SHIPPING

Our company ships using USPS Priority Mail and UPS Ground. Most products are shipped from our location in New Hampshire. For in-stock items, we can typically ship the same day, but it could take 1-3 business days for your order to ship.

We offer free shipping on orders of \$100 or more. Orders under \$100 will be charged a flat rate of \$9.99.

Some items are excluded from these offers

These shipping offers are only valid within the continental United States. Free shipping orders will be shipped using the method of our choice.

If you require faster/expedited shipping, the shipping cost will vary based upon package size, weight and your zip code.

RETURNS

All returns and exchanges must be returned within 30 days of purchase. Custom or Special Order items are not returnable. Any warranty returns must be returned according to the manufacturer's specifications. Returns should be accompanied with a copy of the sales receipt. Return shipping costs are the responsibility of the customer. Returned items must be in unused/new condition. Items being returned must also be in the original packaging/ have its original tags (undamaged). If we receive any items that are dirty, damaged, in used condition, or not in its original packaging, a restocking fee may be deducted from your refund.

Checks returned for insufficient funds will incur a \$25 service charge.

AQUA AIDE

It's like a sports drink for your horse!
Battle fatigue, enhance recovery time.
Helps replenish electrolyte losses associated with
fatigue, dehydration, heat injury, muscle
cramping, reduced gut function and exercise.

How do you know if your horse needs electrolytes?

Does your horse sweat when exercised?
Is your horse sweating when hauled?
Is the heat index above 120?

Electrolytes before, during and after exercise can
delay the onset of fatigue and improve recovery
time. With AQUA-AIDE® its simple, it can be top
-dressed on feed or mixed into a water solution.
15lb bucket.

NUTRA-TREATS Wither's & Withers

Nutra-Treats for Horses are formulated in collaboration with veterinarians and animal herbalists. They are fresh-pressed in small batches using organic herbs, air dried, dehydrated, fresh fruits and vegetables, and nutritional yeast flavorings. There are no preservatives, bringing your pet optimal health benefits provided by nature. Your horses will love these **sugar-free treats!** They come in three delicious flavors that can help aid your horse with metabolic balance, digestion, and circulation. 180 Treats per 16 oz bag.

CINNOMON: For Insulin Resistant, Cushings and Equine Metabolic Syndrome Horses. Organic Cinnamon Bark can boost sensitivity to insulin and activate insulin receptors to help control blood sugar levels. It is also a powerful anti-oxidant that can provide additional health benefits to laminitic horses.

\$21.99 #6711

PEPPERMINT/MARSHMALLOW: Organic Peppermint Leaf can soothe heartburn, prevent colic and help control diarrhea. It can also protect and heal respiratory, urinary and digestive systems. Organic Marshmallow Root can soothe mucous membranes in the stomach and lungs and can also prevent and stop coughs. Appropriate for IR horses.

\$21.99 #6710

GINGER/LICORICE: Organic Ginger Root can Remove Congestion and Stimulate Circulation, easing joint pain and increasing Energy. Organic Licorice Root can Support Adrenal Glands to Reduce Stress during shipping and showing. Soothes Mucous Membranes and can help Heal Ulcers and Prevent Colic. Appropriate for IR horses. Not for pregnant mares.

\$21.99 #6709

GERMAN HORSE MUFFINS

Each muffin is a decadent blend of sweet feed and molasses plus corn, oats, bran, wheat flour, cornstarch, soybean meal, dehydrated alfalfa meal, vitamins and more. Made from fresh, all natural ingredients, is a sweet and chewy indulgence for your horse's delight. They also work great for giving medication!

SADDLE TREAT POUCH

Carry your Horse Treats in style. This treat pouch is made of a nice supple faux leather with easy access fold over flap. The flap is in the shape of a saddle with a stirrup iron completing the look. There is a belt loop on the back so you can keep horse or dog treats handy where ever you are.

\$9.95 #5484

FEEDER BALL Shire's Equestrian

The Ball Feeder is a useful aid for relieving boredom or stress in the stable or paddock and for horses on box rest. Fill with treats or grain and let your horse explore how to release them. Small 'rewards' are dispensed as the ball is rolled around.

\$29.99 #9640

HIMALAYAN ROCK SALT ON A ROPE

100% All Natural Himalayan Rock Salt. A 550 million year old source of minerals and trace elements for your horse or pony. Mined from the vast and ancient Himalayan mountains, the distinctive rose pink color comes from the salt's high mineral content, such as iron, potassium and magnesium, which are all vital for maintaining health. Himalayan rock salt licks are literally 'rock hard', this means that horses, ponies, deer, and livestock are unable to bite chunks off the block, a problem that can occur with the softer pressed salt licks. These licks are also much more weather resistant, which means they can be safely left outside in the field for horse to self dose. Our experience has shown that horses do prefer these to other salt licks. 4lb.

\$19.99 #4424

REDMOND ROCK SALT ON A ROPE

Horses thrive on the minerals Redmond Rock provides. The minerals in Redmond Rock can help restore and bring your horse back into his natural mineral balance. By including Redmond Rock as a free choice mineral supplement in their pasture or stall your horse will have access to the finest natural mineral source available. 3-5lb.

DAILY GOLD STRESS RELIEF

Daily Gold Stress Relief is made from Redmond's very own naturally occurring bentonite clay, which contains a wide selection of minerals and elements that work together to support healthy digestion. This formula helps your horse's digestive tract work as nature intended by helping to maintain normal pH levels and buffer acid in the stomach. The unique molecules also attract and bind toxins that may cause the stomach trouble. This is a great choice for horses who are under stress and/or who have experienced occasional GI issues in the past. When given an hour to 45 minutes prior to an event or road trip, Daily Gold will coat the stomach and allow horses to focus and relax.

QUIESSENCE Foxden

Quiessence® provides high levels of Magnesium and Chromium in a pelleted form. **Quiessence®** may help horses with cresty necks to reduce the crestyness and may help support normal glucose metabolism. Since Magnesium is important in nerve and muscle function, this product may help tense, spooky and inattentive horses regain a normal mental state. Quiessence may also help horses with occasional tight, sore muscles to be more comfortable and relaxed. 5lb bag.

Active Ingredients:

Magnesium Oxide, Magnesium Proteinate, Chromium Propionate

Inactive Ingredients:

Artificial Banana Flavoring, Distillers Grains, LignoSulfonate, Sodium Chloride, Sodium Saccharin, Vegetable Oil, Wheat Middlings

\$34.00 #5077

QUIETEX II Farnam

Quietex II by Farnam is a fast acting all-natural formula that works in 2 hours without causing drowsiness. Keeps horses alert without anxiety. An excellent alternative to tranquilizers, it can be used any time the horse is to face a stressful situation. Unique combination of ingredients proven to help horses stay focused and alert during training and competition. Ideal for traveling, competition*, heavy training, veterinarian, farrier/vet or dental visits. Works in just two hours and won't cause drowsiness or impede performance. Quietex II is a homeopathic supplement containing all-natural ingredients to be used as an aid in calming horses. Contains Valerian. Available in paste for quick use or economical pellet form for daily use.

