girls and the mixed curling teams for adding yet two more regional championship flags to the L.H.S. Hall of Fame. The mixed curling team won their title by defeating Middleton and Bridgewater. The girls' team also became regional champs by posting victories over Bridgetown and Chester. The teams advance to the Provincials which are being held in Amherst. The girls will attempt to defend their provincial title. The mixed team, being runners-up last year, will also try to capture a provincial title.

2nd row - Jason Lohnes, Chris Vandenbroek, Mr. Sayer, Keith Dodge, Kevin Whynacht, Scott Redmond, Andy Buck, Terry Boutcher, David Knickle, Kevin Smith, Rodney Martin, Kevin Chisholm, Mike Thornhill, Larry Morash

The senior boys soccer team had a good season. The squad was strengthened by new students, Lloyd Farmer, Terry Boutcher and David Knickle. They made a valuable contribution. The boys defeated Chester for the first time in many years. Liverpool and New Ross were also victims.

Anthony Crouse, the netman, was always steady in goal and will be missed next year. The back four, Scott Redmond, Jeff Green, Terry Boutcher and David Knickle, were outstanding all year. In midfield there was promise but a lack of consistency. Lloyd, Kevin Smith, Kevin Whynacht and Danny Rudolf all had their moments. Jason Lohnes, Derek Nowe and Randy Ottens all took a turn to act as strikers. They worked hard and combined well.

Younger players got experience and next year looks good.

L.H.S. had perhaps one of its strongest senior girls teams in the last couple of years. The team was able to "hold its own" against the larger schools in the Lunenburg C League.

The girls were able to defeat New Ross to advance to the Western Regional play downs. At the tournament held in Lockport, Lunenburg easily handled the weaker host team. Unfortunately in the final game Lunenburg lost to K.C.A.

Strong players for L.H.S. this season were Sandi Corkum at the "sweeper" position and Sheryl Crouse at centre full back. Diana Johnson played a steady game at centre half. The team was coached by Sherri Ritcey, Yvonne Lohnes and myself.

Jr. Girls Soccer

The L.H.S. Jr. Girls Soccer team had a respectable record this year. In regular play they had 7 wins, 2 ties and 1 loss in a ten game season. In county playoffs they were unable to continue the winning streak and lost the county playoffs to Hebbville.

Strong on offence for L.H.S. was Jackie-Lee Myra who was responsible for most of the scoring. Angela Stevens held the fullback line together and Bridget Macmichael was steady in goal.

I would like to thank Sherri Ritcey and Yvonne Lohnes who helped coach the team this year.

BASKETBALL

Junior Girls Basketball:

The "A" Team- Leann Bowles, Stacey Demone, Tammie Hyson, Tracy Jewers, Bridget Macmichael (capt), Sarah Marshall, Tanya Rodgers, Andy-Lou Rudolf, Angela Stevens, Michelle Williams, Janis Young (capt)

The "B" Team- Heidi Ernst, Shannon Francis, Sherrri Francis, Geraldine Guitton, Kim Hanlon, Beth Hansen, Naomi Jewers, Sarah Macmichael, Susie Marshall, Shelley Mitchell, Chrissy Patterson, Tammy Purdy, Heather-Anne Slade, Jennifer Williams

Managers- Krista Conrad, Rachel Filiatrault, Stephanie Corkum

The Junior Girls Basketball program had an excellent year. We worked hard together, as a team, and many girls improved as individuals. Playing in the "A" section of the District League gave us some high level competition. We took part in three tournaments, winning the championship in Mahone Bay, winning three out of four games in St. Anne du Ruisseau and going undefeated in our own West Nova Tournament. We finished the season with 12 wins and 6 losses.

Junior Boys Basketball:

Members- Joel Moreau, Shane Patelakis, Marco Massey, Jason Mercer, Declan O'Dowd, Simmy Snook, Matthew Macmichael, Jeff Hatt, Mark Nodding, Peter Comstock, Roy Piercey

In our introductory year playing basketball, our boys were in two tournaments. There were two other tournaments scheduled but they were cancelled due to snow. I would say our highlight of the season was defeating Centre Junior Boys by one point. Our grade nine boys Shane Patelakis, Joel Moreau as well as Matthew Macmichael worked hard and gave us some needed leadership on the court. Our up and coming stars from grade seven and eight will give us a good starting base for a competitive team next year.

Senior Girls Basketball:

Members- Lee Ann Gurney (capt.), Sheryl Crouse, Lorelei Mason, Klee Moyer, Lori Gurney, Velma Hancock, Phyllis Savory, Sharlene Warner

Our Senior Girls Basketball team participated in five tournaments. Our own tournament we won defeating Barrington and Parkview "B".

