

Milestone Academy

Dear Milestone Families,

We would like to begin by saying **thank you** for your patience during this time of transition. We know there have been many changes, and we truly appreciate your understanding and support. Our goal is to continue making Milestone the best school it can be for every child and family.

While change can sometimes feel overwhelming, we want you to know that we are here for you. If you have any questions, concerns, or suggestions, please don't hesitate to reach out to a member of our management team. We value your feedback and are always happy to help.

This month also marks **Back-to-School Season!** We are excited to welcome everyone back, with the **first day of school on August 10th.**

A few important reminders:

- **VPK Families:** If your child is enrolled in VPK, please make sure to turn in your child's VPK voucher if you have not already done so.
- **School-Age Families:** If your child attends one of the elementary schools we provide transportation to, and you have not yet confirmed that they will be riding with us this school year, please let us know as soon as possible so we can finalize our transportation plans.

We are looking forward to another wonderful year filled with learning, growth, and fun. Thank you for trusting us with your children, and here's to an amazing school year ahead!

Sincerely,
The Milestone Management Team