NEIGH-LOX Kentucky Performance Products

Neigh-Lox is used for the prevention of gastric ulcers and to maintain a normal digestive function in horses. Trusted by Veterinarians, Neigh-Lox reduces the risk of gastric ulcers in horses of all ages. It neutralizes excess gastric acid, and coats and protects the stomach. The unique patented formula is research proven. Neigh-Lox can also be used as a follow up to omeprazole treatment to prevent the recurrence of ulcers. Available in a 3.5lb bucket.

\$40.99 #1638

ULCERGARD

Actively prevent stomach ulcers and the pain and discomfort that often accompanies them by giving your horse ULCERGARD during times of increased stress or exercise. ULCERGARD is the first and only proven non-prescription preventative for Equine Gastric Ulcer Syndrome. No other product is FDA-approved to prevent stomach ulcers in horses. Each tube of ULCERGARD contains four preventative doses for horses weighing between 600 and 1,200 pounds.

\$44.99 #2574

A.B.C. PRO BI Advanced Biological Concepts

PRO BI™ is a biological feed additive designed to maximize digestive efficiency. An animal's beneficial intestinal bacteria can be destroyed or depleted and the pH of their environment can be altered during times of stress. Competition, travel, breeding, treatment with antibiotics, de-wormers and other medications can cause this stress. Stress can also be created by alterations of weather, environment, feed, and water. **PRO BI™ does not need to be refrigerated. It has NO EXPIRATION DATE.**

16oz Bottle
\$54.43 #1946

EQUERRY'S LARGE ANIMAL PROBIOTIC Animal Health Solutions

Can be fed to all species of Animals. Large Animal Probiotics contains the highest quality of Microencapsulated Probiotics and Digestive Enzymes available. Large Animal Probiotics contain no additional Vitamins and Minerals; therefore they can be added to any feeding program without the fear of over supplementation. By feeding Large Animal Probiotics on a regular basis, you are providing a constant supply of beneficial bacteria and enzymes. This effectively aids in the creation of a more consistently balanced digestive environment.

LUBRISYN HA PET & EQUINE

Whether you have an older horse that suffers from joint pain or you want to protect the joints of your competition athlete, LubriSynHA is the best and safest option on the market. Hyaluronic acid (HA) is the only substance that works to replenish synovial fluid that cushions your horse's joints. By top-dressing on food daily, you ensure a constant supply of quality HA into the joint. Lasting one horse and a large dog (100lbs+) for eight (8) months, and smaller pets much longer. The gallon size (128oz) comes with a pump that doses 1/2oz or 15ml daily, which is the measured maintenance dose.

FARRIER'S FORMULA Life Data Labs Inc.

Farrier's Formula® is the original hoof supplement developed by Life Data Labs, Inc. It is formulated to provide nutrients such as phospholipids, omega fatty acids, vitamins, minerals, and important amino acid "protein building blocks" in the correct balance and ratio. These required nutrients assist in building strong connective tissue proteins important for healthy hoof structure and growth. It also promotes strong and fast growth of the hoof wall, sole, frog, and heel. Farrier's Formula provides proper nutrition to "grow out" wall cracks, strengthen and thicken the hoof wall and sole, reduce the likelihood of microbial invasions and bruising, and assist with laminitis recovery. Farrier's Formula® also promotes a glossy more deeply colored coat and strengthened connective tissues of the joints and ligaments. Farrier's Formula® can be added as a top dressing on the regular feed or given separately. Farrier's Formula® is doping free and can be fed to competition horses. Comes in 11 lb

nitrogen flushed vacuum bags. Also available in double strength (nutrients are provided at twice the concentration compared to original Farrier's Formula®).

Quest Plus
\$19.99 #2992

EQUIMAX

Bimeda

Equimax horse dewormer provides safe, broad-range control of parasites, including tapeworms and bots. Equimax contains 1.87% Ivermectin and 14.03% Praziquantel. Equimax is FDA approved for use in pregnant and lactating mares, breeding stallions, foals over 4 weeks of age, as well as other horses and ponies. Use Equimax for the treatment and control of tapeworms, large strongyles, small blood worms, ascarids, threadworms, pinworms, hairworms, large mouth stomach worms, lungworms and bots. Quick-dissolving apple flavored paste. One tube of Equimax horse wormer treats up to 1320 lbs. body weight.

\$20.99 #834

PYRANTEL PASTE

Durvet

Pyrantel horse wormer is an oral paste for the removal and control of mature infections of large strongyles (*Strongylus vulgaris*, *S. edentatus*, *S. equinus*); small strongyles; pinworms (*Oxyuris equi*); and large roundworms (*Parascaris equorum*) in horses and ponies. It contains 43.9% w/w pyrantel pamoate for horses. Contents of each syringe will treat up to 1,200 lb. body weight. Apple flavor. Pyrantel pamoate.

\$9.99 #3622

IVERMECTIN PASTE

Durvet

Ivermectin horse wormer provides effective control of large strongyles, small strongyles, pinworms, ascarids, hairworms, large-mouth stomach worms, bots, lungworms, intestinal threadworms, summer sores and dermatitis in horses. Apple flavor that horses love! One syringe contains sufficient paste to treat one 1250lb horse.

\$9.49 #1404

FENCARE SAFE-GUARD

Farnam

Farnam FenCare Safe-Guard (fenbendazole) 1.96% TYPE B Medicated Feed Equine Dewormer contains 1.96% fenbendazole for the control of key equine parasites, including large strongyles, small strongyles, pinworms and ascarids in horses. Palatable, apple flavored pellet formula—easy to mix with horse's existing feed. One 5-oz. packet treats up to 1,250 lb. Perfect for hard-to-paste or hard-to-catch horses. Approved for horses, including pregnant mares and stallions.

