WHAT IS A DIGITAL MONUMENT?

At Cremation Society of South Carolina, the Digital Monument is a weatherproof, high-definition digital memorial that blends timeless tribute with cutting-edge technology. Featuring a crisp LCD display in a classic Monument-style frame or sleek Futuristic design, it allows families to honor loved ones with dynamic photos, videos, and stories – placed at grave-sites or in homes for generations to cherish.

As South Carolina's exclusive licensed provider, we deliver peace of mind with decades of trusted, compassionate service.

UNDERSTANDING EVERLASTING ECHO

Everlasting Echo creates an interactive AI avatar of your loved one, allowing family members to have meaningful conversations that feel remarkably real. Using advanced artificial intelligence, the avatar responds based on memories, stories, personality traits, and life experiences you provide.

Two Options Available:

- ◆ **One-Time Upload (\$5,199):** Upload your loved one's knowledge base once. The avatar will engage in conversations based solely on this initial information – perfect for those who prefer a fixed memorial.
- ◆ **Cloud Storage with Updates (\$5,199 + \$99/month):** Includes secure cloud storage and the ability to continuously add new memories, stories, and information. The avatar evolves as your family shares more, keeping the connection growing over time.

Access your loved one's avatar anytime on smartphones, tablets, computers, or smart TVs. Available as a standalone service or integrated with Digital Monuments.

WHAT'S INCLUDED

- ◆ High-resolution HD touchscreen/LCD display (size per model).
- ◆ Weatherproof, durable construction for indoor/outdoor use.
- ◆ Energy-efficient, low-power operation.
- ◆ Lifetime support from Cremation Society of SC (installation available on request).

Shipping in 45–60 days; custom quotes for bulk orders.
