## CAR CLUB ACTIVITIES POSSIBLE IF ENOUGH PEOPLE ARE INTERESTED

### / **Club Run Out A -**

An already mentioned raid type run out via Gloucester ring road, Forest of Dean, to Symonds Yat. Home via Tinten, Wye Valley, Chepstow, and the old Seven Bridge. Non M4 route return via Malmsbury for those as wants it. Either lunch on the way, or meet for late afternoon tiffin, or both.

Full route at 130 miles. Might be too far for a Drive It Day

### / **Club Run Out B -**

Atwell-Wilson Museum, Calne, via the Downs. Ideally in conjunction with one of this venue's own events.

About 65 miles.

### / **Club Run Out C1 -**

A locally Vale/ Downs based Treasure Hunt. Options.

**Either** – traditional version, which means exiting the car to find some clues.

**Or** – The version where clues are visible from the car without exiting the car.

Can be evening based in mid summer, or a midday based event. So at least a stop for a bunfight, if not two.

Likely 40 miles.

### / **Club Run Out C2 -**

As above, but of an orienteer style. In which case it is not a route, but a navigational style hunt to find as many clues as possible within a set time.

Likely 40 miles

### / **Spring 'Din-din' Thing**

Out of season, edge of our area weekend lunch meeting. With, or without your Classic Car. But offering an out of season blast in suits. Even right now we have a suggestion of a good destination near Hungerford, I believe. Suggest late Jan, or in Feb?

Around 35 miles.

### / Still thinking – **Vale Mills Run Out.**

A run out to include the sites of the Milling locations of the Vale. Likely 50 miles.

### / Still thinking – **Watercress run out.**

A run out within the Vale. Likely 50 miles.