\$14.99 #6735

MACKINNON ICE HORSE TENDON WRAPS

Top quality insulated cannon bone/tendon leg wraps stay cold for up to two hours of convenient and thorough cooling of the tendons, ligaments, muscles and connective tissue. The unique design both conforms to the horse's leg and provides optimum compression, assisting the cold penetration of inflamed soft tissue. After just three hours in the freezer, they're ready to use again. These wraps can just as easily be heated. Application instructions included in the package describe how to properly use the wraps for both hot and cold therapy. The gel inside is a patented Propylene Glycol formula. It is non-toxic. Includes 2 wraps and 4 ice inserts

\$129.95 #1490

MACKINNON ICE HORSE SUSPENSORY WRAPS

Cover the low knee and the pastern area with cooling therapy. Up to two hours of convenient and thorough cooling of the tendons, ligaments, muscles and connective tissue. Conforms to the horse's leg and provides optimum compression, speeding the transfer of heat from inflamed soft tissue. After just three hours in the freezer, they're ready to use again. Also can be used for heat therapy. The gel is a non-toxic Propylene Glycol formula. Includes 2 wraps and 8 ice inserts.

\$189.95 #1486

MACKINNON ICE HORSE HOCK WRAP

This wrap is open over the fibular tarsal bone. It is lightweight and sized and shaped to give full, consistent coverage and contact. Cold therapy reduces swelling and heat in both the front and back of the hock. Three broad straps configure the wrap to fit a wide range of different sized hocks. An application guide describes how to properly use the wraps for both hot and cold therapy. The gel is a non-toxic Propylene Glycol formula. Includes 1 wrap and 2 ice inserts.

\$99.95 #1487

COLDFLEX SELF COOLING VET WRAP

A moist leg wrap that is delivered to you, sealed in a jar and plastic wrap. How does it work? Easily! Wrap your horse's leg as you would with any bandage. Hold the wrap for 10 seconds to secure the bond. Tuck in the end or secure the end with vet tape. Wrap may be kept on the horse safely for up to 8 hours. The heat from the leg transfers to the wrap and away from the wrap. It can be cut to any shape or size. Use at room temperature or refrigerated. Recharge by dampening with water. 3"x72"

\$26.99 #414-2

PRO COOLING THERAPY ICE WRAP HorZe

A cold therapy to reduce swelling, heat and soreness after a strenuous ride or during injury rehab. Featuring four long wrap-around straps for a highly adjustable and comfortable fit. This wrap has 24 individual cooling cells that are highly effective at maintaining a low temperature and that remain soft even when frozen. The heavy nylon shell can be hosed off for easy cleaning. Single wrap.

\$34.99 ICEWRAP

ANIMALINTEX POULTICE

Animalintex is a veterinary poultrice dressing. It works effectively as a cold poultrice to reduce swelling, stiffness and soreness and as a hot poultrice to draw abscesses and infections. Animalintex can also be used as an antiseptic dry dressing. It is clean and easy to work with. Each dry disposable pad is pre-dosed with Tragacanth slippery and cool) and Boric Acid (a mild soothing antibacterial and antifungal). When ready to use, it can be dipped into hot OR cold water and applied to the body. Then, wrapped with bandaging tape.

THRUSH BUSTER

Thrushbuster® forms a cleaner barrier and deters dirt and manure penetration into the healthy frog. Unique color tells you where it's doing the job, with a fresh coat needed only where the color has faded. Thrushbuster® is more effective than commercial preparations, yet milder to sensitive tissue than bleaches, copper sulfate, or turpentine. It can also be used before applying sole pads and silicon to toughen thin-soled feet.

\$18.99 #3627

HOOF HARDENER Keratex

Keratex Hoof Hardener strengthens weak, worn and cracked hooves by improving the molecular structure of the horn itself. Equally effective in wet & dry conditions. Prevents the horn from taking in excess moisture, making it resistant to softening and weakening in wet conditions. This results in a reduction in shoe loss and abscesses. Hoof Hardener will ensure the treated hoof is able to breathe naturally. Moisture balance is properly maintained. It could also be applied to the sole of the hoof to prevent bruising.

\$44.95 #1416

HOOF GEL Keratex

Keratex Hoof Gel keeps hoof horn water tight in wet weather, stops cracking in dry. Not a damaging oil, but a powerful hydrophobic treatment that leaves the hoof glistening dry. While Keratex Hoof Hardener repairs damage to the hoof horn's molecular structure caused by water and ammonia, Keratex Hoof Gel quite simply stops the damage from happening in the first place. Keratex Hoof Gel allows the hoof to breathe. Air can pass freely through Keratex Hoof Gel in either direction and excess moisture can be expelled from the hoof. No water or typical chemicals can enter the hoof from the outside.

\$26.99 #1415

BAREFOOT SCULPTOR RASP

Create an accurate barefoot trim with ease. The unique design allows increased cutting power, mechanical advantage and control of the rasp. Has a coarse and fine side. Rasps can be easily replaced. Adjustable angle handle.

\$54.95 #223 Handle + 2 Rasps
\$17.95 #224 Replacement Rasp

MINI RASP

A safe, effective and convenient hand-held rasp. Allows riders to keep hooves smooth and even between trimmings. Fits in your saddle bag! One handed use.

\$17.95 #6619

COAT DEFENSE

PREVENTATIVE POWDER:

Coat Defense Daily Prevention Powder is a natural, safe and effective solution for preventing and treating equine skin issues such as rain rot, itch and odor. It prevents chafing, fungus and pathogenic microbes from taking up residence on your horse. It soothes and calms allergies, hives and sweet itch without harsh medications. It is effective for drying sweat and moisture quickly, saving you time and preventing your horse from freezing when temperatures drop. In addition to alleviating skin problems, it can be used between baths as a dry shampoo.

Prevention Powder (16oz)
\$27.00 #6878

DRYING PASTE:

Does your horse suffer from scratches, mud fever, cannon crud or dew poisoning? Do they get hives, painful bug bites or even summer sores? Have they ever had a painful wound, laceration or proud flesh? **Coat Defense Trouble Spot Drying Paste** is an all-natural, safe and effective solution that can help speed the healing of multiple equine skin ailments.

Drying Paste (10oz)
\$22.99 #6879

MUD SHIELD POWDER Keratex

Keratex Mud Shield Powder guards against the effects of mud and water on horses' legs and body. It will thoroughly disinfect the skin areas as well. Unlike creams and ointments which contribute to further softening of the skin, Mud Shield Powder allows the skin to breathe while repelling water and mud particles. Mud Shield Powder also contains a powerful disinfectant to maintain the skin in a healthy condition.

\$25.00 #1418

DY'S LIQUID BANDAGE™ Advanced Biological Concepts

It's an all-natural herbal salve. Olive oil and beeswax create the base. This allows the olive oil to carry the herbs deep into the wound, minimizing the occurrence of scar tissue. The beeswax covers the wound with a breathable, waterproof, flexible and protective coating that repels flies. Acts as a bandage and works well on injuries that are difficult to wrap. It has been proven effective for cuts or wounds plus scratches, rain rot, rope burns, saddle sores and any type of skin disorder.