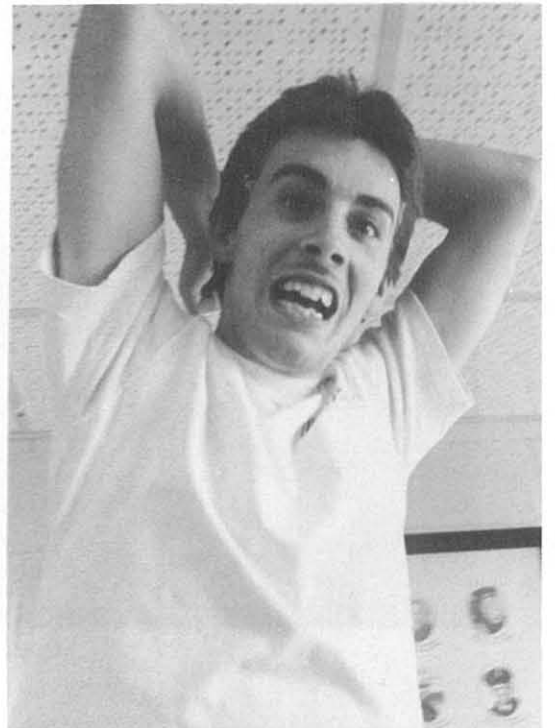

Our season of approximately twenty games gave our senior girls in grade twelve a good competitive season, namely Sheryl Crouse, Klee Moyer, Lorelei Mason and our captain Lee Ann Gurney.

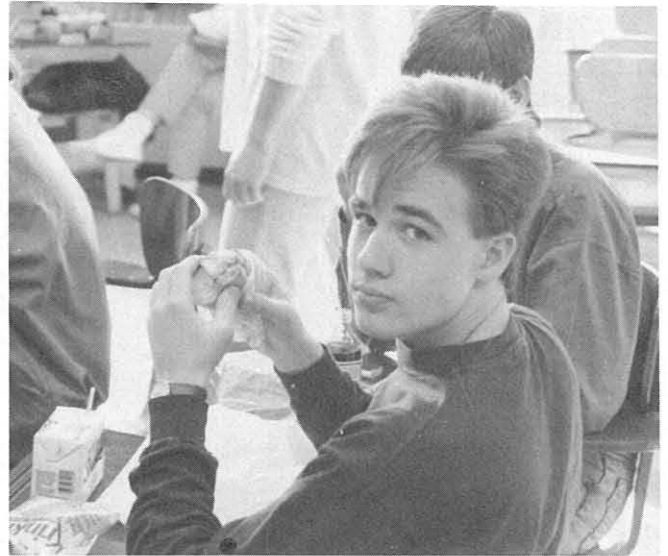

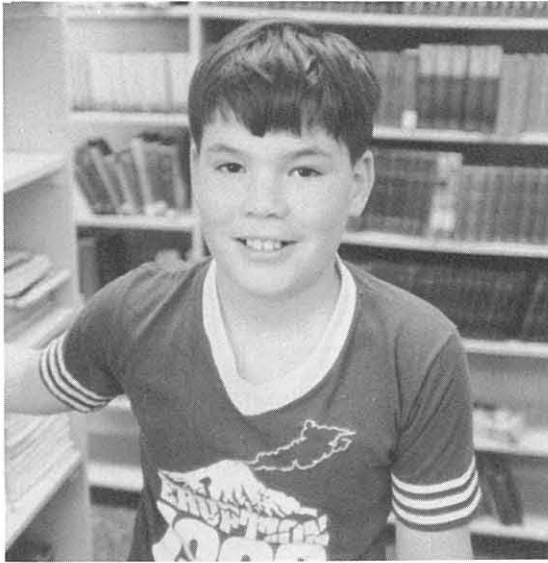

Our other members on the team gained some basketball experience which we help them to enjoy the game next year.

Unique Self

A unique self we all seem to be,
I'm different from you, and you're different from me.

We all have our values and outlooks on life,
and we have many goals for which we strive.

Sometimes we see people who bring us delight.
But if you cross the path of an enemy, remember,
the strongest is the one who walks away from a fight.

So many challenges in a lifetime we face.
I guess it's just nature for our human race.

Sometimes our problem list can be five miles long,
do what you can, then it's time to move on.

Seashore

Water crashes,
Against the rocks,
Chipping and chiseling,
As it slides over a smooth surface,
Waves crash,
Far out to sea,
With a great boom,
As it hits the rocks at shore.

Far
Up
In the sky,
A seagulls cry is heard,
It soars down,
To get fish,
To fill up its hunger.

Gleaming sand,
Sparkling in the sunlight,
Like diamonds pave shores,
And gold paves the rocks.

Can't Hold On

I can't hold on,
I'm hurting.

I can't imagine,
I'm confused.

Why those words,
They damage.
Why that look,
it pains.

I gave my heart,
It broke.
I tried my best,
I failed.

I remember those words,
I love you.
They seemed true,
maybe I was wrong.

Was it meant to be?
I thought.
You meant so much,
I love you.

Love, I'll always remember,
you will too.
That time has come,
I can't hold on.

Alive in a Band

The room dims down,
The presence of the audience is felt,
by the participants who wait,
as the butterflies keep turning.

The platform lights up,
as the curtains slide open.
It is at that moment when the
lightning strikes the participants,
filling them up with a surge of energy,
that changes their normal character.

