

Avscon (= **A** very short **co**urse **on**)—a series of short online courses designed to provide accessible and engaging mathematical content. These courses are available online and open to everyone.

Each mini-course consists of three lectures presenting carefully selected material that is accessible to anyone with a B.Sc. in mathematics or a comparable background.

**The lectures will begin in April, 2026!**

#### Speakers for Avscon 26

- Ralph Chill (TU Dresden)
- Uta Freiberg (TU Chemnitz)
- Paula Kahl (TU Bergakademie Freiberg)
- Philipp Reiter (TU Chemnitz)

Registration is open for everyone at anytime!