16oz Jar
\$72.99 #A050

BLUE STUFF

"Hay, Where's That Blue Stuff" works quickly on rain rot, scratches, sweet Itch and many other fungal or bacterial skin infections. Gets rid of that pesky fungus on the horses legs. Clears up hopple burns, chafing, saddle sores, coronary band fungus and can be used on the horse's face for skin problems. This broad spectrum antifungal, antibacterial lotion gets the job done! It is an affordable, effective, non-sticky topical lotion. A little bit goes a long way! It is a must have for your barn. Give your horses the best! This product contains natural antiseptics and carrier oils. This topical heals from the inside out with faster results. No picking or roughing up. Less waste. You don't have to rinse or wash off. That Blue Stuff lotion is already under the skin working to eliminate the infection.

You can apply that blue stuff to a horse that has rain rot and turn them out. They can roll in dirt, mud or water and our product will still be working. As long as the horse is treated every day, it will eliminate the rain rot, scratches and a host of many other skin infections. Comes in a 16oz bottle.

\$27.99 #6051

VETERICYN PLUS EQUINE WOUND & SKIN CARE SPRAY

Use Vetericyn Plus® Equine Wound & Skin Care to clean, flush, and moisturize wounds to jumpstart healing and help prevent infection. Use it on cuts, scrapes, rope burns, saddle and bite wounds, and other common horse skin injuries. Also comes in **HydroGel** form! The antimicrobial hydrogel adheres to the affected area to cool and protect while helping to keep the wound clean and free from potential infection. The gel formula makes it easy to clean those hard-to-reach areas on your pet and is an excellent choice for wound dressings.

COWBOY MAGIC

Rosewater Shampoo

Cowboy Magic Rosewater Shampoo smells as good as it works! Panthenol and silk protein penetrate the hair and deep condition the skin, preventing dryness. The silk molecules reflect prism light giving the hair a rich, natural shine as it restores vibrant beauty. Quick release sudsing surfactants in Cowboy Magic Rosewater Shampoo give a faster and easier rinse action without buildup. For horses, dogs & humans too! 32oz.

\$18.99 #411918

Rosewater Conditioner

Cowboy Magic Rosewater Conditioner, cleans your horse's mane, tail and coat while dissolving mineral and chemical build-up that can cause dullness. Similar to the neutralization and clarification treatments you can get for your own hair at a salon, Rosewater Conditioner leaves your horse's hair squeaky clean and shiny. With silk and panthenol for deep conditioning, you need only apply a small amount of this concentrated conditioner after shampooing to get great results. May be diluted or used straight. 32oz.

\$18.99 #411924

Detangler & Shine

Cowboy Magic Detangler & Shine detangles all types of hair knots, tangles and dreadlocks instantly, no matter how difficult hair is to manage. The silk protein in Detangler and Shine results in a high reflecting shine after brushing. Available in 4oz, 16oz, or 32oz.

EQyss GROOMING PRODUCTS

PREMIER SHAMPOO

The finest equine shampoo available. You will notice a difference the first time you use it. Makes your horse or pony shiny and radiant. Leaves the hair shaft completely clean, without coating the hair. Premier uses a formula of natural botanical extracts to gently cleanse and intensify colors. Making whites brilliant, browns richer, and darks even darker and shinier than ever before. Restores moisture, balance, and strength to the coat, mane, and tail. pH balanced. Silicone free. For all Horses Ponies Mares Foals. Tropical scent.

\$24.99 #689289

MICRO-TEK

Shampoo

Soothes on contact. EQyss' most popular formula. Fast acting, safe and effective for animals of all sizes. Helps your horse or pony stop scratching, itching, biting, or rubbing red irritated skin. Provides a healthy environment for healing. Cleanses even the dirtiest horse without stripping essential oils from the coat and skin. Use with Micro-Tek Spray for maximum effectiveness. pH balanced. For all Horses Ponies Mares Foals. Floral fragrance. When problems are eliminated, EQyss recommends to use Premier Shampoo. 32oz.

\$32.99 #689300

Spray

Fast acting, safe and effective for animals of all sizes. Helps your horse or pony stop scratching, itching, biting, or rubbing red irritated skin and sweet or summer itch. Easy to use – just lightly mist on affected areas. Use with Micro-Tek Shampoo for maximum effectiveness. Non-Slip – can be used on saddle area. For all Horses Ponies Mares Foals. Floral fragrance. 32oz.

\$33.99 #689319

Gel

All the effectiveness of Micro-Tek Spray in a Gel concentrate with a cooling Aloe Vera base. Apply directly onto affected areas. Provides long lasting leave on protection. Great for horses that don't like to get sprayed, or for use in winter when it's too cold to use a spray. For all Horses Ponies Mares Foals. Use with Micro-Tek Shampoo for maximum effectiveness. Floral fragrance. 16oz.

\$26.99 #689428

SURVIVOR DETANGLER

Survivor Detangler works magic on any kind of knot or mat. Perfect for manes, tails, braids, or feathered legs. Just a drop is needed to loosen any knot and allow you to comb or brush out the matted hair with ease. Added vitamin E protects and softens the skin without alcohol. Non-greasy and non-sticky, will not attract dust and dirt. Can be used on a wet or dry coat. For all Horses Ponies Mares Foals. Floral scent. 8oz.

\$26.99 #689731

MEGA-TEK EQUINE REBUILDER

Strengthens and repairs dry damaged coats, skin and cracked and brittle hooves. Mega-Tek binds protein to the skin and coat, returning elasticity and restoring strength. Excellent for use on bare spots such as blanket rubs, skin conditions, injuries, or bed sores. Helps restore hoof health. Strengthens soft hoof walls. Revitalizes quarter cracks & sand cracks. Massage into skin and coat or frog, sole, and hoof walls as needed. For all Horses Ponies Mares Foals. Tropical scent. 16oz.

\$31.99 #689327

AVOCADO MIST

Excellent for manes and tails. A botanical leave on conditioning spray that maintains the moisture balance within the hair shaft preventing the coat from becoming dry, and damaged. Shines and conditions with a unique formula that combines the benefits of Panthenol, Avocado Oil and Aloe Vera. Detangles without adding weight to the hair. Replenishes natural oils lost in shampooing. Can be used on wet or dry hair. Also suitable for entire coat. Anti-static, silicone and alcohol free. Safe for all horses, ponies, pregnant mares and foals. Refreshing scent, enhances shine, reduces hair breakage, and repels dust and dirt. 32oz.