Voices

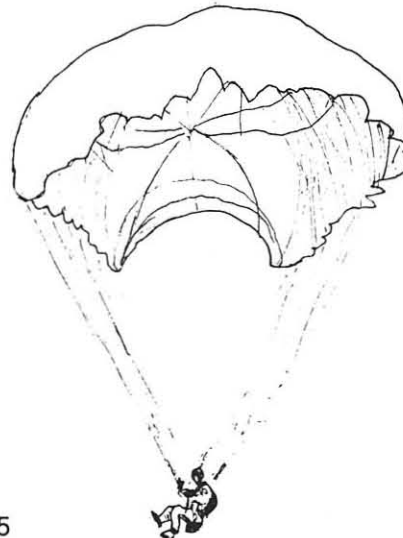

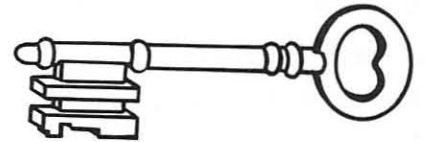

I hear them,
but I do not listen.
They persist,
but I refuse to hear.
I lock them out,
but they pick the lock.
O.K. What?
I do not hear them.
I try to listen.
I persist.
But they refuse to speak.
I try to open the lock.
But I have lost the key.

OOOPS!!

Another day of work.
He feels no fear,
Fear,
Of jumping from a plane three thousand feet
In the air.
Soaring like a gull.
The hatch opens,
He counts to three
Then,
He jumps.
He falls slowly through the air
He aims his camera,
A good shot.
He pulls the ripcord, it's not there.
OOOPS!
He hits the ground.
Not a scratch!

Measure Out My Life in Coffee Spoons

What have I accomplished?
What have I done?
Has my life even begun?

One, two, three, four.
Each represents what I have done.
Has my life even begun?

When I have measured out what I have done,
there is only one thing to say.
I will have a weak cup of coffee.

The Conger Eel

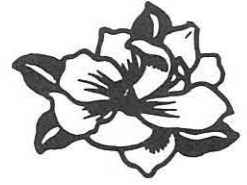

He turned
By a sharp promontory
to the large cliff-bound harbour.
Dark.
Silent.

Shaded by the concave cliffs,
Instantaneously,
His tail flicked,
Like a twisted screw.
He shot forward.

His glassy eyes
rested ferociously
On
Minute white spots,
Scurrying about far ahead.

The conger eel had spotted his prey,
There
A school of mackerel,
One mile away.

Someone Indistinct

No striking features,
nor unique in anyway.
Flowing with the crowd,
promising not to stray.
Quiet in her triumphs,
silence in her sorrow,
longing for it to happen,
to make a better tomorrow.

Sandi Corkum '89

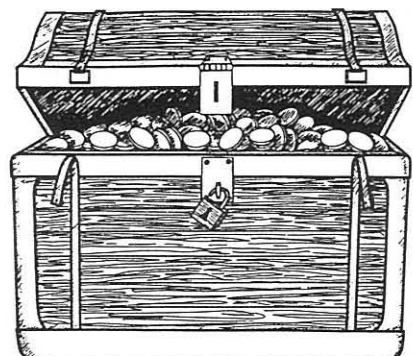

Rather Be...

Rather be a tree, than a smoke stick.
Rather have the earth beneath my feet.
Rather be a cop, than a drunk driver.
Rather have the law on my side.

I'd like to be an island with no one on it.
I'd like to be a city with all its treasures.
I'd hate to be an island with an airport.
I'd hate to be a city with its crime.

Clapham Junction

One cold morning in December,
Christmas spirit was in the air.
It was a morning we'll all remember,
Come listen to this sad affair.

Lizzie, a young girl of eight,
Rushed off to the station with her Nan.
Caught up in the crowd they were late,
as along the platform they ran.

The train pulled in and on they jumped,
"Standing room only", the station man cried,
into the mass they jolted and bumped,
close together as if they were tied.

To Clapham Junction the train approached,
and slowly to a halt it came,
newspapers rustled and everyone hushed
then she quickly sped up again.

Four hundred meters south of London,
the commuter train B had halted,
the signal lights blinked "Go on",
not knowing that they had faulted.

There was a big crash and then a boom,
for another train slugged in from the side.
Lizzie and Nan had met their doom,
for the two trains, they did collide.

Chugging along came a freighter from London,
running late again that morning,
The signal lights kept blinking "Go on".
It ploughed through the wreckage without warning.

Nan stumbled out of the train quite dazed,
and volunteers rushed to her side.
The doctor who checked her said, "I'm amazed".
Under the conditions she could have died.

Lizzie who stood at the back of the train,
lay over her seat ahead,
rescue workers who found her small frame,
knew in an instant that she was dead.

One cold morning in December,
Christmas spirit was in the air.
It was a morning we'll all remember,
come listen to this sad affair.

A Man With No Eyes

The shaggy,
Thick necked fellow,
Stood patiently,
On the cold corner.
His hand rested
Gently,
Fearlessly,
On the old wooden cane.
His cold shrivelled hand
shivered continuously,
as he shook the
old rusted can.
Begging,
Hoping,
Pleading,
to hear just one coin drop.
The cool air of sprong,
Blew through his
Long,
Slick,
Matted,
Hair,
But nothing was to be seen;
The man was blind.