\$29.99 #689336

HORSE-SPA TAIL BUCKET KIT

Easy-to-use tail wash system. Each bag can be used multiple times to deep-clean, condition, and/or color enhance your horse's tail. The design utilizes a neoprene anchoring band, water-tight clip and custom detachable, re-usable washing bags. By using this system, hair products are concentrated on the tail, cleaning the tail deeper and faster than ever before. Cold weather or limited washing facilities will never be an obstacle again.

Package Includes: Neoprene anchoring band, three straight-sized bags, three tapered-sized bags, and a comb. Straight-sized bag: best for extra long or extra thick tails Tapered-sized bag: best for an average to thick tail that has a natural taper at the bottom.

Colors: Blue, Black, Brown, Red, Green.

\$79 #2070

REACTORPANEL ENDURANCE SADDLE

Designed to provide ultimate security while riding across varied terrain. Extremely comfortable seat. Rear-set stirrup bars permit easy balance when standing in the stirrups. The tapered thigh blocks provide support during gallops, hill descent and sudden stops. The endurance saddle weighs three pounds less than the other RP saddles. It has six rings and three staples to attach your trail gear. Unique medium length billets put the girth buckles on the bottom of the sweat flaps, eliminating bulk beneath your thigh. A favorite of endurance riders or anyone else who needs a little extra security from their saddle.

In-Stock:

\$2,699

18" seat, BLACK, 13" tree (SN 1057)

REACTORPANEL VSD SUMMIT SADDLE

Designed for trail, endurance, dressage and pleasure riding. One of our most popular saddles. Extremely comfortable for distance riding or long hours in the saddle. A unique and secure leg channel is the key feature of this saddle. The front and rear of the flap are softly cushioned and have an additional adjustable knee and calf block underneath. This saddle has a distinctive appearance. It is incredibly comfortable and secure.

In-Stock:

\$2,800

16.5" seat, BR/BK, 13" tree, e-kit (SN 1294)

\$2,800

17" seat, BLACK, 12.5" tree, e-kit (SN 1164)

\$2,800

18" seat, BROWN, 13.5" tree, e-kit, wellup stirrup bars (SN 1295)

REACTORPANEL BAKER TRAIL SADDLE

It looks very similar to the Summit. But, this saddle has a flatter seat and lower pommel. The tree is slightly less curved, as well. Overall, it is ideal for a rider who prefers less seat depth and a bit more room in the seat. The flap is the same great design as the Summit.

In-Stock:

\$2,800

18" seat, BK/BK buffalo, 12.5" tree, e-kit (SN 1270)

REACTORPANEL CROSS FUNCTIONAL SADDLE

A trail and distance riding favorite. Designed to correctly support either flat work or jumping, which makes it a natural for eventers and foxhunters. The generous flap permits the straighter leg and correct balance required for flat work while also enabling a short enough stirrup to create a very balanced jumping position. The knee blocks and optional calf blocks under the saddle flap are on Velcro for easy repositioning or removal. All RP Saddles are designed to reduce pressure on the horse's back, allow them uninhibited access to their full range of motion, and improve rider comfort and security.

In-Stock:

\$2,000

17.5" seat, ROE buffalo, 12.25" tree (SN 1430)

\$2,400

18" seat, BROWN, 13" tree, wellup stirrup bars (SN 1299)

REACTORPANEL TRADITIONAL SADDLE

This saddle has a fairly straight flap, only slightly more forward than a dressage saddle. It encourages a longer stirrup with less hip and knee angle. Riders in many disciplines use these saddles, but they are favorites with endurance and lower-level dressage riders. The VSD Traditional is traditional in both design and appearance. The in-stock saddles, listed below have some GREAT features, at a below basic price!

In-Stock:

\$2,200

17.5" seat, BROWN, 12" tree (SN 7152)

\$2,400

17,5" seat, BLACK/MUL French calf, 13" tree, dees (SN 1300)

AVIA PROLITE SADDLE

A dream saddle for the endurance rider! This saddle will give you complete contact with your horse. This is a hollow carbon fiber saddle that only weighs 750 grams. That's less than 2 pounds! It has a full-grain leather covering around the entire saddle, with thin dense foam padding to keep you comfortable. Anatomically shaped to fit your horse and make it comfortable for them on long rides. One size. Available in Royal Blue or Black.

\$2,199.00

#CARBPROL

EVOLUTIONARY ORIGINAL CUTBACK

Evolutionary Saddles LLC.

This is a low profile saddle that has security second to none. Great for trail and endurance riding! The padded soft-seat uses both upholstery and neoprene foam, hand shaped to be anatomically correct with no stitching lines that can aggravate you. The Cutback pommel allows the rider to get low and far forward on the horse when scrambling up hill. While the generous thigh rolls give you something to brace against on the down hill. You also have a more "leg-under" in the roughest going, thanks to close contact and centered seat of this wonderful saddle. The 3-position stirrup hanger allows for different leg positions from dressage to moderate jumping. Endurance riders, trainers and Dressage riders love this saddle. Approx. weight 19 lbs. Comes with black booties and stirrup leathers.

Seat Size: 17.5"

Panels: 23" System X

EQUIPEDIC SADDLE PADS

The use of ConforPedic impact reduction 1" inserts allows the pad to contour and flex with your horse's movements to absorb shock and protect your horse's back. It will conform to your horse's back and saddle and eliminate poor saddle fit. The EquiKool system provides more airflow/breathability and keeps your horse cooler when it's hot and warmer when it's cold. The EquiCharge system will increase the blood flow to your horse's back and increase the transcutaneous oxygen transfer to the skin and muscles. Your horse will have more energy and experience faster muscle recovery. No other endurance pad offers this competitive edge! The top of the pad is durable Cordura.

AirMesh

SUPRACOR ENDURANCE PAD

Supracor saddle pads feature stimulite honeycomb, a revolutionary cushioning material that has been proven to be highly effective in preventing and healing pressure sores in weight bearing areas. The pad is made of antibacterial and antifungal material. It distributes weight uniformly over your horse's back and provides exceptional stability. The honeycomb cells flex and contour with your horse's movement, absorbing shock and preventing the saddle from slipping. Tiny perforations in the walls circulate air and evaporate moisture. Your horse's back will be measurably cooler using this pad, compared to ANY other. It is easy to care for, simply sponge or hose after use. This pad comes with either a 26" topline or 28" topline.

\$269.99

SUPRACOREND

COOLBACK BARREL PAD

COOLBACK ENDURANCE PAD

COOLBACK® SADDLE PADS

Toklat

Made of double thick layers of synthetic CoolBack fabric. Unlike others, CoolBack pads are made from a pile fabric with a dense concentration of resilient polyester fiber that is closely sheared to provide maximum cushioning with little or no matting or slipping. Specifically designed to protect your horse and give years of top performance. 100% poly fleece. Machine washable and dryer safe. The more you wash it, the better it functions as an orthopedic product.

18" Long

\$49.99 #1755

WOOLBACK® SADDLE PADS

Toklat

These pads are specifically designed to stand up to the rigors of everyday riding. Woolback® is made from 100% virgin wool fleece. The high percentage of wool provides a natural resiliency for years of soft cushioned protection. Wool will absorb 80% of it's own weight in moisture, drawing sweat away from your horse. It is very porous, allowing continuous air circulation and release of moisture during use. The unique structure of wool fibers resists dirt and penetration and helps keep the pad from slipping. Gently machine wash. Rinse well. Tumble dry low heat or hang dry. Fibers can be fluffed with a pin brush.

JMS-SEAT

MERINO SHEEPSKIN FULL SADDLE COVER For Ortho-Flex Endurance Cutback

JMS

What is so special about JMS Merino sheepskin? It is SOFT. It is CUSHIONY. It wicks moisture. It will keep you warm in the winter. And, in the summer, it is cooler against your skin than leather. This saddle cover has been made exclusively for SlynperGear. We thought the Endurance Cutback couldn't get any more comfortable...until NOW. Everything is covered with sheepskin...from pommel to cantle, blocks and flaps. Will fit a 17.5" OR 18.5" Endurance Cutback. Available in BLACK or BROWN.

\$345.00

OF-END

Shear Comfort Sheepskins are made with luxurious 1" thick 100% Merino Wool with a soft cotton like backing that covers the leather hide of the sheep skin! This is for extra protection put on by the manufacturer as an added barrier between the leather hide and your tack. Comfort and function all-in-one! These sheepskins are great for keeping the rider comfortable in the saddle and will not slide around. Another wonderful advantage of the wool is that it keeps you cool in the summer and warm in the winter. Machine washable. Handmade in the USA.

Colors: BLACK, BROWN, NATURAL

MOHAIR WHIPSTITCH ROPER
Montana Cincha

This cinch features a contoured shape which gives better support and has clearance at the elbows. It's a great choice if your horse tends to experience girth galls. 26 strands (100% Mohair). This cinch has stainless steel and center breastplate dee rings and roller buckles, nylon keepers, and neoprene buckle backers.

Sizes: 22"- 28"
\$115.00 MC-ROPWHIRB

SMART CINCH: MOHAIR
Weaver

Easily and humanely cinch up a horse more securely the first time, every time. Made from a natural mohair blend and featuring the exclusive, patented stainless steel Roll Snug® Cinch Buckle. This makes cinching up almost effortless. The unique double roller design eliminates the need to pull leather against leather. Your latigo strap will roll freely. You will have more leverage, making cinching up your horse a breeze. A very smart choice!

Sizes: 28"- 36"
\$56.00 SMCINCHM

SMART CINCH: FELT LINED
Weaver

This girth has the same buckles as described in the Mohair Smart Cinch. However, this cinch features a poly webbing top with a 1/2" black, 100% felt backer for added comfort.

Sizes: 28"- 36"
\$50.00 SMCINCHF

WOOLBACK WESTERN CINC Toklat

Woolback® virgin knit-wool fleece is resilient, durable pile material offering superior moisture wicking and heat dispersal with high breathe-ability, concussion protection and comfort. Woolback fleece is natural white in color. Double elastic provides freedom for rib cage expansion, allowing your horse to breathe deeply during your ride without feeling constricted. It also has center D-Rings for breastplate & rear cinch attachments

The nickel-plated roller buckle will not corrode or rust when exposed to sweat and moisture and it makes it easy to tighten. Riders with arthritis will find the roller very helpful.

Sizes: 22"- 34"

CINCHWB

SHEEPSKIN GIRTH COVER Distance Depot

100% Merino wool. So soft, your horse will hardly know he's wearing a girth! Full length Velcro closure. Two holes for center dees. Can be trimmed with scissors. Length: 26".

BLACK, BROWN, NATURAL

\$58

SHPGIR

NOT AS STRONG AS YOU USED TO BE? ARTHRITIC? POOR LEVERAGE?

These cinch tightening tools may be just exactly what you need!

WARNING: If you can tighten a girth just fine without one, you DON'T need one of these...the risk of making the girth TOO tight is TOO great.

CINCH-KWIK

Now tightening your buckled girth is easier than ever. Safe, quick and easy for you and your horse! Knowing that the tool can tighten up to 4 holes in the strap, be sure to give yourself enough room to tighten. Great for kids, novices, people with arthritis, tall or uncooperative horses!

\$29.95 #2997

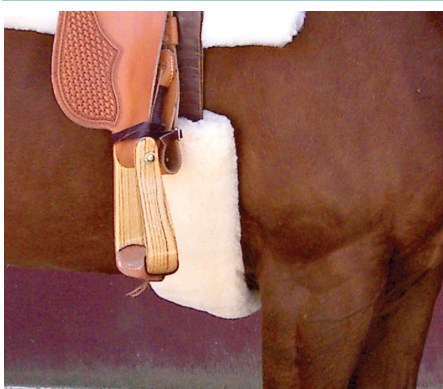

GIRTH TIGHTENER Ranch Handler

For anyone who needs a little help getting their girth tight enough, this handy girth tightener is just the ticket. It was designed specifically for Aussie saddles, but can be used on other saddle billets as well. Small enough to fit in a pocket or saddle bag to carry with you on all of your rides. Approx. 2"x8" and made from high quality steel.

Quality nylon halter with contrast padding, adjustable headpiece with removable padding, breakaway attachment, adjustable nosepiece, and clip on throat lash. Ask about matching leads!

Colors: Blue, Green, Purple, Red
Sizes: Cob, Full, XFull

\$39.99 #387L

GREENGUARD GRAZING MUZZLE

The GreenGuard Grazing Muzzle is truly the most comfortable grazing muzzle on the market. It limits grass intake as much as a traditional basket muzzle, but is more comfortable, lighter, and cooler with a patented open design that allows for unrestricted breathing and drinking. Made of material that is non-toxic, semi-flexible, durable, and does not absorb moisture. GreenGuard Grazing Muzzles often last much longer than traditional muzzles because horses aren't constantly trying to remove and destroy them.

Muzzle comes with 4 breakaway safety straps that attach to a standard halter (we recommend a safety halter), or it can be attached to the special GreenGuard halters which has a ring on the noseband for easy attachment, a center face strap for stabilization, and padded nose and crown. GG halter sold separately.

\$99.99 #GR-MUZ

GreenGuard Muzzle Sizing

- Designed to have a larger fit
- Use horse's bit size, not their head/bridle size, to determine correct size
- If your horse is between sizes, we recommend getting the larger size

Bit Size	Muzzle Size	Examples
5-6 in	Horse	Horses/Ponies with standard size noses (QH, TB, Fjord, Warmblood, some drafts)
4 1/4-4 3/4 in	Pony	Horses/Ponies with small/refined noses (Paso Fino, Arab, Standard donkey, Large Shetland)

GREANGUARD HALTER

Halter with breakaway leather crown designed for use with the GreenGuard Grazing Muzzle. Premium quality, soft to the touch nylon with durable felt-padded nose and breakaway leather crown. Unique throat latch is adjustable to fit many different head shapes, helping to keep the halter on even the trickiest "houdini." Center face strap stabilizes the halter and can be removed if desired. Made in the USA.

Sizes: Pony, Cob, Horse, Warmblood

\$69.95 #GGPH

LEATHER BITLESS BRIDLE

HorZe

This bitless bridle features a cross under style that relies on pressure points for control of your horse. This bridle can be a great option for horses that have mouth issues, or who won't tolerate a metal bit. While not legal for most shows, bitless bridles are a great option for schooling, training or trail rides. Includes web reins with hand stops. Available in black.

Size: Cob, Full

\$89.99 #10081

NURTURAL BITLESS BRIDLE

These synthetic bridles are made of BETA that is durable and easy to clean. The Nurtural Bitless Bridle sends more consistent signals than any other bridle. The patented Circle-X holds the rein straps securely under the chin, so they stay on the horse's cheek for maximum directional control. The rein straps do not twist, tangle or pinch the nose. A soft sheet of waffled rubber gives added contact, allowing more respect without slipping. Horses do not push into this nose band; they stop and back up with ease. Many points of adjustment in the rein straps allow you to attach your reins close to the horse's mouth to improve bending and stopping signals. The solid crown piece ensures the rein straps do not slip or become uneven, providing minimal, yet consistent poll pressure for slowing and stopping.

Color: Black, Brown

Size: Arab, Horse, Warmblood

\$187.99

#NURT

PLAIN RAISED BRIDLE W/ REINS

Toklat

This bridle is perfect for everyday riding and schooling and pretty enough for the show ring. Good quality bridle with matching 5/8" braided reins. This plain raised bridle is appropriate with all English bits and plain enough to be an appropriate headstall with western bits for the arena or trail.

Color: Mahogany, Black

Size: Cob, Full, XFull

\$109.99 #97-0300

DELUXE ENDURANCE HALTER BRIDLE

Zilco

This is one of our TOP products! Snaps at each end of the brow band fastens the headstall to the halter. This allows a quick release and quick change from bridle to halter and back again. Each part is offered for sale separately, allowing you to choose your own colors and combinations.

Standard: Fits Arabs, Cobs and most average horses. The brow band is 16.5" wide. The bit hanger strap is immediately adjustable from 30" to 42". The throat latch is immediately adjustable from 26" to 49". The cavesson is immediately adjustable from 22" to 30".

Oversize: Fits Draft and Warmblood type horses. The brow band is 17.75" wide. The bit hanger strap is immediately adjustable from 30" to 46". The throat latch is immediately adjustable from 33" to 53". The cavesson is immediately adjustable from 24" to 34".

RoFlexs[®] Portable Fencing

Easy Portable & Convenient Fencing

German engineered and designed to overcome many of the inconveniences of other traditional portable fencing systems. No other portable fence gives maximum security and convenience like the RoFlexs Fencing system. It's great not only for horses, but also for other livestock as well. If you're attending an event with your animals and need to secure them in one place, this product works great! Quick setup done easily anytime and anywhere. Fencing that you can bring to equestrian shows, trail ride events, or livestock trade gatherings.

How The RoFlexs System Works

The posts have sturdy steel spikes with foot pegs at the base so you can easily step them into the ground. The spike also acts as the electrical ground if you are using the electric feature. When setting up your paddock, just hook the handles at the end of the tapes to your starting post and walk away! The tapes automatically extend. When not in use the tape retract back into the post, giving you neat and tidy storage. It doesn't get any easier then that!

Each post has two 3/4" retractable tapes that extend up to 26 feet with a top tape height of 44 inches.

The RoFlexs Deluxe Sets come with a power post that has a built-in energizer that electrifies the tapes when a charged battery is plugged in. The rechargeable battery easily plugs into the side of the power post. A fully charged battery can provide power to four posts for about 50 hours!

We also offer repair services for your RoFlexs Posts!
More Information at RoFlexsFencing.com

ROFLEXS BASIC SET

This set comes with all Basic Posts. Each post has double tape. They give a top tape height of 44 inches and a tape length of 26 feet, giving you a paddock that's 26'x26'. The extra post in the 5 post set allows you to make a "gate" that provides a shorter section of tape to walk through. The Basic Sets can become electric by using an external electric or solar fence charger.

4 Post Set

ONE K HELMET WITH MIPS

The One K™ CCS with MIPS® Helmet** offers the most advanced brain protection technology available. The Multi-Directional Impact Protection System (MIPS) is designed to add protection against rotational motion transmitted to the brain from angled impacts to the head. Rotational motion is a combination of rotational energy and rotational forces from angular acceleration that both increase the risk for brain injuries. The added protection from MIPS has been independently proven to reduce rotational motion by redirecting energies and forces that would otherwise be transmitted to the brain.

The One K CSS with MIPS Helmet features a matte Polycarbonate and Advanced ABS Composite outer shell; injection molded shell design; washable quick-dry, moisture wicking, anti-microbial liner; two front, one back, and two center stripe stainless steel mesh vents; comfort padded harness with synthetic suede lining, hook & loop adjustment, and Fastex buckle. One K™ Helmets boast the perfect synergy between advanced technology and aesthetically pleasing design. Certified to ASTM standards.

Sizes: XSmall (51-52cm), Small (53-54cm), Medium (55-56cm), Large (57-58cm), XLarge (59-60cm)

[ALL SIZING CHARTS FOR BOOTS & SHOES ARE LOCATED AT SLYPNERGEAR.COM](http://www.slypnergear.com)

EASYSHOE PERFORMANCE N/G EasyCare

A wide-webbed shoe with integrated frog support that can be nailed or glued. Two integrated nailing plates within the sole allow the shoe to accept up to 8 nails. 3 toe clips keep the shoe in place without extending break-over. Translucent material allows the white line to remain visible during application. The optional spacer system lets the user open the rear of the shoe to the desired width to ease the nailing application.

Size: 0-4

\$47.00 #SB-ESPNG

EASYSHOE PERFORMANCE EasyCare

A wide-webbed shoe with integrated frog support. The unique design maintains pressure on and around the frog without hampering heel expansion and contraction. The frog support opens with the growth in the heel area during the trimming cycle.

Size: 0-4

\$47.00 #SB-ESP-

EASYSHOE SPORT EasyCare

A wide-webbed shoe that offers maximum support across the sole. The internal metal spine allows the shoe to be adjusted to many hoof shapes and creates additional structural integrity.

Size: 0-3 (Half Sizes)

\$47.00 #SB-ESS

EASYBOOT FLIP FLOP

The Easyboot Flip Flop is a hybrid between the Easyboot Glue-On and the EasyShoe. It boasts a simple gluing procedure combined with an open back design allowing it to stay on the hoof for the duration of the trim cycle. The Flip Flop is an easy "set it and forget it" solution well-suited for both performance and therapeutic applications. Boots sold individually.

\$37.00 #FLIPFLOP

Sizes 1-2.5

EASYBOOT GLUE-ON

The lightest weight hoof boot. Low profile, low height, least bulk. Collects no debris, mud or sand. Designed for endurance riding or multiple day back-country trips. The most streamlined and lightweight hoof boot offered. Excellent for endurance, competitive and multi-day riding.

\$145.00 #EASYGLUE+
\$37.00 #EASYGLUE

Size 00-3 (with half sizes) 4 per box
Size 00-3 (with half sizes) each

EASYBOOT LOVE CHILD

EasyCare

The Easyboot LC is a hybrid of the Easyboot Glue-On shell and the EasyShoe Performance. Intended as glue-on hoof protection for the entire trim cycle, it's a great option for endurance riders and conditioning, and works well for therapy purposes. The keyhole design allows for independent heel movement both horizontally and vertically with each foot fall, and the flexible rubber insole supports natural heel growth and expansion over time.

\$42.00 #EASYLC

Size 0-2 (with half sizes)

EASYBOOT SNEAKER

The Easyboot Sneaker is the most pliable hoof boot in the Easyboot lineup, designed to give the hoof maximum flexibility. The Easyboot Sneaker sole provides a new tread design and is engineered from a blend of rubber and urethane. This material absorbs shock, wears well, and allows for maximum hoof mechanism. A great hoof boot for pleasure riders, turn out, and therapy uses.

Sizes: 00R-5R

\$76.00 #SB-EBSF

EASYBOOT TRAIL ORIGINAL

If you are a pleasure rider or a backcountry rider, this is the boot for you. This is the easiest hoof boot in the world. It can be easily put on and removed by young or old hands. The infinitely variable attachment system assures booted success for a broad spectrum of hoof sizes and shapes throughout the trim cycle. It opens completely to easily slip on and off over most hoof shapes and sizes. The rear double Velcro attachment protects the entire hoof wall and keeps the boot firmly in place. Boots sold individually.

Size 7-8

EASYBOOT BACK COUNTRY

EasyCare

The Easyboot Back Country features a comfort cup gaiter made of a softer and thicker material. The front shield has been refined for a sleeker fit. The Easyboot Back Country is a medium to high mileage riding boot: 25 - 50 miles per week, and is also ideal to carry as a first-class replacement boot for a lost shoe. Sold individually.

\$112.00 #SB-BC

Size 00-4, 0W-3W (with half sizes)

EASYBOOT GLOVE

EasyCare

Like a glove, the Easyboot Glove Soft boot hugs the hoof and responds naturally to the horse's foot. It's sleek profile is designed with an elastic, reinforced gaiter, dual layers of neoprene and all-terrain tread. No bulky hardware means that grass, sticks and other debris won't get caught in the boot, even in sandy and muddy conditions. It's a great hoof boot for any type of riding. Sold individually.

HEART

EASYBOOT FURY

EasyCare

The EasyBoot Fury is the first hoof boot that is adjustable in both length and height, which provides a secure, comfortable fit for dimensional hoof changes that occur throughout the trim cycle. The durable shell has a unique insole design to accommodate a Heel Counter that provides up to 25mm of adjustable length and a Heel Sling that adjusts the heel height up to 16mm. The EasyBoot Fury is shock absorbing, and without fabric or stitching, it is easy to wash and quick dry. Boots sold individually.

EASYBOOT EPIC

The Easyboot Epic is the ideal boot for aggressive conditions or for a horse that is difficult to keep booted. The attached Easyboot Gaiter provides extra protection to the hoof and prevents excess dirt and debris from entering the boot. It also helps secure the boot in extreme conditions such as mud, snow and water crossings. We put them to the test! The Easyboot Epic has been used by endurance riders in every distance and have been used in many thousands of miles of competition. These riders have proven that barefoot booted horses can go any distance in every type of terrain, and that the Easyboot Epic can withstand the tests the toughest riders can give them. Boots sold individually.

EASYBOOT CLOUD EasyCare

The Easyboot Cloud is a therapeutic hoof boot system to give comfort and support to horses with thin soles, abscesses, founder, laminitis stages, stresses of shipping, recovery after workouts or stalling on hard surfaces. It provides instant and ongoing relief for horses suffering from chronic lameness and general lower limb or hoof problems by aiding movement and reducing recovery time after injury or surgery. Seams and edges of the industrial strength Cordura® upper are rounded for safety. A padded collar provides additional relief to the pastern area. Three air vents provide air circulation to keep the hoof cool while preventing the accumulation of dirt and debris. Each Easyboot Cloud comes with a removable closed-cell EVA standard pad.

Sizes 1- 4
\$100.00 #SB-EBC

EASYBOOT REMEDY EasyCare

The Easyboot Remedy is a strong, waterproof, and flexible short-style hoof boot perfect for soaking and ice therapy. Made with material that stretches 360° and natural rubber overlays, application and removal are a cinch, plus its 100% waterproof from top to bottom and water-repellent - no more soggy boots! The boot's rubber outsole adds durability and traction.

This fleece blanket from the HorZe Avalanche PRO collection is a simple yet stunning dress sheet with a clean look and solid construction. The cross surcingles and double front closures keep the sheet in place. The anti-pilling fabric dries quickly to keep your horse comfortable. This cooler has a well-fitting shape for all types of breeds, high-quality anti-pilling fleece, quick drying fabric, and durable silver-colored buckles.

Sizes: 69", 72", 75", 78"

BUCAS BUZZ-OFF ZEBRA FLY SHEET

This lightweight fly sheet is an innovative sheet based on exciting new research showing that biting insects are confused and thus repelled by alternating stripes! Your horse will be better protected from biting flies and have 80% UV protectant while showing off it's wild side in this fun and functional sheet! Each fly sheet has a full neck (not removable), elastic leg straps, and comes with a detachable belly band to protect the stomach area. You can also get a matching fly mask!
